

02 November 2021 at 7.00 pm

Council Chamber, Argyle Road, Sevenoaks

Published: 25.10.21

This meeting will be livestreamed to YouTube here:

https://www.youtube.com/channel/UCLT1f_F5OfvTzxjZk6Zqn6g . Members of the public who wish to attend in person are requested to wear face masks and observe social distancing procedures. For health and safety reasons access may be limited and will be on a first come first served basis.

Licensing Committee

Membership:

Chairman, Cllr. Clack; Vice-Chairman, Cllr. Abraham
Cllrs. Bonin, Dr. Canet, Carroll, Coleman, Edwards-Winser, Hunter, Layland,
Parkin, Pett, Raikes and Waterton

Agenda

There are no fire drills planned. If the fire alarm is activated, which is a continuous siren with a flashing red light, please leave the building immediately, following the fire exit signs.

EXEMPT INFORMATION

At the time of preparing this agenda there were no exempt items. During any such items which may arise the meeting is likely NOT to be open to the public.

If you wish to obtain further factual information on any of the agenda items listed above, please contact the named officer prior to the day of the meeting.

Should you need this agenda or any of the reports in a different format, or have any other queries concerning this agenda or the meeting please contact Democratic Services on 01732 227000 or democratic.services@sevenoaks.gov.uk.

LICENSING COMMITTEE

Minutes of the meeting held on 8 September 2021 commencing at 7.00 pm

Present: Cllr. Clack (Chairman)

Cllr. Abraham (Vice Chairman)

Cllrs. Bonin, Dr. Canet, Coleman, Edwards-Winsor, Hunter, Layland, Pett, Raikes and Waterton

Apologies for absence were received from Cllrs. Carroll and Parkin

Cllr. McArthur was present via a virtual media platform which does not constitute attendance as recognised by the Local Government Act 1972.

6. Minutes

Resolved: That the Minutes of the Licensing Committee held on 17 June 2021 be agreed and signed by the Chairman as a correct record.

7. Declarations of interest

No additional declarations of interest were made.

8. Actions from the previous meeting (if any)

There were none.

9. Gambling Act 2005 - Gambling Policy Statement

Members considered a report which sought direction from the Committee on options for reviewing the Council's Statement of Gambling Policy which would expire on 30 January 2022.

Resolved: That the draft Statement of Gambling Policy as set out in Appendix A be approved for public consultation.

10. Licensing Partnership Annual Update

The Head of the Licensing Partnership presented the annual update on the performance and activity of the Licensing Partnership.

Agenda Item 1

Licensing Committee - 8 September 2021

The Committee requested their vote of thanks to be recorded to the staff in the Licensing team within the Council to acknowledge their hard work as they had met the vast majority performance targets and received positive customer feedback.

Following a query, Members were advised that there had been more applications, variations and complaints received since Covid-19 restrictions had been lifted.

Resolved: That the performance of the Partnership be noted, and the Head of the Licensing Partnership continue to provide an annual update on the Licensing Partnership activity on the Licensing Committee each municipal year.

11. Work Plan

The work plan was noted with addition of an item on Licence Fees and Charges to be brought to either the November or January meetings of the Committee.

THE MEETING WAS CONCLUDED AT 7.17 PM

CHAIRMAN

GAMBLING ACT 2005 - STATEMENT OF PRINCIPLES OF GAMBLING POLICY

Licensing Committee - 2 November 2021

Report of: Deputy Chief Executive and Chief Officer Development Services

Status: For Decision

Also Considered by: Council 16 November 2021

Key Decision: No

Executive Summary: This report seeks a direction from the Committee on reviewing the Council's Statement of Gambling Policy which expires on 30 January 2022. Following a consultation held between 9 September 2021 and 20 October 2021, the Committee is asked to assess the feedback received and decide upon any proposed amendments as set out in Appendix B, before recommendation to Council.

This report supports the Key Aim of: Sustainable economy.

Portfolio Holder: Cllr. Margot McArthur

Contact Officer: Jessica Foley, Ext. 7480

Recommendation to: Licensing Committee

That, subject to the Committee's views on those further comments and recommendations in the appendices to the report, it be recommended to Council that the revised Statement of Gambling Policy as set out in Appendix F to be adopted as from 31 January 2022

Recommendation to Council: That the revised Statement of Gambling Policy be adopted as from 31 January 2022

Reason for recommendation: The review of Gambling Policy must take place this year in order to be in place in time for 31 January 2022 as legally required.

Introduction and Background

- 1 The Gambling Act 2005 requires the Council, in its role as a licensing authority, to determine its Statement of Gambling Policy in respect of the exercise of its licensing functions every three years.
- 2 The Council's current Policy is in force until 30 January 2022, therefore a new Policy must be in place by 31 January 2022. Once in place this Policy must be kept under review.

Agenda Item 4

- 3 In accordance with this requirement, the Committee is invited to consider options for review of the policy to ensure a new or refreshed Statement of Gambling Policy is in place for the three year period 31 January 2022 to 30 January 2025.
- 4 The current Policy is attached as Appendix A.
- 5 Since the adoption of the last policy (which came into effect on 30 January 2019) there has been no material change to the number or location of betting shops, there are still 6 in the district (two in Sevenoaks town, one in Edenbridge and three in Swanley).
- 6 The draft Policy was put out for consultation from 9 September 2021 to 20 October 2021. Feedback was received from: (Appendix B)
 - The Gambling Commission
 - Sevenoaks District Council, Councillors.

Options for review or change

- 7 It is suggested that two options are available:
 - (i) To amend the policy in line with recommendations and finalise the policy. It will then be referred to full council on 16 November 2021 for adoption to come into effect from 31 January 2022

Or

 - (ii) Having considered the feedback, the Committee may, however, wish to make further changes to policy (which may require further public consultation if substantial) and direct the Licensing Service to re-draft the policy in line with any such amendments .
- 7 It should be noted that if option two is followed it risks the policy not being in place by the statutory deadline if further public consultation is required.

Consultation on proposed Statement of Gambling Policy

- 8 The Council is obliged by the Gambling Act to consult with the following groups before adopting a gambling policy:-
 - The Chief Officer of Police
 - One or more persons who appear to the Council to represent the interests of persons carrying on gambling businesses in the District; and,
 - One or more persons who appear to the Council to represent persons who are likely to be affected by the exercise of the Council's functions under the Act.

- 9 The Council is required to develop its own consultation processes and consultation methods.

Timetable

- 10 The timetable in respect of the preparation and consultation for any proposed Policy is as follows and regardless of the Committee's chosen option, this will not change:
- 9 September to 20 October 2021 - Consultation period on a new draft Policy (This timescale allows for a 6 week consultation period).
 - 2 November 2021 - Licensing Committee is invited to consider feedback from the consultation exercise and refer the proposed Policy to next meeting of the Council.
 - 16 November 2021 - The Council is invited to adopt the new Policy.

Key Implications

Financial

There are no specific financial implications resulting from the matters considered in this report as the minimal cost of consultation and publication in respect of the proposed Council's Statement of Gambling Policy will be met from the running costs of the Licensing Team and Licensing Partnership.

Legal Implications and Risk Assessment Statement.

The Council is obliged by the Gambling Act 2005 to review its Gambling Policy every three years. The commencement date of 30 January for the initial three year period and subsequent three year periods was set by the Gambling Act 2005. The Council has no discretion to alter the period for which its Gambling Policy is in force, although it can carry out further reviews within the set three year period.

Before the Council determines its new Policy, it must consult with the statutory consultees.

Equality Assessment

There is no perceived impact on end users.

Conclusions

The Committee may agree to amend the policy in line with responses from the consultation and finalise the policy. It will then be referred to full council on 2 November 2021 for adoption to come into effect from 31 January 2022

or

Having considered the feedback and responses, the Committee may, however, wish to make further changes to policy and direct the Licensing Service to re-

Agenda Item 4

draft the policy in line with any such amendments.

Appendices

1. The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Gambling Act 2005. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Sevenoaks District Council as the Licensing authority for the Sevenoaks District will aim to permit the use of premises for gambling as set out in section 153 of the Gambling Act 2005.

Principles to be applied - Section 153

(1) In exercising its functions a licensing authority will only permit the use of premises for gambling:

- a) in accordance with any relevant code of practice under section 24;
- b) in accordance with any relevant guidance issued by the Commission under section 25;
- c) reasonably consistent with the licensing objectives (subject to paragraphs (a) and (b));
- d) in accordance with the statement published by the authority under section 349 (subject to paragraphs (a) to (c)).

(2) In determining whether to grant a Premises licence a licensing authority must not have regard to the expected demand for gambling premises that are the subject of the application.

(3) Any objection to an application for a Premises licence or request for a review of an existing licence should be based on the licensing objectives of the Gambling Act 2005. It should be noted that, unlike the Licensing Act 2003, the Gambling Act 2005 does not include as a specific licensing objective of prevention of public nuisance. There is however other relevant legislation which deals with public nuisance.

2. Introduction

Sevenoaks District Council is situated in the County of Kent. Kent contains 12 Borough and District Councils with 1 Unitary Authority.

The Sevenoaks District Council area covers 142 square miles and has an estimated population of 110,000. The area is mainly rural with 4 main towns comprising Sevenoaks, Swanley, Edenbridge and Westerham.

The Sevenoaks District Council Area

Licensing authorities are required by the Gambling Act 2005 to publish a Gambling Policy statement setting out the principles that they propose to apply when exercising their functions. This statement may be reviewed from time to time but must be republished at least every three years.

In determining its policy the Licensing authority must have regard to Gambling Commission guidance and give appropriate weight to the views of those who respond to its consultation.

The Authority will consult widely on the Gambling Policy statement before being finalised and published.

The Gambling Act requires that the following parties be consulted by Licensing Authorities:

- the chief officer of police for the authority’s area;
- one or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority’s area;
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority’s functions under the Gambling Act 2005.

The persons consulted when preparing this Policy statement was deliberately wide. A list of those persons consulted is attached at appendix 4.

The consultation for the policy took place between 20th August 2018 and 14th October 2018. The Authority has followed the Revised Code of Practice (April 2004) and the Cabinet Office Guidance on consultations by the public sector.

The full list of comments made and the consideration by the Authority of those will be available upon request to: The Licensing Team via email licensing@sevenoaks.gov.uk or by telephone 01732 227325.

The policy is published on Sevenoaks District Council’s website www.sevenoaks.gov.uk.

This policy statement will not override the right of any person to make an application, make representations about an application or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final licensing policy statement, this Licensing authority declares that it will have had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission and any responses from those consulted on the policy statement.

Appendices have been attached to this statement providing further information and guidance that is intended only to assist readers, and should not be interpreted as legal advice or as part of the Council’s policy. Readers are strongly advised to seek their own legal advice if they are unsure of the requirements of the Gambling Act 2005, the Guidance, or regulations issued under the Act.

4. Casinos

Proposal for a casino - This Licensing authority did submit a proposal to the Independent Casinos Advisory Panel within the Sevenoaks District Council area. However, it was not successful.

No Casinos resolution – This Licensing authority has not passed a ‘no casino’ resolution under Section 166 of the Gambling Act 2005, and is aware that it has the power to do so. Should this Licensing authority decide to pass such a resolution, it will update this policy statement with details of that resolution.

5. Functions

Function	Who deals with it
Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises licences	Licensing authority
Issue Provisional Statements	Licensing authority
Regulate members’ clubs and miners’ welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits	Licensing authority
Issue Club Machine Permits to Commercial Clubs	Licensing authority
Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres	Licensing authority
Receive notifications from alcohol licensed premises (under the Licensing Act 2003) of the use of two or fewer gaming machines	Licensing authority

Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines	Licensing authority
Register small society lotteries below prescribed thresholds	Licensing authority
Issue Prize Gaming Permits	Licensing authority
Receive and endorse Temporary Use Notices	Licensing authority
Receive Occasional Use Notices	Licensing authority
Provide information to the Gambling Commission regarding details of licences issued (see section 8 on 'information exchange')	Licensing authority
Maintain registers of the permits and licences that are issued under these functions	Licensing authority

Gambling Commission Functions

Function	Who deals with it
Issue and renewal of Operating Licences	Gambling Commission
Review Operating Licences	Gambling Commission
Issue Personal Licences	Gambling Commission
Issue Codes of Practice	Gambling Commission
Issue Guidance to Licensing Authorities	Gambling Commission
Licence remote gambling through Operating Licences	Gambling Commission
Issue licences in relation to the manufacture, supply, installation, adaptation, maintenance or repair of gaming machines	Gambling Commission
Deal with appeals against Commission decisions	Gambling Appeals Tribunal

The Licensing authority is not involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences.

Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

6. Operators

Gambling businesses are required to have an operator licence issued by the Gambling Commission before they can operate in Great Britain. Operator licences can be issued for

up to ten different types of gambling activity and a separate licence is needed for both remote and non-remote gambling of the same types.

An operator licence gives a general authorisation for a business to provide gambling facilities, but a business wishing to provide non-remote gambling facilities in a Licensing authority area is required to apply for a premises licence that is specific to the particular premises.

Operators are required to comply with conditions attached to both their operator and individual premises licences. They are also required to adhere to the mandatory provisions in the Gambling Commission's Social Responsibility Code of Practice and take account of the provisions in the Ordinary Code of Practice (although these are not mandatory).

The Licence Conditions and Codes of Practice (LCCP) were updated in April 2018, and have introduced significant new responsibilities for operators in relation to their local premises. With effect from April 2016, all non-remote licensees that run gambling premises will be required to assess the local risks to the licensing objectives arising from each of their premises and have policies, procedures and control measures to mitigate them. Licensees are required to take into account the Licensing authority's statement of principles in developing their risk assessments.

7. Risk Assessments

Gambling operators are required to undertake a risk assessment for all their existing premises from 6th April 2016. In undertaking their risk assessments, they must take into account relevant matters identified in the Licensing authority's Statement of Policy.

The Licensing authority expects applicants for Premises licences in its area to submit a risk assessment with their application when applying for a new or variation to a premises licence or when changes in the local environment or the premises warrant a risk assessment to be conducted again.

The risk assessment should demonstrate the applicant has considered, as a minimum:

- local crime statistics;
- any problems in the area relating to gambling establishments such as anti-social behaviour or criminal damage;
- the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- the type of gambling product or facility offered;
- the layout of the premises;
- the external presentation of the premises;
- the location of nearby transport links and whether these are likely to be used by children or vulnerable persons;

- the customer profile of the premises;
- staffing levels;
- staff training, knowledge and experience;
- whether there is any indication of problems with young persons attempting to access adult gambling facilities in that type of gambling premises in the area.

The licensing authority expects a copy of the risk assessment to be held at each premises so that it can be inspected by officials and staff alike.

8. Responsible Authorities

In exercising this licensing authority's powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm, the following principles have been applied:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area and
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the Gambling Commission's Guidance for local authorities this authority designates the following for this purpose:

Children's and Families - KCC Social Service

The contact details of all the Responsible Bodies under the Gambling Act 2005 are listed at Appendix 3.

9. Interested parties

The Licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

Section 158 of the Gambling Act 2005 says a person is an interested party if he/she;

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities;
- b) has business interests that might be affected by the authorised activities or;
- c) represents persons who satisfy paragraph (a) or (b).

An interested party can make representations about licence applications or apply for a review of an existing licence.

Each application will be decided upon its merits. This Authority will not apply rigid rules to its decision-making. However, it will consider the following (Gambling Commission's Guidance to local authorities (paragraphs 6.24 and 6.25))

The Gambling Commission has emphasised that 'demand' cannot be a factor in determining applications.

Gambling Commission's Guidance states that moral objections to gambling are not a valid reason to reject applications for premises licences, as such objections do not relate to the licensing objectives (Guidance to Licensing Authorities Para 5.27). All objections must be based on the licensing objectives.

The Gambling Commission has recommended that the licensing authority state within its Gambling Policy Statement that interested parties may include trade associations, trade unions, and residents and tenants' associations (paragraph 6.25). However, this Authority will not generally view these bodies as interested parties unless they have a member who can be classed as such under the terms of the Gambling Act 2005. (i.e. lives sufficiently close to the premises and is likely to be affected by the application.)

Interested parties can be persons who are democratically elected, such as Councillors and MP's. No evidence of being asked to represent an interested person will be required provided the Councillor/MP represents the relevant ward. Likewise, parish councils may be considered to be interested parties. Apart from these exceptions this Authority will require written evidence that a person/body/advocate/relative) represents someone likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter of authorisation from one of these persons, requesting the representative to speak on their behalf will be sufficient.

Councillors who are on the Licensing Committee dealing with the licence application will not be able to make representations. If there are any doubts then please contact Mrs Claire Perry Assistant Licensing Manager via email at licensing@sevenoaks.gov.uk or by telephone 01732 227325.

10. Exchange of Information

Licensing Authorities are required to include in their Gambling Policy Statement the principles to be applied by the Authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this Licensing authority will apply is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information and the provision that the Data Protection Act 1998 (DPA) or the General Data Protection Regulations (GDPR) will not be contravened. The Licensing authority will have regard to any Guidance issued by the Gambling Commission on this matter as well as any regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

We recognise the need to share information with other agencies about our inspections and compliance activities. The Council has various policies relating to General Data Protection Regulations (GDPR), which will be considered when deciding what information to share and the process for doing so. The Council is also a signatory to the Kent & Medway

Information Sharing Agreement, which allows the sharing of information between Agencies for the purpose of the preventions and detection of crime and for public protection.

Information can be accessed by data subjects via a number of routes including a Freedom of Information Request or a Subject Access Request.

11. Enforcement

This Licensing authority will act in accordance with the relevant legislation and guidance from the Gambling Commission and adopt the principles of better regulation set out in the Regulators Compliance Code.

The purpose of this Licensing authority's enforcement protocol is to facilitate co-operation and co-ordination between enforcement agencies in pursuance of both the Gambling Act 2005 and the Licensing Act 2003. A copy can be requested from Sharon Bamborough, Head of the Licensing Partnership via email at licensing@sevenoaks.gov.uk or by telephone 01732 227325.

In accordance with the Gambling Commission's Guidance for local authorities this Licensing authority will endeavour to avoid duplication with other regulatory regimes so far as is possible. .

This Licensing authority, as recommended by the Gambling Commission's Guidance, has adopted a risk-based inspection programme.

Licensing authorities are required by regulation under the Gambling Act 2005, to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

This Licensing authority's principles are that:

It will adopt the guidance for local authorities and it will endeavour to be:

- Proportionate:

regulators should only intervene when necessary;
remedies should be appropriate to the risk posed, and
costs identified and minimised.

- Accountable:

regulators must be able to justify decisions, and
be subject to public scrutiny.

- Consistent:

rules and standards must be joined up and implemented fairly;

- Transparent:

regulators should be open, and keep regulations simple and user friendly;
and

- Targeted:

regulation should be focused on the problem, and minimise side effects.

New premises, premises under new management, premises where complaints have been received or intelligence received relevant to the licensing objectives and premises or operators where compliance failings have been identified previously will attract a higher risk rating. Premises located in areas where there have been incidents of crime affecting or relating to gambling premises, or where the premises themselves have been the victims or involved in such crime, shall also attract a higher risk rating. The Council will conduct baselining assessments to assess initial risk ratings for gambling premises in its district.

The Licensing authority operates a partnership approach to dealing with enforcement matters concerning licensed premises. This may include working with the Police or any of the other responsible authorities under the Act, or working with colleagues from other Council departments or outside agencies.

The Licensing authority needs to be satisfied premises are being run in accordance with the provisions of the Act, the licensing objectives, the Licence Conditions and Codes of Practice issued by the Gambling Commission and any conditions attached to the Premises licence. To achieve this, the Licensing authority will inspect premises, look at gambling facilities, gaming machines and policies and procedures, meet with licence holders and carry out general monitoring of areas as necessary.

Inspection and enforcement under the Act will be based on the principles of risk assessment, a graduated response and the targeting of problem premises. The frequency of inspections will be determined on risk-based criteria with high risk operations receiving more attention than premises carrying lower risk.

Premises found to be fully compliant will attract a lower risk rating. Those where breaches are detected will attract a higher risk rating.

The Licensing authority will take appropriate enforcement action against those responsible for unlicensed premises/activity. Action will be carried out in accordance with the Enforcement Policy.

The main enforcement and compliance role for this Licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises.

The Gambling Commission will be the enforcement body for Operating and Personal Licences.

Concerns relating to manufacture, supply or repair of gaming machines, or concerns relating to on-line or remote gambling is part of the Commissions role.

12. Gambling Prevalence and Problem Gambling

Participation in gambling and rates of problem gambling published in April 2018 on the Gambling Commission website by NHS Digital showed that:

- 56% of people in England gambled in 2016
- 42% of people in England (excluding those who had only played National Lottery draws) gambled in 2016
- 0.7% of people in England identified as problem gamblers
- 1.2% of gamblers in England identified as problem gamblers
- 3.6% of people in England were at low or moderate risk of developing problems with their gambling
- 6.6% of gamblers in England are at low or moderate risk of developing problems with their gambling

Problem gambling can have a detrimental effect on personal finances as the attempt to chase losses becomes unmanageable. As well as spending wages, savings and spare cash, debts can also be a feature of problem gambling as a result of borrowings and loans to cover gambling losses. However, the effects of problem gambling can cost more than money.

Problem gamblers often say they feel isolated as a result of their solitary pursuits of chasing losses. There is a tendency to stay away from school, college or work in order to gamble. In addition, there is often a preoccupation with gambling, a lack of interest in maintaining relationships and a lack of motivation to engage in social activities.

There is often reluctance amongst gamblers to spend money on items of clothing or household goods as this expenditure is often seen as funds for gambling. There can also be an unwillingness to pay utility bills as money would rather be used for gambling purposes.

Problem gambling can be progressive in nature and problem gamblers can end up engaging in criminal activity to fund their gambling. This can lead to lifelong consequences with criminal convictions

<http://www.gamblingcommission.gov.uk/news-action-and-statistics/Statistics-and-research/Levels-of-participation-and-problem-gambling/Levels-of-problem-gambling-in-England.aspx>

Appendix 1

Factors to be taken into account when considering applications for premises licences, permits and other permissions including matters that will be considered when determining whether to review a licence.

1. Permits

(i) **Unlicensed Family Entertainment Centre (FEC) gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)**

Where a premises does not hold a premises licence but wishes to provide gaming machines it may apply to the licensing authority for this permit.

The applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

Sevenoaks District Council has considered and intends to require applicants to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed family entertainment centres;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and
- that staff are trained to have full understanding of the maximum stakes and prizes.

It should be noted that a licensing authority cannot attach conditions to this type of permit and that the “statement of principles” only applies to initial applications and not to renewals (paragraph 18(4)).

For initial applications, the licensing authority need not (but may) have regard to the licensing objectives but shall need to have regard to any Gambling Commission guidance.

The Gambling Commission’s Guidance for local authorities states: “In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits...., licensing authorities may want to give weight to child protection issues.

The Gambling Commission’s Guidance also states: “An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application.

Statement of Principles: This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits. However, they may include appropriate measures/training for staff as regards suspected truant school children on the premises, measures/training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

An uFEC Permit is only where the applicant wishes to make Cat D gaming machines available (i.e. machines that may be played by children). It is not for any other type of gaming machine

With regard to renewals of these permits, a licensing authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse or that renewal would not be reasonably consistent with pursuit of the licensing objectives.

(ii) (Alcohol) Licensed premises gaming machine permits – (Schedule 13 Para 4(1))

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act 2005 (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- the premises are mainly used for gaming; or
- an offence under the Gambling Act 2005 has been committed on the premises.

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “*such matters as they think relevant.*” This licensing authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

Measures which will satisfy this authority that there will be no access may include the adult machines being in sight of the bar or in the sight of staff that will monitor that the machines are not being used by those under 18 years old. Notices and signage may also help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

(iii) Prize Gaming Permits – (Statement of Principles on Permits - Schedule 14 Para 8 (3))

Given that the premises will particularly appeal to children and young persons, in considering what to take into account in the application process and what information to request from the applicant, Sevenoaks District Council will want to give weight to child protection issues and will ask the applicant to set out the types of gaming that he or she is intending to offer. The applicant will be expected to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. These will also apply to UFEC permits.

- What staff should do if they suspect that truant children are on the premises;
- How staff should deal with unsupervised young children on the premises;
- How staff should deal with children causing perceived problems on or around the premises;
- Safeguarding awareness training; and
- An enhanced criminal record check for staff or equivalent criminal records check for the applicant and also the person who has the day to day control of the premises;

The applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law.

In making its decision on an application for this permit the licensing authority need not (but may) have regard to the licensing objectives and shall have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 that the permit holder must comply with but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize) or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

(iv) Club Gaming and Club Machines Permits

Members Clubs and Miners' Welfare Institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Club Gaming Machine Permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D), equal chance gaming and games of chance as set-out in regulations. A Club Machine Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D).

The Gambling Commission's Guidance for local authorities states: "Members Clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, they must be permanent in nature, not established to make a commercial profit and must be controlled by their members equally unless the gaming is permitted by separate regulations. The Secretary of State has made such regulations and these cover bridge and whist clubs. A Members' Club must be permanent in nature and established and conducted for the benefit of its members and not a commercial enterprise. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations." (25.5)

The Licensing authority is aware that it may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Gambling Commission or the police.

The Licensing authority will need to satisfy itself that the club meets the requirements of the Gambling Act 2005 to hold a club gaming permit. In order to do this, it may require proof of additional information from the operator such as:

- Is the primary activity of the club something other than gaming?
- Are the club's profits retained solely for the benefit of the club's members?
- Are there 25 or more members?
- Are the addresses of members of the club genuine domestic addresses and do most members live reasonably locally to the club?
- Do members participate in the activities of the club via the internet?
- Do guest arrangements link each guest to a member?
- Is the 48 hour rule being applied for membership and being granted admission being adhered to?
- Are there annual club accounts available for more than one year?
- How is the club advertised and listed in directories and on the internet?
- Are children permitted in the club?
- Does the club have a constitution and can it provide evidence that the constitution was approved by members of the club?

- Is there a list of Committee members and evidence of their election by the club members?

When examining the club's constitution, the Licensing authority would expect to see evidence of the following:

- Who makes commercial decisions on behalf of the club?
- Are the aims of the club set out in the constitution?
- Are there shareholders or members? (Shareholders could indicate a business venture rather than a non-profit making club).
- Is the club permanently established? (Clubs cannot be temporary).
- Can people join with a temporary membership? What is the usual duration of membership?
- Are there long term club membership benefits?

Aside from bridge and whist clubs, clubs may not be established wholly or mainly for the purposes of gaming. The Licensing authority may consider such factors as:

- How many nights a week gaming is provided;
- How much revenue is derived from gambling activity versus other activity;
- How the gaming is advertised;
- What stakes and prizes are offered;
- Whether there is evidence of leagues with weekly, monthly or annual winners;
- Whether there is evidence of members who do not participate in gaming;
- Whether there are teaching sessions to promote gaming such as poker;
- Where there is a tie-in with other clubs offering gaming through tournaments and leagues;
- Whether there is sponsorship by gaming organisations;
- Whether participation fees are within limits

There is also a **'fast-track' procedure** available under the Act for premises that hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12, paragraph 10). As the Gambling Commission's Guidance for local authorities' states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced" and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B3A, B4 or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

Appendix 2**2. Premises licences****(i) Decision making - general:**

Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and Regulations, as well as specific mandatory and default conditions detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

This Licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

Any conditions attached to licences by the Licensing authority will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to the way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in a non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance and licence conditions and codes of practice .

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;

- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons less than 18 years of age.

These conditions will apply to premises including buildings where multiple premises licences are applicable. This does not apply to AGC or betting premises.

The licensing authority is aware that tracks may be subject to one or more than one premises licence provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

There are also conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated) and
- conditions in relation to stakes, fees, winning or prizes.

(ii) "Premises":

Premises is defined in the Act as "any place". It is for the licensing authority to decide whether different parts of a building can be properly regarded as being separate premises and as the Guidance for local authorities' states, it "will always be a question of fact in the circumstances". The Gambling Commission does not however consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

Sevenoaks District Council will have regard to the Gambling Commission's guidance on the division of premises and access between premises.

This licensing authority takes particular note of the Guidance for local authorities which states that in considering applications for multiple licences for a building (split premises) or those for a specific part of the building to be licensed, licensing authorities should be aware that:

- the third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling but also that they are not permitted to be in close proximity to gambling. Therefore premises

should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating; and

- entrances and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.

Licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

In determining applications, the licensing authority should not take into consideration matters that are not related to gambling and the licensing objectives. One example would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal. Licensing authorities should bear in mind that a premises licence, once it comes into effect, authorises premises to be used for gambling. Accordingly, a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use. Equally, licences should only be issued where they are expected to be used for the gambling activity named on the licence. This is why the Act allows a potential operator to apply for a provisional statement if construction of the premises is not yet complete, or they need alteration, or he does not yet have a right to occupy them. Part 11 of this guidance gives more information about provisional statements.

As the Court has held in a 2008 case¹⁹, operators can apply for a premises licence in respect of premises which have still to be constructed or altered, and licensing authorities are required to determine any such applications on their merits. Such cases should be considered in a two stage process; first, licensing authorities must decide whether, as a matter of substance after applying the principles in s.153 of the Act, the premises ought to be permitted to be used for gambling; second, in deciding whether or not to grant the application a licensing authority will need to consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

(iii) Location:

This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.

(iv) Planning:

Planning and licensing are different regulatory systems and will be dealt with separately. The Gambling Commission's Guidance states: "When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under relevant planning control, building and other regulations and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building."

(v) Duplication:

As stated in section nine on Enforcement, as per the Gambling Commission's Guidance for local authorities this licensing authority will seek to avoid duplication with other regulatory regimes so far as possible.

(vi) Door Supervisors:

The Gambling Commission's Guidance advises local authorities that licensing authorities may require persons operating premises in which gambling takes place to take measures such as the supervision of entrances; segregation of gambling from non-gambling areas frequented by children (assuming such non-gambling areas are compatible with requirements of the Act); and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives.

Any person employed to fulfil a condition on a premises licence that requires door supervision should hold a relevant licence issued by the Security Industry Authority (SIA).

It is to be noted that door supervisors at licensed casino or bingo premises are exempt from the requirements of the Private Security Industry Act 2001. Where an authority imposes door supervision requirements on such licences, the personnel will not need licensing under the 2001 Act.

This licensing authority therefore has specific requirements for door supervisors working at casinos or bingo premises, where there are multiple licensable activities and/or the Police Licensing Officer has concerns about the licensing objectives being undermined.

Where the premises is licensed under the Licensing Act 2003 door supervisors will be required to hold a relevant licence issued by the Security Industry Authority (SIA).

(vii) Split Premises

The Gambling Commission's Guidance states that a building can, in principle, be divided into more than one premises and be subject to more than one Premises licence provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. An example is given of units within a shopping mall, where each unit is separate self-contained premises contained within one building. It is also possible for licensed premises to be located next to each other.

The Gambling Commission state they do 'not consider that areas of a building that are artificially separated, for example by ropes or moveable partitions, can properly be regarded as separate premises'.

Whether different parts of a building can be reasonably regarded as different premises will depend on the circumstances of the individual building and how any division is proposed. To agree to accept applications to grant or vary a licence for a building which has been divided, the Licensing authority will need to be satisfied the premises are genuinely separate premises, and not an artificially created additional part of single premises.

In considering whether different areas of a building are genuinely separate premises the Licensing authority will take into account factors which will include:

- whether there are separate registrations for business rates in place for each premises;
- whether separate sets of staff work in the individual premises;
- whether there is a separate cash desk/reception for each of the premises;
- whether each premises has its own postal address;
- whether the premises are owned or operated by the same person;
- whether each of the premises can be accessed from a street or public passageway;
- whether the premises can only be accessed from any other gambling premises.

When considering proposals to divide a building into separate premises, the Licensing authority will also need to be satisfied that the form of separation between the premises is appropriate.

The separation between one premises and another must be clearly defined. Any barrier used to separate one premises from another must be permanent and constructed so the public cannot go from one premises to another.

It may be acceptable for staff working in adjacent premises to have access through barriers between premises. The applicant must demonstrate that in providing staff access there are suitable control measures in place that will ensure the safety and security of staff and will prevent the public from using the same access point to enter the other premises.

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations 2007 restrict access to different types of licensed gambling premises. In considering proposals to divide a building into different premises, the Licensing authority will have to be satisfied that proposals to divide buildings are compatible with the mandatory conditions relating to access between premises.

The Guidance at paragraph 7.22 states "There is no definition of 'direct access' in the Act or Regulations, but Licensing Authorities may consider that there should be an area

separating the premises concerned (for example a street or café), which the public go to for purposes other than gambling, for there to be shown to be no direct access.”

It is the Licensing authority’s opinion that any area which separates licensed premises, and from which those premises can be accessed, must be genuinely separate premises which are habitually and actually used by members of the public other than those using the licensed premises.

The Licensing authority does not consider that provisions which prohibit direct access between licensed premises are satisfied where licensed premises are separated by an area created artificially within a building principally for members of the public attending the licensed premises, irrespective of whether this area is unlicensed or provides non-gambling facilities, for example refreshments or cashpoint machines.

Where the Licensing authority is satisfied that a building can be divided into separate premises it will expect applicants to ensure that:

- the premises are configured so that children are not invited to participate in, have accidental access to, or closely observe gambling to which they are prohibited from taking part;
- the premises are not configured so children are likely to enter an adult only area to join a parent gambling in that adult only area,
- entrances and exits from parts of a building covered by one or more Premises licences are separate and identifiable so the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should be possible to access the premises without going through another licensed premises or premises with a permit;
- customers should be able to participate in the activity named on the Premises licence.

This is not an exhaustive list and the Licensing authority will consider other aspects based on the merits of the application.

(viii) Access to Premises

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations set out access provisions for each type of licensed gambling premises. The broad principle is there can be no direct access from one licensed gambling premises to another, except between premises which allow those aged under-18 to enter and with the further exception that licensed betting premises may be accessed via other licensed betting premises.

‘Direct access’ is not defined, but the Licensing authority will consider there should be an area such as a street or café to which the public attend for purposes other than gambling for there to be no direct access.

Type of Premises	Access Provisions
Casino	<ul style="list-style-type: none"> • The principal access to the premises must be from a 'street'; • No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons; • No customer must be able to access a casino directly from any other premises which holds a gambling premises licence.
Adult Gaming Centre	<ul style="list-style-type: none"> • No customer must be able to access the premises directly from any other licensed gambling premises.
Betting Shop	<ul style="list-style-type: none"> • Access must be from a 'street' or from other premises with a betting licence; • No direct access is permitted from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be any entrance to a betting shop from a shop of any kind unless that shop is in itself a licensed betting premises.
Track	<ul style="list-style-type: none"> • No customer must be able to access the premises directly from a casino or Adult Gaming Centre.
Bingo Premises	<ul style="list-style-type: none"> • No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.
Family Entertainment Centre	<ul style="list-style-type: none"> • No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

(x) Licensing objectives:

This licensing authority has considered the Gambling Commission's Guidance to local authorities in respect of the licensing objectives.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

Ensuring that gambling is conducted in a fair and open way:***Protecting children and other vulnerable persons from being harmed or exploited by gambling:*****(x) Reviews:**

Interested parties or responsible authorities can make requests for a review of a premises licence; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the following matters:

- it is in accordance with any relevant code of practice issued by the Gambling Commission;
- it is in accordance with any relevant guidance issued by the Gambling Commission;
- it is reasonably consistent with the licensing objectives; and
- it is in accordance with the authority's statement of licensing policy.

Consideration will be given as to whether the request is frivolous, vexatious, or will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

The licensing authority can also initiate a review of a licence on the basis of any reason that it thinks is appropriate.

(xi) Provisional Statements:

This licensing authority notes the Gambling Commission's Guidance for the Gambling Commission which states that:

- "It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence." and that
- "Requiring the building to be complete ensures that the authority can inspect it fully".

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by objectors at the provisional licence stage; or
- (b) which is in the authority's opinion reflect a change in the operator's circumstances.

(xii) Adult Gaming Centres (AGC):

This licensing authority particularly notes the Gambling Commission's Guidance which states: "No-one under the age of 18 years of age is permitted to enter an AGC. Licensing

authorities will wish to have particular regard to the location of an entry to AGCs to minimise the opportunities for children to gain access. This may be of particular importance in areas where young people may be unsupervised and an AGC is in a complex, such as a shopping centre or airport.”

Because gaming machines provides opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The licensing authority in considering premises licences for AGC’s will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds are not attracted to, or gain access to, the premises.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- Proof of age schemes
- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiii) (Licensed) Family Entertainment Centres (FECs):

Family Entertainment Centres are wholly or mainly used for having gaming machines available for use.

This licensing authority will, as per the Gambling Commission’s Guidance refer to the Commission’s website to see any conditions that apply to operator licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

Gaming machines are a form of gambling which is attractive to children and licensed FEC’s will contain both Category D machines on which they are allowed to play, and Category C machines on which they are not. Since gaming machines provide opportunities for solitary play and for immediate payouts, they are more likely to engender repetitive and excessive play. The licensing authority, in considering applications for FEC Premises licences, will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant

to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiv) Tracks:

This licensing authority is aware that the Gambling Commission may provide specific guidance as regards tracks. We shall have regard to this Guidance in the discharge of our functions.

(xv) Casinos:

This licensing authority will have regard to the Gambling Commission's guidance.

(xvi) Bingo:

This licensing authority will have regard to the Gambling Commission's guidance.

The licensing authority expects that where children are permitted in bingo premises, any Category B or C machines are located in an area which is separated from the rest of the premises by barriers or in a separate room, where it is made clear that entry is permitted only for those aged 18 or over. Appropriate signage should be provided to this effect and the area should be monitored by staff, either through direct supervision or by monitored CCTV.

To avoid a situation where a premises holds a bingo premises licence primarily to benefit from the gaming machine allowance, the licensing authority will need to be satisfied that bingo is regularly played in any premises for which a Premises licence is issued and that

the premises presentation is clearly that of a bingo premises and readily identifiable as such to any customer using the premises.

(xvii) Temporary Use Notices:

There are a number of statutory limits as regards Temporary Use Notices. It is noted that it falls to the licensing authority to decide what constitutes a 'set of premises' where Temporary Use Notices are received relating to the same building/site (see Gambling Commission's Guidance for Local Authorities).

(xviii) Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. The licensing authority will need to consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.

(xiv) Small Society Lotteries

The Council will adopt a risk-based approach towards our compliance responsibilities for small society lotteries. We consider the following list, although not exclusive, could affect the risk status of the operator:

- Submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- Submission of incomplete or incorrect returns
- Breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event as either an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- By, or on behalf of, a charity or for charitable purposes
- To enable participation in, or support of, sporting, athletic or cultural activities.

Charities and community groups should contact us via email licensing@sevenoaks.gov.uk to seek further clarification.

(xx) Travelling Fairs:

It will fall to this licensing authority to decide whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

(xix) Betting Premises

This policy applies to applications for off-course betting premises. This is betting that takes place other than at a track, typically in a betting shop.

Gaming machines may be made available for use in licensed betting premises only where there are also substantive facilities for non-remote betting, provided in reliance on this licence, available in the premises.

In determining applications for betting premises, the licensing authority shall consider the following:

- proof of age schemes
- CCTV
- entry control system
- staff numbers
- staff training
- counter layout
- supervision of entrances/ machine areas
- machine privacy screens
- notices/ signage
- opening hours
- provision of responsible gambling information

This list is not exhaustive, and is merely indicative of example measures the Licensing authority will expect applicants to offer to meet the licensing objectives.

Betting machines made available at betting premises that accept bets on live events such as horse racing (SSBT's or self-service betting terminals) are not gaming machines and therefore do not count towards the total number of gaming machines that may be permitted at betting premises. However, where a machine is made available to take bets on 'virtual' races (e.g. results/images generated by a computer to resemble a real race or event), that IS a gaming machine and counts towards the maximum permitted number of gaming machines, and is subject to the relevant statutory limits on stakes and prizes.

Section 181 of the Gambling Act 2005 permits the Licensing authority to restrict the number of SSBT's, their nature and the circumstances in which they may be made available by attaching a relevant condition to a premises licence for a betting office. When considering whether to do so, the licensing authority will consider, among other things, the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people.

The licensing authority when considering the number, nature and circumstances of self-service betting terminals an operator wants to offer will take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines.

Where an SSBT includes functionality to be marketed or presented in languages other than English, the Licensing authority will seek to ensure the operator has considered the ordinary code provision set by the Gambling Commission about making the following information also available in the relevant languages:

- information on how to gamble responsibly and access the help referred to in the Gambling Commission's Licence Conditions and Codes of Practice;
- the player's guide to any game, bet or lottery under the provisions of the Gambling Commission's Licence Conditions and Codes of Practice;
- the summary of the contractual terms on which gambling is offered, which is a condition of the licence holder's Operating Licence issued by the Gambling Commission.

Help with gambling related problems:

A list of organisations where people may seek help will be available on the licensing website.

Sevenoaks District Council website

District Councillors

Councillor's Members Room

Parish and Town Councils

Licensees/their agents of gambling premises

- Neighbouring Authorities
- Bodies designated under section 157 of the Act as 'Responsible Authorities'
- Town Centre Forums, Partnerships and Managers
- Person/ bodies representative of local residents
- Person/ bodies representative of gambling businesses
- Representatives of persons or business who hold premises licences
- Organisations working with people who are problem gamblers
- Representatives of health care organisations
- Representatives of voluntary and community organisations working with children and young people

This list is not definitive. Residents associations will be sent copies on request.

Appendix 5

Summary of machine provisions by premises

Premises type	Machine category							
	A	B1	B2	B3	B3A	B4	C	D
Large casino (machine/table ratio of 5-1 up to maximum)		Maximum of 150 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 150 (subject to machine/table ratio)						
Small casino (machine/table ratio of 2-1 up to maximum)		Maximum of 80 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 80 (subject to machine/table ratio)						
Pre-2005 Act casino (no machine/table ratio)		Maximum of 20 machines categories B to D (except B3A machines), or any number of C or D machines instead						
Betting premises and tracks occupied by pool betting		Maximum of 4 machines categories B2 to D						
Bingo premises				Maximum of 8 machines in category B3 or B4			No limit on category C or D machines	
Adult gaming centre				Maximum of 4 machines in category B3 or B4			No limit on category C or D machines	
Family entertainment centre (with premises licence)							No limit on category C or D machines	
Family entertainment centre (with permit)								No limit on category D machines
Clubs or miners' welfare institute (with permits)				Maximum of 3 machines in categories B3A or B4 to D*				
Qualifying alcohol-licensed premises							1 or 2 machines of category C or D automatic upon notification	
Qualifying alcohol-licensed premises (with gaming machine permit)							Number of category C D machines as specified on permit	
Travelling fair								No limit on category D machines
	A	B1	B2	B3	B3A	B4	C	D

It should be noted that members' clubs and miners' welfare institutes are entitled to site a total of three machines in categories B3A to D but only one B3A machine can be sited as part of this entitlement. Commercial clubs are entitled to a total of three machines in categories B4 to D.

Appendix 6

Summary of licensing authority delegations permitted under the Gambling Act 2005

Matter to be dealt with	Full Council	Sub-Committee of licensing committee	Officers
Final approval of three year licensing policy	X		
Policy not to permit casinos	X		
Fee Setting (where appropriate)			X
Application for Premises licences		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Application for a variation to a licence		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Application for a transfer for a licence		Where representations have been received from the Commission	Where no representations have been received from the Commission
Application for a provisional statement		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Review of a premises licence		X	
Application for club gaming/club machine permits		Where objections have been made (and not withdrawn)	Where no objections made/objections have been withdrawn
Cancellation of club gaming/club machine permits		X	
Applications for other permits			X
Cancellation of licensed premises gaming machine permits			X
Consideration of temporary use notice			X
Decision to give a counter notice to a temporary use notice		X	

Feedback from the Gambling Policy consultation.

Cllr Coleman's comment 1

On page 12 ref casinos: Why was the proposal for a casino unsuccessful? If we had one, would it bring in extra revenue to the Council? If so, could we try again?

Officers comment

We don't know why it was unsuccessful as we wouldn't get that feedback. The number of casinos is restricted and currently at the limit. Until such time that the number is increased by Government, we wouldn't be able to apply again.

Cllr Coleman's comment 2

On page 18 under risk ratings, please could you explain what a higher risk rating means in practice? Also, do we routinely inspect premises? If so, how often?

Officers comment

For enforcement and compliance visits for all our premises (Licensing Act and Gambling Act) we have a 'risk based inspection programme'. We answer a number of questions based on our visit and the multiple choice answers give a score. The overall score will generate a date when the next visit is due.

If a premises visited does not comply with anything at the visit, they will stay on the list to be visited again.

If a premises has new management or we have received complaints, this would also put them on the list to be visited.

The visits would normally be part of our premises checking but as you can appreciate last year, there was a drop in visits due to lockdown etc. We hope to get back on top of this very shortly and with some admin support joining the Sevenoaks Officers soon, this will help to free up our time for visits.

Cllr Coleman's comment 3

On page 19, Do we have any more recent figures on problem gambling as I am interested to see the impact of the lockdowns on gambling habits?

Officers comment

Information on this comes from the Gambling commission website. Further information would come from them and any documents they may publish.

Cllr Coleman's comment 4

On page 21 in the second last line of the third from bottom paragraph, I would like to suggest we change the words 'may wish to consider' to something stronger eg 'Should consider the provision of information leaflets'.

Officers comment

We will feed this back as part of the consultation process and propose this is changed.

Cllr Coleman's comment 5

On page 33, again I would prefer stronger wording at the bottom of the third paragraph. The change would be from ' may cover issues' to ' should cover issues'.

Officers comment

We will refer this to Legal to see if it will have any adverse impact on the Licensing decision makers.

Legal response

I would suggest that there would be good reason for keeping the wording as "may" in this list.

The Policy has been worded to make it clear that we "expect" applicants to offer measures to meet the licensing objectives. There is a clear and significant burden on the applicant to meet that obligation.

You will also appreciate that a number of these examples are drawn from the "Ordinary" Code of Practice. In itself, applicants must have regard to that.

Together those two aspects should be quite effective.

I would suggest that if we were to include such wording then we should add further explanation that Operators may adopt alternative approaches to those mentioned if they have taken account of our policy and that an alternative approach is reasonable in their particular circumstances or would be similarly effective. However, as it has been drafted as an indicative tool for applicants and some of the bullet points such as CCTV are rather short, this would pose a difficulty in conducting a detailed assessment.

Cllr Coleman's comment 6

On page 34, I am not sure what self-exclusion schemes mean but assume it relates to a person voluntarily asking to be excluded? Can we also include exclusion schemes on the part of the license holder if he/she is aware that someone has a gambling problem [in the same way that a publican can exclude a drunk / an alcoholic]?

Officers comment

We will refer this to Legal to see if this is something that can be imposed on licence holders. However self-exclusion is on the part of the problem gambler. Anything else would be the licence holder banning them from the shop.

Legal response

As background, I should note that in an alcohol licensing premises conditions are not usually imposed to prohibit licence holders from serving those who have inappropriate habits – rather there is just the criminal prohibition on serving those who are already intoxicated. All else is usually at the discretion of the landlord.

There is no specific provision for this in Guidance and it would not usually be appropriate to impose blanket additional conditions. I would agree with the comments of the Senior Licensing Officer.

However, the list of measures is not exhaustive and should not be considered such. The concern you have raised does clearly relate to the protection of other vulnerable persons

and appropriate measures may be considered to deal with that aspect, particularly if there are specific concerns relating to that premises.

Cllr Pender comment 1

It would be useful to get some guidance on the difference between "disorder" and "nuisance".

The fact that we can't object to a gambling establishment on grounds of nuisance (or that the demand would be excessively high changing the character of an area) is interesting, but we can (it seems) object on the grounds of the need to prevent "crime or disorder". Crime is well defined but what is meant by disorder, and how it differs from nuisance, is less clear.

Are we to take it that disorder might not cover things like likely noise or excessive traffic in an area, but it might cover things like a tendency for fights to break out, or an establishment becoming associated with prostitution (even if done in a way where strict criminality was hard to prove)?

Would it be possible to get some additional clarity on this legal distinction?

Officers comment

Passed to Legal for some guidance.

Legal response

This can be difficult as there is no strict definition on the limits of what "disorderly" means. However, some matters are more likely to fit into the definition than others. Some legal scholars have suggested that "disorderly" would mean that the behaviour offends against values generally recognised by society being of a character likely to cause annoyance to others who are present, though not reaching the level of a breach of the peace (which would be criminal).

For the definition of Public Nuisance in a licensing context, I could probably do no better than to refer Cllr Pender to the [Guidance issued under Section 182 of the Licensing Act 2003](#) (page 9):

At paragraph 2.16 the Guidance suggests that:

It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

I would say that it is quite possible for the two definitions to overlap a little and so I certainly appreciate Cllr Pender's concern in this matter.

Cllr Pender comment 2

May I ask what the current licensing regime is, with respect to gambling establishments?

Officers comment

Sevenoaks currently has 6 betting shops. Two in Sevenoaks town, one in Edenbridge and three in Swanley.

The Gambling Act also covers Gaming Notifications and permits that premises may have for gaming machines and Lottery licences that are usually held by schools or community premises that sell raffle tickets in advance of the prize draw date.

Licences, Permits and Gaming Notifications would be checked while Officers are carrying out Premises inspection visits. Additional visits would be made if there are new managers in place or should complaints or intelligence received.

Cllr Pender comment 2.1

I was more wondering what policy this draft document would be replacing?

The most obvious issue currently is the numerous references to CCTV as an implied positive.

CCTV should not be a requirement of our licensing conditions, ever. It has been removed as a requirement for an alcohol license, it is not a requirement for taxi drivers, and it is inconsistent and wrong to suggest a CCTV mandate should apply here.

In fact, it would be best if an explicit statement was made that CCTV will never be required as a licensing condition, and that an offer to put in CCTV will not assist in the passing of an application, as it is important that pragmatic business people who want their licence to go through do not end up feeling that offering CCTV is the path of least resistance.

So I would like this aspect to be looked at with some urgency.

Officers comment

It is a minor refresh proposed to replace the current Gambling Policy.

Thank you for your comments on CCTV. We will feed this back as part of the consultation process.

Cllr Fleming's comment

Thank you, I am happy.

Cllr Layland's comment

Jessica, I can confirm that I have read the Draft Statement of Licensing Policy for The Gambling Act 2005 and do not wish to make any further comments.

Cllr Edwards-Winser's comment

See Cllr Edwards-Winser, John Tracked changes document.

Jane Blade, Compliance Manager, Gambling Commission comments

Although we are not making formal comments, we have made some notes and suggested amendments on the draft policy to assist you. There is no need to record this as a consultation response – our response is solely to correct any errors and to make suggestions about other matters you may wish to include.

We have attached an outline document that was used three years ago to assist local authorities. There may be things in this document that would help you.

See Jane Blade Compliance Manager Tracked changes document.

See Jane Blade Compliance Manager, Statement of Principles Outline.

Appendix 5. Summary of Gaming Machines by premises – Page 33

Appendix 6. Summary of licensing authority delegations permitted under the Gambling Act 2005 – Page 34

1. The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Gambling Act 2005. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Sevenoaks District Council as the Licensing authority for the Sevenoaks District will aim to permit the use of premises for gambling as set out in section 153 of the Gambling Act 2005.

Principles to be applied - Section 153

- (1) In exercising its functions a licensing authority will only permit the use of premises for gambling:
- a) in accordance with any relevant code of practice under section 24;
 - b) in accordance with any relevant guidance issued by the Commission under section 25;
 - c) reasonably consistent with the licensing objectives (subject to paragraphs (a) and (b));
 - d) in accordance with the statement published by the authority under section 349 (subject to paragraphs (a) to (c)).
- (2) In determining whether to grant a Premises licence a licensing authority must not have regard to the expected demand for gambling premises that are the subject of the application.
- (3) Any objection to an application for a Premises licence or request for a review of an existing licence should be based on the licensing objectives of the Gambling Act 2005. It should be noted that, unlike the Licensing Act 2003, the Gambling Act 2005 does not include as a specific licensing objective of prevention of public nuisance. There is however other relevant legislation which deals with public nuisance.

2. Introduction

Sevenoaks District Council is situated in the County of Kent. Kent contains 12 Borough and District Councils with 1 Unitary Authority.

The Sevenoaks District Council area covers 142 square miles and has an estimated population of 110,000. The area is mainly rural with 4 main towns comprising Sevenoaks, Swanley, Edenbridge and Westerham. The Sevenoaks District Council Area

Commented [J1]: This might have risen to 120,000

Licensing authorities are required by the Gambling Act 2005 to publish a Gambling Policy statement setting out the principles that they propose to apply when exercising their functions. This statement may be reviewed from time to time but must be republished at least every three years.

In determining its policy the Licensing authority must have regard to Gambling Commission guidance and give appropriate weight to the views of those who respond to its consultation.

The Authority will consult widely on the Gambling Policy statement before being finalised and published.

The Gambling Act requires that the following parties be consulted by Licensing Authorities:

- the chief officer of police for the authority's area;
- one or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority's area;
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.

The persons consulted when preparing this Policy statement was deliberately wide. A list of those persons consulted is attached at appendix 4.

The consultation for the policy took place between 9th September 2021 and 20th October 2021. The Authority has followed the Revised Code of Practice (April 2004) and the Cabinet Office Guidance on consultations by the public sector.

The full list of comments made and the consideration by the Authority of those will be available upon request to: The Licensing Team via [email](#) or by telephone 01732 227004.

The policy is published on [Sevenoaks District Council's website](#).

This policy statement will not override the right of any person to make an application, make representations about an application or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final licensing policy statement, this Licensing authority declares that it will have had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission and any responses from those consulted on the policy statement.

Appendices have been attached to this statement providing further information and guidance that is intended only to assist readers, and should not be interpreted as legal advice or as part of the Council's policy. Readers are strongly advised to seek their own legal advice if they are unsure of the requirements of the Gambling Act 2005, the Guidance, or regulations issued under the Act.

4. Casinos

Proposal for a casino - This Licensing authority did submit a proposal to the Independent Casinos Advisory Panel within the Sevenoaks District Council area. However, it was not successful.

No Casinos resolution – This Licensing authority has not passed a 'no casino' resolution under Section 166 of the Gambling Act 2005, and is aware that it has the power to do so. Should this Licensing authority decide to pass such a resolution, it will update this policy statement with details of that resolution.

5. Functions

The following functions are dealt with by the Licensing Authority –

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises licences
- Issue Provisional Statements
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) of the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines

- Register small society lotteries below prescribed thresholds
- Issue Prize Gaming Permits
- Receive and endorse Temporary Use Notices
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section 8 on 'information exchange')
- Maintain registers of the permits and licences that are issued under these functions

The following functions are dealt with by the Gambling Commission –

- Issue and renewal of Operating Licences
- Review Operating Licences
- Issue Personal Licences
- Issue Codes of Practice
- Issue Guidance to Licensing Authorities
- Licence remote gambling through Operating Licences
- Issue licences in relation to the manufacture, supply, installation, adaptation, maintenance or repair of gaming machines

The following functions are dealt with by the Gambling Appeals Tribunal –

- Deal with appeals against Commission decision

The Licensing authority is not involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences.

Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

6. Operators

Gambling businesses are required to have an operator licence issued by the Gambling Commission before they can operate in Great Britain. Operator licences can be issued for up to ten different types of gambling activity and a separate licence is needed for both remote and non-remote gambling of the same types.

An operator licence gives a general authorisation for a business to provide gambling facilities, but a business wishing to provide non-remote gambling facilities in a Licensing authority area is required to apply for a premises licence that is specific to the particular premises.

Operators are required to comply with conditions attached to both their operator and individual premises licences. They are also required to adhere to the mandatory provisions in the Gambling Commission’s Social Responsibility Code of Practice and take account of the provisions in the Ordinary Code of Practice (although these are not mandatory). The Licence Conditions and Codes of Practice (LCCP) were updated in April 2018, and have introduced significant new responsibilities for operators in relation to their local premises. With effect from April 2016, all non-remote licensees that run gambling premises will be required to assess the local risks to the licensing objectives arising from each of their premises and have policies, procedures and control measures to mitigate them. Licensees are required to take into account the Licensing authority’s statement of principles in developing their risk assessments.

Commented [J2]: Split one word into two

7. Risk Assessments

Gambling operators **are** required to undertake a risk assessment for all their existing premises from 6th April 2016. In undertaking their risk assessments, they must take into account relevant matters identified in the Licensing authority's Statement of Policy. The Licensing authority expects applicants for Premises licences in its area to submit a risk assessment with their application when applying for a new or variation to a premises licence or when changes in the local environment or the premises warrant a risk assessment to be conducted again.

Commented [J3]: Have been

The risk assessment should demonstrate the applicant has considered, as a minimum:

- a. local crime statistics;
- b. **any** problems in the area relating to gambling establishments such as anti-social behaviour or criminal damage;
- c. the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- d. whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- e. the type of gambling product or facility offered;
- f. the layout of the premises;
- g. the external presentation of the premises;
- h. the location of nearby transport links and whether these are likely to be used by children or vulnerable persons;
- i. the customer profile of the premises;
- j. staffing levels;
- k. staff training, knowledge and experience;
- l. **whether** there is any indication of problems with young persons attempting to access adult gambling facilities in that type of gambling premises in the area.

Commented [J4]: b, c and d need the indent realigned

Commented [J5]: indent need realignment

The licensing authority expects a copy of the risk assessment to be held at each premises so that it can be inspected by officials and staff alike.

8. Responsible Authorities

In exercising this licensing authority's powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm, the following principles have been applied:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area and

- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the Gambling Commission's Guidance for local authorities this authority designates the following for this purpose:

Children's and Families - KCC Social Service

The contact details of all the Responsible Bodies under the Gambling Act 2005 are listed at Appendix 3.

9. Interested parties

The Licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

Section 158 of the Gambling Act 2005 says a person is an interested party if he/she;

- lives sufficiently close to the premises to be likely to be affected by the authorised activities;
- has business interests that might be affected by the authorised activities or;
- represents persons who satisfy paragraph (a) or (b).

An interested party can make representations about licence applications or apply for a review of an existing licence.

Each application will be decided upon its merits. This Authority will not apply rigid rules to its decision-making. However, it will consider the following (Gambling Commission's Guidance to local authorities (paragraphs 6.33 and 6.34))

The Gambling Commission has emphasised that 'demand' cannot be a factor in determining applications.

Gambling Commission's Guidance states that moral objections to gambling are not a valid reason to reject applications for premises licences, as such objections do not relate to the licensing objectives (Guidance to Licensing Authorities Para 5.34). All objections must be based on the licensing objectives.

The Gambling Commission has recommended that the licensing authority state within its Gambling Policy Statement that interested parties may include trade associations, trade unions, and residents and tenants' associations (paragraph 8.16). However, this Authority will not generally view these bodies as interested parties unless they have a member who can be classed as such under the terms of the Gambling Act 2005. (i.e. lives sufficiently close to the premises and is likely to be affected by the application.)

Interested parties can be persons who are democratically elected, such as Councillors and MP's. No evidence of being asked to represent an interested person will be required provided the Councillor/MP represents the relevant ward. Likewise, parish councils may be considered to be interested parties. Apart from these exceptions this Authority will require written evidence that a person/body/advocate/relative) represents someone likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter of authorisation from one of these persons, requesting the

representative to speak on their behalf will be sufficient.

Councillors who are on the Licensing Committee dealing with the licence application will not be able to make representations. If there are any doubts then please contact The Licensing Team via [email](#) or by telephone 01732 227004.

10. Exchange of Information

Licensing Authorities are required to include in their Gambling Policy Statement the principles to be applied by the Authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this Licensing authority will apply is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information and the provision that the Data Protection Act 1998 (DPA) or the General Data Protection Regulations (GDPR) will not be contravened. The Licensing authority will have regard to any Guidance issued by the Gambling Commission on this matter as well as any regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

We recognise the need to share information with other agencies about our inspections and compliance activities. The Council has various policies relating to General Data Protection Regulations (GDPR), which will be considered when deciding what information to share and the process for doing so. The Council is also a signatory to the Kent & Medway Information Sharing Agreement, which allows the sharing of information between Agencies for the purpose of the preventions and detection of crime and for public protection.

Information can be accessed by data subjects via a number of routes including a Freedom of Information Request or a Subject Access Request.

11. Enforcement

This Licensing authority will act in accordance with the relevant legislation and guidance from the Gambling Commission and adopt the principles of better regulation set out in the Regulators Compliance Code.

The purpose of this Licensing authority's enforcement protocol is to facilitate co-operation and co-ordination between enforcement agencies in pursuance of both the Gambling Act 2005 and the Licensing Act 2003. A copy can be requested from Sharon Bamborough, Head of the Licensing Partnership via [email](#) or by telephone 01732 227004.

In accordance with the Gambling Commission's Guidance for local authorities this Licensing authority will endeavour to avoid duplication with other regulatory regimes so far as is possible.

This Licensing authority, as recommended by the Gambling Commission's Guidance, has adopted a risk-based inspection programme.

Licensing authorities are required by regulation under the Gambling Act 2005, to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

Commented [J6]: Licensing Authority

Commented [J7]: Licensing Authority

This Licensing authority's principles are that:

It will adopt the guidance for local authorities and it will endeavour to be:

a. Proportionate:

regulators should only intervene when necessary;
remedies should be appropriate to the risk posed, and
costs identified and minimised.

b. Accountable:

regulators must be able to justify decisions, and
be subject to public scrutiny.

c. Consistent:

rules and standards must be joined up and
implemented fairly;

d. Transparent:

regulators should be open, and keep regulations simple and user friendly;
and

e. Targeted:

regulation should be focused on the problem, and minimise side effects.

New premises, premises under new management, premises where complaints have been received or intelligence received relevant to the licensing objectives and premises or operators where compliance failings have been identified previously will attract a higher risk rating. Premises located in areas where there have been incidents of crime affecting or relating to gambling premises, or where the premises themselves have been the victims or involved in such crime, shall also attract a higher risk rating. The Council will conduct baselining assessments to assess initial risk ratings for gambling premises in its district.

The Licensing authority operates a partnership approach to dealing with enforcement matters concerning licensed premises. This may include working with the Police or any of the other responsible authorities under the Act, or working with colleagues from other Council departments or outside agencies.

The Licensing authority needs to be satisfied premises are being run in accordance with the provisions of the Act, the licensing objectives, the Licence Conditions and Codes of Practice issued by the Gambling Commission and any conditions attached to the Premises licence. To achieve this, the Licensing authority will inspect premises, look at gambling facilities, gaming machines and policies and procedures, meet with licence holders and carry out general monitoring of areas as necessary.

Inspection and enforcement under the Act will be based on the principles of risk assessment, a graduated response and the targeting of problem premises. The frequency of inspections

will be determined on risk-based criteria with high risk operations receiving more attention than premises carrying lower risk.

Premises found to be fully compliant will attract a lower risk rating. Those where breaches are detected will attract a higher risk rating.

The Licensing authority will take appropriate enforcement action against those responsible for unlicensed premises/activity. Action will be carried out in accordance with the Enforcement Policy.

The main enforcement and compliance role for this Licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises.

The Gambling Commission will be the enforcement body for Operating and Personal Licences.

Concerns relating to manufacture, supply or repair of gaming machines, or concerns relating to on-line or remote gambling is part of the Commissions role.

11. Gambling Prevalence and Problem Gambling

Participation in gambling and rates of problem gambling published in April 2018 on the Gambling Commission website by NHS Digital showed that:

Commented [38]: Does this and paras f-k need updating?

- f. 56% of people in England gambled in 2016
- g. 42% of people in England (excluding those who had only played National Lottery draws) gambled in 2016
- h. 0.7% of people in England identified as problem gamblers
- i. 1.2% of gamblers in England identified as problem gamblers
- j. 3.6% of people in England were at low or moderate risk of developing problems with their gambling
- k. 6.6% of gamblers in England are at low or moderate risk of developing problems with their gambling

Problem gambling can have a detrimental effect on personal finances as the attempt to chase losses becomes unmanageable. As well as spending wages, savings and spare cash, debts can also be a feature of problem gambling as a result of borrowings and loans to cover gambling losses. However, the effects of problem gambling can cost more than money.

Commented [39]: involve

Problem gamblers often say they feel isolated as a result of their solitary pursuits of chasing losses. There is a tendency to stay away from school, college or work in order to gamble. In addition, there is often a preoccupation with gambling, a lack of interest in maintaining relationships and a lack of motivation to engage in social activities.

There is often reluctance amongst gamblers to spend money on items of clothing or household goods as this expenditure is often seen as funds for gambling. There can also be an unwillingness to pay utility bills as money would rather be used for gambling purposes.

Problem gambling can be progressive in nature and problem gamblers can end up engaging

in criminal activity to fund their gambling. This can lead to lifelong consequences with criminal convictions.

<http://www.gamblingcommission.gov.uk/news-action-and-statistics/Statistics-and-research/Levels-of-participation-and-problem-gambling/Levels-of-problem-gambling-in-England.aspx>

There are around 280,000 problem gamblers in England alone, according to a 2018 study by NHS Digital, although a YouGov survey earlier this year found there could be 1.4 million across the UK. (29 Oct 2020)

When respondents who had only taken part in National Lottery draws were excluded, the overall participation rate was down from 32% in 2019 to 28% in 2020. In other activities, there were decreases in participation in in-person football pools, bingo, betting on horse races, betting on other events and casino games. (25 Feb 2021)

Appendix 1

Factors to be taken into account when considering applications for premises licences, permits and other permissions including matters that will be considered when determining whether to review a licence.

1. Permits

⓪ Unlicensed Family Entertainment Centre (FEC) gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)

Where a premises does not hold a premises licence but wishes to provide gaming machines it may apply to the licensing authority for this permit.

The applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

Sevenoaks District Council has considered and intends to require applicants to demonstrate:

Commented [J10]: The Licencing Authority

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed family entertainment centres;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and
- that staff are trained to have full understanding of the maximum stakes and prizes.

It should be noted that a licensing authority cannot attach conditions to this type of permit and that the “statement of principles” only applies to initial applications and not to renewals (paragraph 18(4)).

For initial applications, the licensing authority need not (but may) have regard to the licensing objectives but shall need to have regard to any Gambling Commission guidance.

The Gambling Commission’s Guidance for local authorities states: “In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits....., licensing authorities may want to give weight to child protection issues.

The Gambling Commission’s Guidance also states: “An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application.

Statement of Principles: This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits. However, they may include appropriate measures/training for staff as regards suspected truant school children on the premises, measures/training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

An uFEC Permit is only where the applicant wishes to make Cat D gaming machines available (i.e. machines that may be played by children). It is not for any other type of gaming machine

With regard to renewals of these permits, a licensing authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse or that renewal would not be reasonably consistent with pursuit of the licensing objectives.

(i) (Alcohol) Licensed premises gaming machine permits – (Schedule 13 Para 4(1))

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act 2005 (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- the premises are mainly used for gaming; or
- an offence under the Gambling Act 2005 has been committed on the premises.

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “*such matters as they think relevant.*” This licensing authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

Measures which will satisfy this authority that there will be no access may include the adult machines being in sight of the bar or in the sight of staff that will monitor that the machines are not being used by those under 18 years old. Notices and signage may also help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

Prize Gaming Permits – (Statement of Principles on Permits - Schedule 14 Para 8 (3))

Given that the premises will particularly appeal to children and young persons, in considering what to take into account in the application process and what information to request from the applicant, Sevenoaks District Council will want to give weight to child protection issues and will ask the applicant to set out the types of gaming that he or she is intending to offer. The applicant will be expected to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. These will also apply to UFEC permits.

- What staff should do if they suspect that truant children are on the premises;
- How staff should deal with unsupervised young children on the premises;
- How staff should deal with children causing perceived problems on or around the premises;
- Safeguarding awareness training; and
- An enhanced criminal record check for staff or equivalent criminal records check for the applicant and also the person who has the day to day control of the premises;

The applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law.

In making its decision on an application for this permit the licensing authority need not (but may) have regard to the licensing objectives and shall have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 that the permit holder must comply with but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize) or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

Commented [J11]: Should this read – The Licencing Authority

(M) Club Gaming and Club Machines Permits

Members Clubs and Miners' Welfare Institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Club Gaming Machine Permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D), equal chance gaming and games of chance as set-out in regulations. A Club Machine Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D).

The Gambling Commission's Guidance for local authorities states: "Members Clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, they must be permanent in nature, not established to make a commercial profit and must be controlled by their members equally unless the gaming is permitted by separate regulations. The Secretary of State has made such regulations and these cover bridge and whist clubs. A Members' Club must be permanent in nature and established and conducted for the benefit of its members and not a commercial enterprise. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations." (25.5)

The Licensing authority is aware that it may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Gambling Commission or the police.

The Licensing authority will need to satisfy itself that the club meets the requirements of the Gambling Act 2005 to hold a club gaming permit. In order to do this, it may require proof of additional information from the operator such as:

- Is the primary activity of the club something other than gaming?
- Are the club's profits retained solely for the benefit of the club's members?
- Are there 25 or more members?
- Are the addresses of members of the club genuine domestic addresses and do most members live reasonably locally to the club?
- Do members participate in the activities of the club via the internet?
- Do guest arrangements link each guest to a member?
- Is the 48 hour rule being applied for membership and being granted admission being adhered to?
- Are there annual club accounts available for more than one year?
- How is the club advertised and listed in directories and on the internet?
- Are children permitted in the club?
- Does the club have a constitution and can it provide evidence that the constitution was approved by members of the club?

- Is there a list of Committee members and evidence of their election by the club members?

When examining the club's constitution, the Licensing authority would expect to see evidence of the following:

- Who makes commercial decisions on behalf of the club?
- Are the aims of the club set out in the constitution?
- Are there shareholders or members? (Shareholders could indicate a business venture rather than a non-profit making club).
- Is the club permanently established? (Clubs cannot be temporary).
- Can people join with a temporary membership? What is the usual duration of membership?
- Are there long term club membership benefits?

Aside from bridge and whist clubs, clubs may not be established wholly or mainly for the purposes of gaming. The Licensing authority may consider such factors as:

- How many nights a week gaming is provided;
- How much revenue is derived from gambling activity versus other activity;
- How the gaming is advertised;
- What stakes and prizes are offered;
- Whether there is evidence of leagues with weekly, monthly or annual winners;
- Whether there is evidence of members who do not participate in gaming;
- Whether there are teaching sessions to promote gaming such as poker;
- Where there is a tie-in with other clubs offering gaming through tournaments and leagues;
- Whether there is sponsorship by gaming organisations;
- Whether participation fees are within limits

There is also a **'fast-track' procedure** available under the Act for premises that hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12, paragraph 10). As the Gambling Commission's Guidance for local authorities' states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced" and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B3A, B4 or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

Appendix 2

2. Premises licences

(i) Decision making - general:

Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and Regulations, as well as specific mandatory and default conditions detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

This Licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

Any conditions attached to licences by the Licensing authority will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to the way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in a non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance and licence conditions and codes of practice .

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;

- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons less than 18 years of age.

These conditions will apply to premises including buildings where multiple premises licences are applicable. This does not apply to AGC or betting premises.

The licensing authority is aware that tracks may be subject to one or more than one premises licence provided each licence relates to a specified area of the track. As per the Gambling Commission’s Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

There are also conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated) and
- conditions in relation to stakes, fees, winning or prizes.

(ii) “Premises”:

Premises is defined in the Act as “any place”. It is for the licensing authority to decide whether different parts of a building can be properly regarded as being separate premises and as the Guidance for local authorities’ states, it “will always be a question of fact in the circumstances”. The Gambling Commission does not however consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

Sevenoaks District Council will have regard to the Gambling Commission’s guidance on the division of premises and access between premises.

Commented [J12]: The Licencing Authority

This licensing authority takes particular note of the Guidance for local authorities which states that in considering applications for multiple licences for a building (split premises) or those for a specific part of the building to be licensed, licensing authorities should be aware that:

- the third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling but also that they are not permitted to be in close proximity to gambling. Therefore premises

should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating; and

- entrances and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.

Licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

In determining applications, the licensing authority should not take into consideration matters that are not related to gambling and the licensing objectives. One example would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal. Licensing authorities should bear in mind that a premises licence, once it comes into effect, authorises premises to be used for gambling. Accordingly, a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use. Equally, licences should only be issued where they are expected to be used for the gambling activity named on the licence. This is why the Act allows a potential operator to apply for a provisional statement if construction of the premises is not yet complete, or they need alteration, or he does not yet have a right to occupy them. Part 11 of this guidance gives more information about provisional statements.

As the Court has held in a 2008 case¹⁹, operators can apply for a premises licence in respect of premises which have still to be constructed or altered, and licensing authorities are required to determine any such applications on their merits. Such cases should be considered in a two stage process; first, licensing authorities must decide whether, as a matter of substance after applying the principles in s.153 of the Act, the premises ought to be permitted to be used for gambling; second, in deciding whether or not to grant the application a licensing authority will need to consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

(iii) Location:

This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.

(iv) Planning:

Planning and licensing are different regulatory systems and will be dealt with separately. The Gambling Commission's Guidance states: "When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under relevant planning control, building and other regulations and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building."

(v) Duplication:

As stated in section nine on Enforcement, as per the Gambling Commission's Guidance for local authorities this licensing authority will seek to avoid duplication with other regulatory regimes so far as possible.

(vi) Door Supervisors:

The Gambling Commission's Guidance advises local authorities that licensing authorities may require persons operating premises in which gambling takes place to take measures such as the supervision of entrances; segregation of gambling from non-gambling areas frequented by children (assuming such non-gambling areas are compatible with requirements of the Act); and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives.

Any person employed to fulfil a condition on a premises licence that requires door supervision should hold a relevant licence issued by the Security Industry Authority (SIA).

It is to be noted that door supervisors at licensed casino or bingo premises are exempt from the requirements of the Private Security Industry Act 2001. Where an authority imposes door supervision requirements on such licences, the personnel will not need licensing under the 2001 Act.

This licensing authority therefore has specific requirements for door supervisors working at casinos or bingo premises, where there are multiple licensable activities and/or the Police Licensing Officer has concerns about the licensing objectives being undermined.

Where the premises is licensed under the Licensing Act 2003 door supervisors will be required to hold a relevant licence issued by the Security Industry Authority (SIA).

(vii) Split Premises

The Gambling Commission's Guidance states that a building can, in principle, be divided into more than one premises and be subject to more than one Premises licence provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. An example is given of units within a shopping mall, where each unit is separate self-contained premises contained within one building. It is also possible for licensed premises to be located next to each other.

The Gambling Commission state they do 'not consider that areas of a building that are artificially separated, for example by ropes or moveable partitions, can properly be regarded as separate premises'.

Whether different parts of a building can be reasonably regarded as different premises will depend on the circumstances of the individual building and how any division is proposed. To agree to accept applications to grant or vary a licence for a building which has been divided, the Licensing authority will need to be satisfied the premises are genuinely separate premises, and not an artificially created additional part of single premises.

In considering whether different areas of a building are genuinely separate premises the Licensing authority will take into account factors which will include:

- whether there are separate registrations for business rates in place for each premises;
- whether separate sets of staff work in the individual premises;
- whether there is a separate cash desk/reception for each of the premises;
- whether each premises has its own postal address;
- whether the premises are owned or operated by the same person;
- whether each of the premises can be accessed from a street or public passageway;
- whether the premises can only be accessed from any other gambling premises.

When considering proposals to divide a building into separate premises, the Licensing authority will also need to be satisfied that the form of separation between the premises is appropriate.

The separation between one premises and another must be clearly defined. Any barrier used to separate one premises from another must be permanent and constructed so the public cannot go from one premises to another.

It may be acceptable for staff working in adjacent premises to have access through barriers between premises. The applicant must demonstrate that in providing staff access there are suitable control measures in place that will ensure the safety and security of staff and will prevent the public from using the same access point to enter the other premises.

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations 2007 restrict access to different types of licensed gambling premises. In considering proposals to divide a building into different premises, the Licensing authority will have to be satisfied that proposals to divide buildings are compatible with the mandatory conditions relating to access between premises.

The Guidance at paragraph 7.22 states "There is no definition of 'direct access' in the Act or Regulations, but Licensing Authorities may consider that there should be an area

separating the premises concerned (for example a street or café), which the public go to for purposes other than gambling, for there to be shown to be no direct access.”

It is the Licensing authority’s opinion that any area which separates licensed premises, and from which those premises can be accessed, must be genuinely separate premises which are habitually and actually used by members of the public other than those using the licensed premises.

The Licensing authority does not consider that provisions which prohibit direct access between licensed premises are satisfied where licensed premises are separated by an area created artificially within a building principally for members of the public attending the licensed premises, irrespective of whether this area is unlicensed or provides non- gambling facilities, for example refreshments or cashpoint machines.

Where the Licensing authority is satisfied that a building can be divided into separate premises it will expect applicants to ensure that:

- the premises are configured so that children are not invited to participate in, have accidental access to, or closely observe gambling to which they are prohibited from taking part;
- the premises are not configured so children are likely to enter an adult only area to join a parent gambling in that adult only area,
- entrances and exits from parts of a building covered by one or more Premises licences are separate and identifiable so the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should be possible to access the premises without going through another licensed premises or premises with a permit;
- customers should be able to participate in the activity named on the Premises licence.

This is not an exhaustive list and the Licensing authority will consider other aspects based on the merits of the application.

(viii) Access to Premises

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations set out access provisions for each type of licensed gambling premises. The broad principle is there can be no direct access from one licensed gambling premises to another, except between premises which allow those aged under-18 to enter and with the further exception that licensed betting premises may be accessed via other licensed betting premises.

‘Direct access’ is not defined, but the Licensing authority will consider there should be an area such as a street or café to which the public attend for purposes other than gambling for there to be no direct access.

Types of Premises and their access provisions

Casino

- The principal access to the premises must be from a 'street';
- No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons;
- No customer must be able to access a casino directly from any other premises which holds a gambling premises licence.

Adult Gaming Centre

- No customer must be able to access the premises directly from any other licensed gambling premises;

Betting Shop

- Access must be from a 'street' or from other premises with a betting licence;
- No direct access is permitted from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be any entrance to a betting shop from a shop of any kind unless that shop is in itself a licensed betting premises.

Track

- No customer must be able to access the premises directly from a casino or Adult Gaming Centre

Bingo Premises

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

Family Entertainment Centre

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

(ix) Licensing objectives:

This licensing authority has considered the Gambling Commission's Guidance to local authorities in respect of the licensing objectives.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

Ensuring that gambling is conducted in a fair and open way:

Protecting children and other vulnerable persons from being harmed or exploited by gambling:

(x) Reviews:

Interested parties or responsible authorities can make requests for a review of a premises licence; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the following matters:

- it is in accordance with any relevant code of practice issued by the Gambling Commission;
- it is in accordance with any relevant guidance issued by the Gambling Commission;

- it is reasonably consistent with the licensing objectives; and
- it is in accordance with the authority’s statement of licensing policy.

Consideration will be given as to whether the request is frivolous, vexatious, or will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

The licensing authority can also initiate a review of a licence on the basis of any reason that it thinks is appropriate.

(xi) Provisional Statements:

This licensing authority notes the Gambling Commission’s Guidance for the Gambling Commission which states that:

- “It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence.” and that
- “Requiring the building to be complete ensures that the authority can inspect it fully”.

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant’s circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by objectors at the provisional licence stage; or
- (b) which is in the authority’s opinion reflect a change in the operator’s circumstances.

(xii) Adult Gaming Centres (AGC):

This licensing authority particularly notes the Gambling Commission’s Guidance which states: “No-one under the age of 18 years of age is permitted to enter an AGC. Licensing authorities will wish to have particular regard to the location of an entry to AGCs to minimise the opportunities for children to gain access. This may be of particular importance in areas where young people may be unsupervised and an AGC is in a complex, such as a shopping centre or airport.”

Because gaming machines provides opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The licensing authority in considering premises licences for AGC’s will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds are not attracted to, or gain access to, the premises.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- Proof of age schemes

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiii) (Licensed) Family Entertainment Centres (FECs):

Family Entertainment Centres are wholly or mainly used for having gaming machines available for use.

This licensing authority will, as per the Gambling Commission's Guidance refer to the Commission's website to see any conditions that apply to operator licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

Commented [J13]: Why the change of font?

Gaming machines are a form of gambling which is attractive to children and licensed FEC's will contain both Category D machines on which they are allowed to play, and Category C machines on which they are not. Since gaming machines provide opportunities for solitary play and for immediate pay outs, they are more likely to engender repetitive and excessive play. The licensing authority, in considering applications for FEC Premises licences, will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours

- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiv) Tracks:

This licensing authority is aware that the Gambling Commission may provide specific guidance as regards tracks. We shall have regard to this Guidance in the discharge of our functions.

(xv) Casinos:

This licensing authority will have regard to the Gambling Commission’s guidance.

(xvi) Bingo:

This licensing authority will have regard to the Gambling Commission’s guidance.

The licensing authority expects that where children are permitted in bingo premises, any Category B or C machines are located in an area which is separated from the rest of the premises by barriers or in a separate room, where it is made clear that entry is permitted only for those aged 18 or over. Appropriate signage should be provided to this effect and the area should be monitored by staff, either through direct supervision or by monitored CCTV.

To avoid a situation where a premises holds a bingo premises licence primarily to benefit from the gaming machine allowance, the licensing authority will need to be satisfied that bingo is regularly played in any premises for which a Premises licence is issued and that the premises presentation is clearly that of a bingo premises and readily identifiable as such to any customer using the premises.

(xvii) Temporary Use Notices:

There are a number of statutory limits as regards Temporary Use Notices. It is noted that it falls to the licensing authority to decide what constitutes a ‘set of premises’ where Temporary Use Notices are received relating to the same building/site (see Gambling Commission’s Guidance for Local Authorities).

(xviii) Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. The licensing authority will need to consider the definition of a ‘track’ and whether the applicant is permitted to avail him/herself of the notice.

(xix) Small Society Lotteries

The Council will adopt a risk-based approach towards our compliance responsibilities for small society lotteries. We consider the following list, although not exclusive, could affect the

risk status of the operator:

- Submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- Submission of incomplete or incorrect returns
- Breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event as either an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- By, or on behalf of, a charity or for charitable purposes
- To enable participation in, or support of, sporting, athletic or cultural activities.

Charities and community groups should contact us via email licensing@sevenoaks.gov.uk to seek further clarification.

(xx) Travelling Fairs:

It will fall to this licensing authority to decide whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

(xxi) Betting Premises

This policy applies to applications for off-course betting premises. This is betting that takes place other than at a track, typically in a betting shop.

Gaming machines may be made available for use in licensed betting premises only where there are also substantive facilities for non-remote betting, provided in reliance on this licence, available in the premises.

In determining applications for betting premises, the licensing authority shall consider the following:

- proof of age schemes
- CCTV
- entry control system
- staff numbers

- staff training
- counter layout
- supervision of entrances/ machine areas
- machine privacy screens
- notices/ signage
- opening hours
- provision of responsible gambling information

This list is not exhaustive, and is merely indicative of example measures the Licensing authority will expect applicants to offer to meet the licensing objectives.

Betting machines made available at betting premises that accept bets on live events such as horse racing (SSBT's or self-service betting terminals) are not gaming machines and therefore do not count towards the total number of gaming machines that may be permitted at betting premises. However, where a machine is made available to take bets on 'virtual' races (e.g. results/images generated by a computer to resemble a real race or event), that IS a gaming machine and counts towards the maximum permitted number of gaming machines, and is subject to the relevant statutory limits on stakes and prizes.

Section 181 of the Gambling Act 2005 permits the Licensing authority to restrict the number of SSBT's, their nature and the circumstances in which they may be made available by attaching a relevant condition to a premises licence for a betting office. When considering whether to do so, the licensing authority will consider, among other things, the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people.

The licensing authority when considering the number, nature and circumstances of self-service betting terminals an operator wants to offer will take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines.

Where an SSBT includes functionality to be marketed or presented in languages other than English, the Licensing authority will seek to ensure the operator has considered the ordinary code provision set by the Gambling Commission about making the following information also available in the relevant languages:

- information on how to gamble responsibly and access the help referred to in the Gambling Commission's Licence Conditions and Codes of Practice;
- the player's guide to any game, bet or lottery under the provisions of the Gambling Commission's Licence Conditions and Codes of Practice;
- the summary of the contractual terms on which gambling is offered, which is a condition of the licence holder's Operating Licence issued by the Gambling Commission.

Help with gambling related problems:

A list of organisations where people may seek help will be available on the licensing website.

Appendix 5

Summary of machine provisions by premises

Premises type	Machine category							
	A	B1	B2	B3	B3A	B4	C	D
Large casino (machine/table ratio of 5-1 up to maximum)		Maximum of 150 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 150 (subject to machine/table ratio)						
Small casino (machine/table ratio of 2-1 up to maximum)		Maximum of 80 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 80 (subject to machine/table ratio)						
Pre-2005 Act casino (no machine/table ratio)		Maximum of 20 machines categories B to D (except B3A machines), or any number of C or D machines instead						
Betting premises and tracks occupied by pool betting		Maximum of 4 machines categories B2 to D						
Bingo premises				Maximum of 8 machines in category B3 or B4			No limit on category C or D machines	
Adult gaming centre				Maximum of 4 machines in category B3 or B4			No limit on category C or D machines	
Family entertainment centre (with premises licence)							No limit on category C or D machines	
Family entertainment centre (with permit)								No limit on category D machines
Clubs or miners' welfare institute (with permits)				Maximum of 3 machines in categories B3A or B4 to D*				
Qualifying alcohol-licensed premises							1 or 2 machines of category C or D automatic upon notification	
Qualifying alcohol-licensed premises (with gaming machine permit)							Number of category C D machines as specified on permit	
Travelling fair								No limit on category D machines
	A	B1	B2	B3	B3A	B4	C	D

It should be noted that members' clubs and miners' welfare institutes are entitled to site a total of three machines in categories B3A to D but only one B3A machine can be sited as part of this entitlement. Commercial clubs are entitled to a total of three machines in categories B4 to D.

1. The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Gambling Act 2005. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Sevenoaks District Council as the Licensing authority for the Sevenoaks District will aim to permit the use of premises for gambling as set out in section 153 of the Gambling Act 2005.

Principles to be applied - Section 153

- (1) In exercising its functions a licensing authority will only permit the use of premises for gambling:
 - a) in accordance with any relevant code of practice under section 24;
 - b) in accordance with any relevant guidance issued by the Commission under section 25;
 - c) reasonably consistent with the licensing objectives (subject to paragraphs (a) and (b));
 - d) in accordance with the statement published by the authority under section 349 (subject to paragraphs (a) to (c)).
- (2) In determining whether to grant a Premises licence a licensing authority must not have regard to the expected demand for gambling premises that are the subject of the application.
- (3) Any objection to an application for a Premises licence or request for a review of an existing licence should be based on the licensing objectives of the Gambling Act 2005. It should be noted that, unlike the Licensing Act 2003, the Gambling Act 2005 does not include as a specific licensing objective of prevention of public nuisance. There is however other relevant legislation which deals with public nuisance.

2. Introduction

Sevenoaks District Council is situated in the County of Kent. Kent contains 12 Borough and District Councils with 1 Unitary Authority.

The Sevenoaks District Council area covers 142 square miles and has an estimated population of 110,000. The area is mainly rural with 4 main towns comprising Sevenoaks, Swanley, Edenbridge and Westerham. The Sevenoaks District Council Area

Licensing authorities are required by the Gambling Act 2005 to publish a Gambling Policy statement setting out the principles that they propose to apply when exercising their functions. This statement may be reviewed from time to time but must be republished at least every three years.

In determining its policy the Licensing authority must have regard to Gambling Commission guidance and give appropriate weight to the views of those who respond to its consultation.

The Authority will consult widely on the Gambling Policy statement before being finalised and published.

The Gambling Act requires that the following parties be consulted by Licensing Authorities:

- the chief officer of police for the authority's area;
- one or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority's area;
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.

The persons consulted when preparing this Policy statement was deliberately wide. A list of those persons consulted is attached at appendix 4.

The consultation for the policy took place between 9th September 2021 and 20th October 2021. The Authority has followed the Revised Code of Practice (April 2004) and the Cabinet Office Guidance on consultations by the public sector.

The full list of comments made and the consideration by the Authority of those will be available upon request to: The Licensing Team via [email](#) or by telephone 01732 227004.

The policy is published on [Sevenoaks District Council's website](#).

This policy statement will not override the right of any person to make an application, make representations about an application or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final licensing policy statement, this Licensing authority declares that it will have had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission and any responses from those consulted on the policy statement.

Appendices have been attached to this statement providing further information and guidance that is intended only to assist readers, and should not be interpreted as legal advice or as part of the Council's policy. Readers are strongly advised to seek their own legal advice if they are unsure of the requirements of the Gambling Act 2005, the Guidance, or regulations issued under the Act.

4. Casinos

Proposal for a casino - This Licensing authority did submit a proposal to the Independent Casinos Advisory Panel within the Sevenoaks District Council area. However, it was not successful.

No Casinos resolution – This Licensing authority has not passed a 'no casino' resolution under Section 166 of the Gambling Act 2005, and is aware that it has the power to do so. Should this Licensing authority decide to pass such a resolution, it will update this policy statement with details of that resolution.

5. Functions

The following functions are dealt with by the Licensing Authority –

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises licences
- Issue Provisional Statements
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) of the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines

- Register small society lotteries below prescribed thresholds
- Issue Prize Gaming Permits
- Receive and endorse Temporary Use Notices
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section 8 on 'information exchange')
- Maintain registers of the permits and licences that are issued under these functions

The following functions are dealt with by the Gambling Commission –

- Issue and renewal of Operating Licences
- Review Operating Licences
- Issue Personal Licences
- Issue Codes of Practice
- Issue Guidance to Licensing Authorities
- Licence remote gambling through Operating Licences
- Issue licences in relation to the manufacture, supply, installation, adaptation, maintenance or repair of gaming machines

The following functions are dealt with by the Gambling Appeals Tribunal –

- Deal with appeals against Commission decision

The Licensing authority is not involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences.

Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

6. Operators

Gambling businesses are required to ~~have obtain~~ an ~~operator-Operating~~ licence issued by the Gambling Commission before they can operate in Great Britain. ~~Operator licences can be issued for up to ten different types of gambling activity and a separate licence is needed for both remote and non-remote gambling of the same types.~~

An ~~operator-Operating~~ licence ~~gives a general authorisation for permits~~ a ~~business-gambling operator~~ to provide gambling facilities, but ~~a business wishing if the operator wishes~~ to provide non-remote gambling facilities ~~(betting, arcades, bingo or casinos) in a~~ Licensing at premises in a local authority area, they must be required to apply for obtain a premises licence that is specific to the for each particular premises at which those facilities will be provided.

Operators are required to comply with conditions attached to both their ~~operator-Operating~~ and ~~individual~~ premises licences. They are also required to adhere to the mandatory provisions in the Gambling Commission's Social Responsibility Code of Practice and take account of the provisions in the Ordinary Code of Practice (although these are not mandatory).

~~The Licence Conditions and Codes of Practice (LCCP) were updated in April 2018, and have introduced significant new responsibilities for operators in relation to their local premises. With effect from April 2016, all non-remote licensees that run gambling premises will be required to assess the local risks to the licensing objectives arising from each of their premises and have policies, procedures and control measures to mitigate them.~~

~~Licensees are required to take into account the Licensing authority's statement of principles in developing their risk assessments.~~

Commented [JB1]: The LCCP has been updated several times since 2018 and is updated regularly. Operators are aware of these requirements, and we would suggest this paragraph is removed.

7. Risk Assessments

Gambling operators are required to undertake a risk assessment for all their existing premises from 6th April 2016. In undertaking their risk assessments, they must take into account relevant matters identified in the Licensing authority's Statement of Policy. The Licensing authority expects applicants for Premises licences in its area to submit a risk assessment with their application when applying for a new or variation to a premises licence or when changes in the local environment or the premises warrant a risk assessment to be conducted again.

The risk assessment should demonstrate the applicant has considered, as a minimum:

- a. local crime statistics;
- b. any problems in the area relating to gambling establishments such as anti-social behaviour or criminal damage;
- c. the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- d. whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- e. the type of gambling product or facility offered;
- f. the layout of the premises;
- g. the external presentation of the premises;
- h. the location of nearby transport links and whether these are likely to be used by children or vulnerable persons;
- i. the customer profile of the premises;
- j. staffing levels;
- k. staff training, knowledge and experience;
- l. whether there is any indication of problems with young persons attempting to access adult gambling facilities in that type of gambling premises in the area.

The licensing authority expects a copy of the risk assessment to be held at each premises so that it can be inspected by officials and staff alike.

8. Responsible Authorities

In exercising this licensing authority's powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm, the following principles have been applied:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area and

- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the Gambling Commission's Guidance for local authorities this authority designates the following for this purpose:

Children's and Families - KCC Social Service

The contact details of all the Responsible Bodies under the Gambling Act 2005 are listed at Appendix 3.

9. Interested parties

The Licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

Section 158 of the Gambling Act 2005 says a person is an interested party if he/she;

- lives sufficiently close to the premises to be likely to be affected by the authorised activities;
- has business interests that might be affected by the authorised activities or;
- represents persons who satisfy paragraph (a) or (b).

An interested party can make representations about licence applications or apply for a review of an existing licence.

Each application will be decided upon its merits. This Authority will not apply rigid rules to its decision-making. However, it will consider the following (Gambling Commission's Guidance to local authorities (paragraphs 6.33 and 6.34))

The Gambling Commission has emphasised that 'demand' cannot be a factor in determining applications.

Gambling Commission's Guidance states that moral objections to gambling are not a valid reason to reject applications for premises licences, as such objections do not relate to the licensing objectives (Guidance to Licensing Authorities Para 5.34). All objections must be based on the licensing objectives.

The Gambling Commission has recommended that the licensing authority state within its Gambling Policy Statement that interested parties may include trade associations, trade unions, and residents and tenants' associations (paragraph 8.16). However, this Authority will not generally view these bodies as interested parties unless they have a member who can be classed as such under the terms of the Gambling Act 2005. (i.e. lives sufficiently close to the premises and is likely to be affected by the application.)

Interested parties can be persons who are democratically elected, such as Councillors and MP's. No evidence of being asked to represent an interested person will be required provided the Councillor/MP represents the relevant ward. Likewise, parish councils may be considered to be interested parties. Apart from these exceptions this Authority will require written evidence that a person/body/advocate/relative) represents someone likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter of authorisation from one of these persons, requesting the

representative to speak on their behalf will be sufficient.

Councillors who are on the Licensing Committee dealing with the licence application will not be able to make representations. If there are any doubts then please contact The Licensing Team via [email](#) or by telephone 01732 227004.

10. Exchange of Information

Licensing Authorities are required to include in their Gambling Policy Statement the principles to be applied by the Authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this Licensing authority will apply is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information and the provision that the Data Protection Act 1998 (DPA) or the General Data Protection Regulations (GDPR) will not be contravened. The Licensing authority will have regard to any Guidance issued by the Gambling Commission on this matter as well as any regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

We recognise the need to share information with other agencies about our inspections and compliance activities. The Council has various policies relating to General Data Protection Regulations (GDPR), which will be considered when deciding what information to share and the process for doing so. The Council is also a signatory to the Kent & Medway Information Sharing Agreement, which allows the sharing of information between Agencies for the purpose of the preventions and detection of crime and for public protection.

Information can be accessed by data subjects via a number of routes including a Freedom of Information Request or a Subject Access Request.

11. Enforcement

This Licensing authority will act in accordance with the relevant legislation and guidance from the Gambling Commission and adopt the principles of better regulation set out in the Regulators Compliance Code.

The purpose of this Licensing authority's enforcement protocol is to facilitate co-operation and co-ordination between enforcement agencies in pursuance of both the Gambling Act 2005 and the Licensing Act 2003. A copy can be requested from Sharon Bamborough, Head of the Licensing Partnership via [email](#) or by telephone 01732 227004.

In accordance with the Gambling Commission's Guidance for local authorities this Licensing authority will endeavour to avoid duplication with other regulatory regimes so far as is possible.

This Licensing authority, as recommended by the Gambling Commission's Guidance, has adopted a risk-based inspection programme.

Licensing authorities are required by regulation under the Gambling Act 2005, to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

This Licensing authority's principles are that:

It will adopt the guidance for local authorities and it will endeavour to be:

a. Proportionate:

regulators should only intervene when necessary;
remedies should be appropriate to the risk posed, and
costs identified and minimised.

b. Accountable:

regulators must be able to justify decisions, and
be subject to public scrutiny.

c. Consistent:

rules and standards must be joined up and
implemented fairly;

d. Transparent:

regulators should be open, and keep regulations simple and user friendly;
and

e. Targeted:

regulation should be focused on the problem, and minimise side effects.

New premises, premises under new management, premises where complaints have been received or intelligence received relevant to the licensing objectives and premises or operators where compliance failings have been identified previously will attract a higher risk rating. Premises located in areas where there have been incidents of crime affecting or relating to gambling premises, or where the premises themselves have been the victims or involved in such crime, shall also attract a higher risk rating. The Council will conduct baselining assessments to assess initial risk ratings for gambling premises in its district.

The Licensing authority operates a partnership approach to dealing with enforcement matters concerning licensed premises. This may include working with the Police or any of the other responsible authorities under the Act, or working with colleagues from other Council departments or outside agencies.

The Licensing authority needs to be satisfied premises are being run in accordance with the provisions of the Act, the licensing objectives, the Licence Conditions and Codes of Practice issued by the Gambling Commission and any conditions attached to the Premises licence. To achieve this, the Licensing authority will inspect premises, look at gambling facilities, gaming machines and policies and procedures, meet with licence holders and carry out general monitoring of areas as necessary.

Inspection and enforcement under the Act will be based on the principles of risk assessment, a graduated response and the targeting of problem premises. The frequency of inspections

will be determined on risk-based criteria with high risk operations receiving more attention than premises carrying lower risk.

Premises found to be fully compliant will attract a lower risk rating. Those where breaches are detected will attract a higher risk rating.

The Licensing authority will take appropriate enforcement action against those responsible for unlicensed premises/activity. Action will be carried out in accordance with the Enforcement Policy.

The main enforcement and compliance role for this Licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises.

The Gambling Commission will be the enforcement body for Operating and Personal Licences.

Concerns relating to manufacture, supply or repair of gaming machines, or concerns relating to on-line or remote gambling is part of the Commissions role.

11. Gambling Prevalence and Problem Gambling

Participation in gambling and rates of problem gambling published in April 2018 on the Gambling Commission website by NHS Digital showed that:

- f. 56% of people in England gambled in 2016
- g. 42% of people in England (excluding those who had only played National Lottery draws) gambled in 2016
- h. 0.7% of people in England identified as problem gamblers
- i. 1.2% of gamblers in England identified as problem gamblers
- j. 3.6% of people in England were at low or moderate risk of developing problems with their gambling
- k. 6.6% of gamblers in England are at low or moderate risk of developing problems with their gambling

Problem gambling can have a detrimental effect on personal finances as the attempt to chase losses becomes unmanageable. As well as spending wages, savings and spare cash, debts can also be a feature of problem gambling as a result of borrowings and loans to cover gambling losses. However, the effects of problem gambling can cost more than money.

Problem gamblers often say they feel isolated as a result of their solitary pursuits of chasing losses. There is a tendency to stay away from school, college or work in order to gamble. In addition, there is often a preoccupation with gambling, a lack of interest in maintaining relationships and a lack of motivation to engage in social activities.

There is often reluctance amongst gamblers to spend money on items of clothing or household goods as this expenditure is often seen as funds for gambling. There can also be an unwillingness to pay utility bills as money would rather be used for gambling purposes.

Problem gambling can be progressive in nature and problem gamblers can end up engaging

Commented [JB2]: This has been updated and again is updated regularly. The latest figures are at [Statistics on participation and problem gambling for the year to June 2021 - Gambling Commission](#) and you may wish to refer people to the Commission's website. If you want to view the latest figures, they are in the spreadsheet on this web page from Tab 5 onwards.

in criminal activity to fund their gambling. This can lead to lifelong consequences with criminal convictions.

Commented [JB3]: Inactive link

There are around 280,000 problem gamblers in England alone, according to a 2018 study by NHS Digital, although a YouGov survey earlier this year found there could be 1.4 million across the UK. (29 Oct 2020)

When respondents who had only taken part in National Lottery draws were excluded, the overall participation rate was down from 32% in 2019 to 28% in 2020. In other activities, there were decreases in participation in in-person football pools, bingo, betting on horse races, betting on other events and casino games. (25 Feb 2021)

Appendix 1

Factors to be taken into account when considering applications for premises licences, permits and other permissions including matters that will be considered when determining whether to review a licence.

1. Permits

⓪ Unlicensed Family Entertainment Centre (FEC) gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)

Where a premises does not hold a premises licence but wishes to provide gaming machines it may apply to the licensing authority for this permit.

The applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

Sevenoaks District Council has considered and intends to require applicants to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed family entertainment centres;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and
- that staff are trained to have full understanding of the maximum stakes and prizes.

It should be noted that a licensing authority cannot attach conditions to this type of permit and that the “statement of principles” only applies to initial applications and not to renewals (paragraph 18(4)).

For initial applications, the licensing authority need not (but may) have regard to the licensing objectives but shall need to have regard to any Gambling Commission guidance.

The Gambling Commission’s Guidance for local authorities states: “In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits...., licensing authorities may want to give weight to child protection issues.

The Gambling Commission’s Guidance also states: “An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application.

Statement of Principles: This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits. However, they may include appropriate measures/training for staff as regards suspected truant school children on the premises, measures/training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

Commented [JB4]: How? Will you ask for a DBS check? If so, perhaps mention this here.

Commented [JB5]: Why not?

An uFEC Permit is only where the applicant wishes to make Cat D gaming machines available (i.e. machines that may be played by children). It is not for any other type of gaming machine

With regard to renewals of these permits, a licensing authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse or that renewal would not be reasonably consistent with pursuit of the licensing objectives.

(i) (Alcohol) Licensed premises gaming machine permits – (Schedule 13 Para 4(1))

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act 2005 (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- the premises are mainly used for gaming; or
- an offence under the Gambling Act 2005 has been committed on the premises.

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “*such matters as they think relevant.*” This licensing authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

Measures which will satisfy this authority that there will be no access may include the adult machines being in sight of the bar or in the sight of staff that will monitor that the machines are not being used by those under 18 years old. Notices and signage may also help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

Commented [JB6]: What about the number of machines and whether there would be so many that the premises were, in your opinion, primarily being used for gambling, e.g. a small pub applies to have 15 gaming machines?

Prize Gaming Permits – (Statement of Principles on Permits - Schedule 14 Para 8 (3))

Given that the premises will particularly appeal to children and young persons, in considering what to take into account in the application process and what information to request from the applicant, Sevenoaks District Council will want to give weight to child protection issues and will ask the applicant to set out the types of gaming that he or she is intending to offer. The applicant will be expected to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. These will also apply to UFEC permits.

- What staff should do if they suspect that truant children are on the premises;
- How staff should deal with unsupervised young children on the premises;
- How staff should deal with children causing perceived problems on or around the premises;
- Safeguarding awareness training; and
- An enhanced criminal record check for staff or equivalent criminal records check for the applicant and also the person who has the day to day control of the premises;

The applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law.

In making its decision on an application for this permit the licensing authority need not (but may) have regard to the licensing objectives and shall have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 that the permit holder must comply with but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize) or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

Commented [JB7]: This should probably be put in the section on uFEC Permits as well, because applicants will likely not read this section if they are only applying for a UFEC Permit.

(M) Club Gaming and Club Machines Permits

Members Clubs and Miners' Welfare Institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Club Gaming Machine Permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D), equal chance gaming and games of chance as set-out in regulations. A Club Machine Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D).

The Gambling Commission's Guidance for local authorities states: "Members Clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, they must be permanent in nature, not established to make a commercial profit and must be controlled by their members equally unless the gaming is permitted by separate regulations. The Secretary of State has made such regulations and these cover bridge and whist clubs. A Members' Club must be permanent in nature and established and conducted for the benefit of its members and not a commercial enterprise. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations." (25.5)

The Licensing authority is aware that it may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Gambling Commission or the police.

The Licensing authority will need to satisfy itself that the club meets the requirements of the Gambling Act 2005 to hold a club gaming permit. In order to do this, it may require proof of additional information from the operator such as:

- Is the primary activity of the club something other than gaming?
- Are the club's profits retained solely for the benefit of the club's members?
- Are there 25 or more members?
- Are the addresses of members of the club genuine domestic addresses and do most members live reasonably locally to the club?
- Do members participate in the activities of the club via the internet?
- Do guest arrangements link each guest to a member?
- Is the 48 hour rule being applied for membership and being granted admission being adhered to?
- Are there annual club accounts available for more than one year?
- How is the club advertised and listed in directories and on the internet?
- Are children permitted in the club?
- Does the club have a constitution and can it provide evidence that the constitution was approved by members of the club?

- Is there a list of Committee members and evidence of their election by the club members?

When examining the club's constitution, the Licensing authority would expect to see evidence of the following:

- Who makes commercial decisions on behalf of the club?
- Are the aims of the club set out in the constitution?
- Are there shareholders or members? (Shareholders could indicate a business venture rather than a non-profit making club).
- Is the club permanently established? (Clubs cannot be temporary).
- Can people join with a temporary membership? What is the usual duration of membership?
- Are there long term club membership benefits?

Aside from bridge and whist clubs, clubs may not be established wholly or mainly for the purposes of gaming. The Licensing authority may consider such factors as:

- How many nights a week gaming is provided;
- How much revenue is derived from gambling activity versus other activity;
- How the gaming is advertised;
- What stakes and prizes are offered;
- Whether there is evidence of leagues with weekly, monthly or annual winners;
- Whether there is evidence of members who do not participate in gaming;
- Whether there are teaching sessions to promote gaming such as poker;
- Where there is a tie-in with other clubs offering gaming through tournaments and leagues;
- Whether there is sponsorship by gaming organisations;
- Whether participation fees are within limits

There is also a **'fast-track' procedure** available under the Act for premises that hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12, paragraph 10). As the Gambling Commission's Guidance for local authorities' states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced" and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B3A, B4 or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

Appendix 2**2. Premises licences****(i) Decision making - general:**

Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and Regulations, as well as specific mandatory and default conditions detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

This Licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

Any conditions attached to licences by the Licensing authority will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to the way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in a non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance and licence conditions and codes of practice .

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;

- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons less than 18 years of age.

These conditions will apply to premises including buildings where multiple premises licences are applicable. This does not apply to AGC or betting premises.

The licensing authority is aware that tracks may be subject to one or more than one premises licence provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

There are also conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated) and
- conditions in relation to stakes, fees, winning or prizes.

(ii) "Premises":

Premises is defined in the Act as "any place". It is for the licensing authority to decide whether different parts of a building can be properly regarded as being separate premises and as the Guidance for local authorities' states, it "will always be a question of fact in the circumstances". The Gambling Commission does not however consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

Sevenoaks District Council will have regard to the Gambling Commission's guidance on the division of premises and access between premises.

This licensing authority takes particular note of the Guidance for local authorities which states that in considering applications for multiple licences for a building (split premises) or those for a specific part of the building to be licensed, licensing authorities should be aware that:

- the third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling but also that they are not permitted to be in close proximity to gambling. Therefore premises

should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating; and

- entrances and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.

Licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

In determining applications, the licensing authority should not take into consideration matters that are not related to gambling and the licensing objectives. One example would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal. Licensing authorities should bear in mind that a premises licence, once it comes into effect, authorises premises to be used for gambling. Accordingly, a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use. Equally, licences should only be issued where they are expected to be used for the gambling activity named on the licence. This is why the Act allows a potential operator to apply for a provisional statement if construction of the premises is not yet complete, or they need alteration, or he does not yet have a right to occupy them. Part 11 of this guidance gives more information about provisional statements.

As the Court has held in a 2008 case¹⁹, operators can apply for a premises licence in respect of premises which have still to be constructed or altered, and licensing authorities are required to determine any such applications on their merits. Such cases should be considered in a two stage process; first, licensing authorities must decide whether, as a matter of substance after applying the principles in s.153 of the Act, the premises ought to be permitted to be used for gambling; second, in deciding whether or not to grant the application a licensing authority will need to consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

(iii) Location:

This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.

(iv) Planning:

Planning and licensing are different regulatory systems and will be dealt with separately. The Gambling Commission's Guidance states: "When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under relevant planning control, building and other regulations and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building."

(v) Duplication:

As stated in section nine on Enforcement, as per the Gambling Commission's Guidance for local authorities this licensing authority will seek to avoid duplication with other regulatory regimes so far as possible.

(vi) Door Supervisors:

The Gambling Commission's Guidance advises local authorities that licensing authorities may require persons operating premises in which gambling takes place to take measures such as the supervision of entrances; segregation of gambling from non-gambling areas frequented by children (assuming such non-gambling areas are compatible with requirements of the Act); and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives.

Any person employed to fulfil a condition on a premises licence that requires door supervision should hold a relevant licence issued by the Security Industry Authority (SIA).

It is to be noted that door supervisors at licensed casino or bingo premises are exempt from the requirements of the Private Security Industry Act 2001. Where an authority imposes door supervision requirements on such licences, the personnel will not need licensing under the 2001 Act.

This licensing authority therefore has specific requirements for door supervisors working at casinos or bingo premises, where there are multiple licensable activities and/or the Police Licensing Officer has concerns about the licensing objectives being undermined.

Where the premises is licensed under the Licensing Act 2003 door supervisors will be required to hold a relevant licence issued by the Security Industry Authority (SIA).

(vii) Split Premises

The Gambling Commission's Guidance states that a building can, in principle, be divided into more than one premises and be subject to more than one Premises licence provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. An example is given of units within a shopping mall, where each unit is separate self-contained premises contained within one building. It is also possible for licensed premises to be located next to each other.

The Gambling Commission state they do 'not consider that areas of a building that are artificially separated, for example by ropes or moveable partitions, can properly be regarded as separate premises'.

Whether different parts of a building can be reasonably regarded as different premises will depend on the circumstances of the individual building and how any division is proposed. To agree to accept applications to grant or vary a licence for a building which has been divided, the Licensing authority will need to be satisfied the premises are genuinely separate premises, and not an artificially created additional part of single premises.

In considering whether different areas of a building are genuinely separate premises the Licensing authority will take into account factors which will include:

- whether there are separate registrations for business rates in place for each premises;
- whether separate sets of staff work in the individual premises;
- whether there is a separate cash desk/reception for each of the premises;
- whether each premises has its own postal address;
- whether the premises are owned or operated by the same person;
- whether each of the premises can be accessed from a street or public passageway;
- whether the premises can only be accessed from any other gambling premises.

When considering proposals to divide a building into separate premises, the Licensing authority will also need to be satisfied that the form of separation between the premises is appropriate.

The separation between one premises and another must be clearly defined. Any barrier used to separate one premises from another must be permanent and constructed so the public cannot go from one premises to another.

It may be acceptable for staff working in adjacent premises to have access through barriers between premises. The applicant must demonstrate that in providing staff access there are suitable control measures in place that will ensure the safety and security of staff and will prevent the public from using the same access point to enter the other premises.

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations 2007 restrict access to different types of licensed gambling premises. In considering proposals to divide a building into different premises, the Licensing authority will have to be satisfied that proposals to divide buildings are compatible with the mandatory conditions relating to access between premises.

The Guidance at paragraph 7.22 states "There is no definition of 'direct access' in the Act or Regulations, but Licensing Authorities may consider that there should be an area

separating the premises concerned (for example a street or café), which the public go to for purposes other than gambling, for there to be shown to be no direct access.”

It is the Licensing authority’s opinion that any area which separates licensed premises, and from which those premises can be accessed, must be genuinely separate premises which are habitually and actually used by members of the public other than those using the licensed premises.

The Licensing authority does not consider that provisions which prohibit direct access between licensed premises are satisfied where licensed premises are separated by an area created artificially within a building principally for members of the public attending the licensed premises, irrespective of whether this area is unlicensed or provides non- gambling facilities, for example refreshments or cashpoint machines.

Where the Licensing authority is satisfied that a building can be divided into separate premises it will expect applicants to ensure that:

- the premises are configured so that children are not invited to participate in, have accidental access to, or closely observe gambling to which they are prohibited from taking part;
- the premises are not configured so children are likely to enter an adult only area to join a parent gambling in that adult only area,
- entrances and exits from parts of a building covered by one or more Premises licences are separate and identifiable so the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should be possible to access the premises without going through another licensed premises or premises with a permit;
- customers should be able to participate in the activity named on the Premises licence.

This is not an exhaustive list and the Licensing authority will consider other aspects based on the merits of the application.

(viii) Access to Premises

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations set out access provisions for each type of licensed gambling premises. The broad principle is there can be no direct access from one licensed gambling premises to another, except between premises which allow those aged under-18 to enter and with the further exception that licensed betting premises may be accessed via other licensed betting premises.

‘Direct access’ is not defined, but the Licensing authority will consider there should be an area such as a street or café to which the public attend for purposes other than gambling for there to be no direct access.

Types of Premises and their access provisions

Casino

- The principal access to the premises must be from a 'street';
- No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons;
- No customer must be able to access a casino directly from any other premises which holds a gambling premises licence.

Adult Gaming Centre

- No customer must be able to access the premises directly from any other licensed gambling premises;

Betting Shop

- Access must be from a 'street' or from other premises with a betting licence;
- No direct access is permitted from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be any entrance to a betting shop from a shop of any kind unless that shop is in itself a licensed betting premises.

Track

- No customer must be able to access the premises directly from a casino or Adult Gaming Centre

Bingo Premises

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

Family Entertainment Centre

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

(ix) Licensing objectives:

This licensing authority has considered the Gambling Commission's Guidance to local authorities in respect of the licensing objectives.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

Ensuring that gambling is conducted in a fair and open way:

Protecting children and other vulnerable persons from being harmed or exploited by gambling:

(x) Reviews:

Interested parties or responsible authorities can make requests for a review of a premises licence; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the following matters:

- it is in accordance with any relevant code of practice issued by the Gambling Commission;
- it is in accordance with any relevant guidance issued by the Gambling Commission;

- it is reasonably consistent with the licensing objectives; and
- it is in accordance with the authority’s statement of licensing policy.

Consideration will be given as to whether the request is frivolous, vexatious, or will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

The licensing authority can also initiate a review of a licence on the basis of any reason that it thinks is appropriate.

(xi) Provisional Statements:

This licensing authority notes the Gambling Commission’s Guidance for the Gambling Commission which states that:

- “It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence.” and that
- “Requiring the building to be complete ensures that the authority can inspect it fully”.

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant’s circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by objectors at the provisional licence stage; or
- (b) which is in the authority’s opinion reflect a change in the operator’s circumstances.

(xii) Adult Gaming Centres (AGC):

This licensing authority particularly notes the Gambling Commission’s Guidance which states: “No-one under the age of 18 years of age is permitted to enter an AGC. Licensing authorities will wish to have particular regard to the location of an entry to AGCs to minimise the opportunities for children to gain access. This may be of particular importance in areas where young people may be unsupervised and an AGC is in a complex, such as a shopping centre or airport.”

Because gaming machines provides opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The licensing authority in considering premises licences for AGC’s will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds are not attracted to, or gain access to, the premises.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- Proof of age schemes

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiii) (Licensed) Family Entertainment Centres (FECs):

Family Entertainment Centres are wholly or mainly used for having gaming machines available for use.

This licensing authority will, as per the Gambling Commission's Guidance refer to the Commission's website to see any conditions that apply to operator licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

Gaming machines are a form of gambling which is attractive to children and licensed FEC's will contain both Category D machines on which they are allowed to play, and Category C machines on which they are not. Since gaming machines provide opportunities for solitary play and for immediate pay outs, they are more likely to engender repetitive and excessive play. The licensing authority, in considering applications for FEC Premises licences, will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours

- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiv) Tracks:

This licensing authority is aware that the Gambling Commission may provide specific guidance as regards tracks. We shall have regard to this Guidance in the discharge of our functions.

(xv) Casinos:

This licensing authority will have regard to the Gambling Commission’s guidance.

(xvi) Bingo:

This licensing authority will have regard to the Gambling Commission’s guidance.

The licensing authority expects that where children are permitted in bingo premises, any Category B or C machines are located in an area which is separated from the rest of the premises by barriers or in a separate room, where it is made clear that entry is permitted only for those aged 18 or over. Appropriate signage should be provided to this effect and the area should be monitored by staff, either through direct supervision or by monitored CCTV.

To avoid a situation where a premises holds a bingo premises licence primarily to benefit from the gaming machine allowance, the licensing authority will need to be satisfied that bingo is regularly played in any premises for which a Premises licence is issued and that the premises presentation is clearly that of a bingo premises and readily identifiable as such to any customer using the premises.

(xvii) Temporary Use Notices:

There are a number of statutory limits as regards Temporary Use Notices. It is noted that it falls to the licensing authority to decide what constitutes a ‘set of premises’ where Temporary Use Notices are received relating to the same building/site (see Gambling Commission’s Guidance for Local Authorities).

(xviii) Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. The licensing authority will need to consider the definition of a ‘track’ and whether the applicant is permitted to avail him/herself of the notice.

(xix) Small Society Lotteries

The Council will adopt a risk-based approach towards our compliance responsibilities for small society lotteries. We consider the following list, although not exclusive, could affect the

Commented [JB8]: This is something that is only dealt with by local authorities, and therefore we recommend you set out a procedure here for how you will approach this type of application. For example, would applicants have to provide a plan of the proposed track? Would you require them to demonstrate how they will supervise the track? Will you require them to demonstrate how they will ensure underage persons are not able to gamble? You may wish to look at policies from other Councils and see if they have covered tracks and what they ask for, or read our guidance at [Part 20: Tracks - Gambling Commission](#)

Commented [JB9]: How will you deal with representations? This should be set out in your SOP. Which Committee would hear them, what time limit will you allow, and who can make them? You should also set out in this section how the public can view lottery returns and where.

risk status of the operator:

- Submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- Submission of incomplete or incorrect returns
- Breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event as either an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- By, or on behalf of, a charity or for charitable purposes
- To enable participation in, or support of, sporting, athletic or cultural activities.

Charities and community groups should contact us via email licensing@sevenoaks.gov.uk to seek further clarification.

(xx) Travelling Fairs:

It will fall to this licensing authority to decide whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

(xxi) Betting Premises

This policy applies to applications for off-course betting premises. This is betting that takes place other than at a track, typically in a betting shop.

Gaming machines may be made available for use in licensed betting premises only where there are also substantive facilities for non-remote betting, provided in reliance on this licence, available in the premises.

In determining applications for betting premises, the licensing authority shall consider the following:

- proof of age schemes
- CCTV
- entry control system
- staff numbers

- staff training
- counter layout
- supervision of entrances/ machine areas
- machine privacy screens
- notices/ signage
- opening hours
- provision of responsible gambling information

This list is not exhaustive, and is merely indicative of example measures the Licensing authority will expect applicants to offer to meet the licensing objectives.

Betting machines made available at betting premises that accept bets on live events such as horse racing (SSBT's or self-service betting terminals) are not gaming machines and therefore do not count towards the total number of gaming machines that may be permitted at betting premises. However, where a machine is made available to take bets on 'virtual' races (e.g. results/images generated by a computer to resemble a real race or event), that IS a gaming machine and counts towards the maximum permitted number of gaming machines, and is subject to the relevant statutory limits on stakes and prizes.

Section 181 of the Gambling Act 2005 permits the Licensing authority to restrict the number of SSBT's, their nature and the circumstances in which they may be made available by attaching a relevant condition to a premises licence for a betting office. When considering whether to do so, the licensing authority will consider, among other things, the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people.

The licensing authority when considering the number, nature and circumstances of self-service betting terminals an operator wants to offer will take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines.

Where an SSBT includes functionality to be marketed or presented in languages other than English, the Licensing authority will seek to ensure the operator has considered the ordinary code provision set by the Gambling Commission about making the following information also available in the relevant languages:

- information on how to gamble responsibly and access the help referred to in the Gambling Commission's Licence Conditions and Codes of Practice;
- the player's guide to any game, bet or lottery under the provisions of the Gambling Commission's Licence Conditions and Codes of Practice;
- the summary of the contractual terms on which gambling is offered, which is a condition of the licence holder's Operating Licence issued by the Gambling Commission.

Help with gambling related problems:

A list of organisations where people may seek help will be available on the licensing website.

This list is not definitive. Residents associations will be sent copies on request.

Appendix 5

Summary of machine provisions by premises

Premises type	Machine category							
	A	B1	B2	B3	B3A	B4	C	D
Large casino (machine/table ratio of 5-1 up to maximum)	Maximum of 150 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 150 (subject to machine/table ratio)							
Small casino (machine/table ratio of 2-1 up to maximum)	Maximum of 80 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 80 (subject to machine/table ratio)							
Pre-2005 Act casino (no machine/table ratio)	Maximum of 20 machines categories B to D (except B3A machines), or any number of C or D machines instead							
Betting premises and tracks occupied by pool betting	Maximum of 4 machines categories B2 to D							
Bingo premises	Maximum of 8 machines in category B3 or B4 No limit on category C or D machines							
Adult gaming centre	Maximum of 4 machines in category B3 or B4 No limit on category C or D machines							
Family entertainment centre (with premises licence)	No limit on category C or D machines							
Family entertainment centre (with permit)	No limit on category D machines							
Clubs or miners' welfare institute (with permits)	Maximum of 3 machines in categories B3A or B4 to D*							
Qualifying alcohol-licensed premises	1 or 2 machines of category C or D automatic upon notification							
Qualifying alcohol-licensed premises (with gaming machine permit)	Number of category C D machines as specified on permit							
Travelling fair	No limit on category D machines							
	A	B1	B2	B3	B3A	B4	C	D

It should be noted that members' clubs and miners' welfare institutes are entitled to site a total of three machines in categories B3A to D but only one B3A machine can be sited as part of this entitlement. Commercial clubs are entitled to a total of three machines in categories B4 to D.

DRAFT

Foreword

****Council name** Statement of Principles for Gambling**

I am pleased to present to you the fifth edition of ******* Council's Statement of Principles for Gambling under the Gambling Act 2005. This edition has been comprehensively revised to reflect clearly the expectations of ******* Council in its role as a Licensing Authority.

We are required under the Gambling Act 2005 to produce a new policy on our approach to premises used for gambling every three years.

This Statement of Principles endeavours to carefully balance the interests of those who provide facilities for gambling and people who live, work in, and visit *******. Its focus is to aim to permit gambling, as required by section 153 of the Gambling Act 2005, in so far as it is (a) in accordance with the Gambling Commission's Licence Conditions and Codes of Practice; (b) in accordance with the Gambling Commission's Guidance to Licensing Authorities that is in effect at the time the application is considered; (c) reasonably consistent with the licensing objectives and (d) in accordance with this Statement of Principles. The three licensing objectives are:

1. Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
2. Ensuring that gambling is conducted in a fair and open way;
3. Protecting children and other vulnerable persons from being harmed or exploited by gambling.

The Cabinet Member for ******* would like to thank the Licensing Committee and, in particular, *****any other parties*****, for their part in, and contribution towards, the formulation of this policy and also for their hard work in presiding over cases that come before Licensing Sub-Committees **(delete if required)**

(Insert Cabinet and Chair of Licensing Committee's photos if required)

Relevant Cabinet Member

Councillor ***
Chair of Licensing Committee

Chapter One

Introduction and Overview

This Policy document includes the Statement of Principles for Gambling of the **Council Name** effective from 1 February 2019.

Definitions Used in this Policy

'the Act' means the Gambling Act 2005

'the Council' means the Council of the **Council Name**

'the Commission' means the Gambling Commission established under the Gambling Act of 2005

'the Guidance' means the Guidance to Licensing Authorities published by the Gambling Commission

'Licensing Authority' means the Council of the **Council Name**

'Licensing Committee' refers to the Committee of the **Council Name** to consider licensing matters

'licensable activities' means those activities that are required to be licensed by the Council under the Gambling Act 2005

'Licensing Sub Committee' refers to a Sub Committee of the Licensing Committee to consider licence applications

'relevant representations' means a representation conforming to the legal requirements of the Licensing Act 2003

'Regulations' refers to Regulations under the Licensing Act 2003 issued by the Secretary of State

'responsible authority' means the bodies designated under the Gambling Act 2005 and described in the Introduction to this Statement of Principles

'the Statement' refers to this Statement of Principles for Gambling

Introduction

1. Under Section 349 of the Gambling Act 2005, the Council is required to publish a Statement of Principles it proposes to apply when exercising its functions under the Act. The form of the Statement of Principles is set out in the Gambling Act 2005 (Licensing Authority Policy Statement) (England and Wales) Regulations 2007 and further guidance on what should be contained in the Statement of Principles can be found in the Gambling Commission's Guidance to Licensing Authorities.
2. The Licensing Authority is required by virtue of section 153 of the Gambling Act 2005 to aim to permit gambling in so far as it is (a) in accordance with the Gambling Commission's Licence Conditions and Codes of Practice; (b) in accordance with the Gambling Commission's Guidance to Licensing Authorities that is in effect at the time the application is considered; (c) reasonably consistent with the licensing objectives and (d) in accordance with this Statement of Principles.

3. The Gambling Commission issues Licence Conditions and Codes of Practice for gambling operators. Social Responsibility Codes have the force of a licence condition. The Gambling Commission also issue Ordinary Codes, which set out best industry practice. They are not licence conditions, but operators are expected to follow them unless they have alternative arrangements in place which they can demonstrate are equally as effective.
4. The Licensing Authority, when carrying out inspections of gambling operators, reserves the right to assess compliance with such matters set out in the Gambling Commission's Licence Conditions and Codes of Practice as it sees fit, and will share intelligence with the Gambling Commission about any issues of non-compliance in this respect.
5. The licensing objectives under the Gambling Act 2005 are:
 - Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
 - Ensuring that gambling is conducted in a fair and open way;
 - Protecting children and other vulnerable persons from being harmed or exploited by gambling.
6. The Council consulted widely upon this revised Statement of Principles from **insert dates of consultation**. A list of persons consulted on the revised Statement can be found at Appendix One.
7. The Act requires the following to be consulted in the revision of the statement:
 - the Chief Officer of Police;
 - people and bodies representing the interests of persons in gambling businesses in the area;
 - people and bodies who represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Act.
8. Nothing in this Statement of Principles overrides the right of any person to make an application, make representations about an application or apply for a review of a licence. Each will be considered on its own merits and in accordance with the statutory requirements of the Act.
9. In reviewing this Statement of Principles, the Council has had regard to the licensing objectives under the Gambling Act 2005, the Guidance to Licensing Authorities issued by the Gambling Commission and to the responses arising from our consultation.

Responsible Authorities

10. The Council is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm.

The principles are:

- the need for the body to be responsible for an area covering the whole of the Council's area; and
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

11. The Council designates **insert name of relevant body** to advise on the protection of children from harm under the Gambling Act 2005.

12. The full list of Responsible Authorities for **insert Council name** are as follows:

Insert Police Service Contact, address and email

Insert Fire Service Contact, address and email

Insert EH (Noise) contact, address and email

Insert Licensing Authority/Enforcement contact, address and email

Insert Planning Authority contact, address and email

Insert relevant body for protection of children's contact, address and email

nrubetting&gaming@hmrc.gsi.gov.uk

Interested Parties

13. Interested parties are persons who may make representations to applications or apply to the Council for the review of an existing licence. These parties are defined in section 158 of the Act as a person who:
 - (a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,
 - (b) has business interests that might be affected by the authorised activities, or
 - (c) represents persons who satisfy paragraph (a) or (b).
14. When determining whether a person is an interested party for the purposes of the Act, the Licensing Authority will not apply rigid rules but will treat each case on its merits.
15. In considering whether a person lives sufficiently close to a premises to be considered to be an interested party the following matters will be taken into account:
 - the size of the premises
 - the nature of the premises
 - the distance of the premises from the home or workplace of the person making the representation
 - the potential impact of the premises (numbers of customers, routes likely to be taken by those visiting the premises)
 - the circumstances of the person and nature of their interests, which may be relevant to the distance from the premises. |
16. In determining whether a person or organisation "has business interests" the Licensing Authority will adopt the widest possible interpretation and include trade associations, trade unions, partnerships, charities, faith groups, voluntary organisations such as hostels and medical practices, as appropriate.
17. The Licensing Authority will regard bodies such as trade associations, trade unions, residents' and tenants' associations and professional advisors such as solicitors, barristers and consultants as capable of representing interested parties where they are satisfied that the interested party has asked for representation. The Licensing Authority will only regard representative bodies as interested parties in their own right if they have a member who can be classed as an interested person under the terms of the Act.
18. In principle, the Licensing Authority will allow any person to represent an interested party but will seek confirmation that the person genuinely represents the interested party. We will generally require evidence that a person/body (e.g. an advocate or relative) 'represents' an interested party. If persons representing interested parties are Councillors, Members of Parliament or Members of the European Parliament, then no specific evidence of being asked to represent an

interested person will be required so long as they represent the area likely to be affected.

19. If individuals wish to approach Councillors to ask them to represent their views those Councillors shall not sit on a Licensing Sub-Committee that meets to determine the licence application. If there are any doubts then either interested parties or Councillors should contact the Licensing Authority for advice.

Commented [JB1]: You may wish to edit this to suit your own requirements

Exchange of Information

21. The Council will act in accordance with the provisions of Section 350 of the Act in its exchange of information with the Gambling Commission.
22. Section 29 of the Gambling Act 2005 enables the Gambling Commission to require information from Licensing Authorities (including the manner in which it is compiled, collated and the form in which it is provided), provided that it:
 - forms part of a register maintained under the Gambling Act 2005;
 - is in the possession of the Licensing Authority in connection with a provision under the Gambling Act 2005.
23. Section 350 of the Gambling Act 2005 allows Licensing Authorities to exchange information with other persons or bodies for use in the exercise of functions under the Act. These persons or bodies are:

- A constable or Police force
- An enforcement officer
- A Licensing Authority
- HMRC
- The First Tier Tribunal
- The Secretary of State
- Scottish Ministers

24. Information requests from such parties should be made to the Licensing Authority in writing, setting out clearly what information is required and the reason the information is required. The requirements of the Data Protection Act 1998 will be complied with. Freedom of Information requests can be submitted online at: ***

Commented [JB2]: Tell people how to make an FOI request here

25. The Licensing Authority will also have regard to Guidance issued by the Gambling Commission to local authorities as well as any relevant regulations issued by the Secretary of State under the powers provided for in the Act.

Enforcement

Commented [JB3]: You need to read this section and update it according to your own Enforcement Policy, however it is suggested you consider using the wording in para 27 as this is generally how you would risk assess gambling premises – tweaked if necessary to include other factors you may consider relevant

26. The primary aim of enforcement is to achieve compliance. Though enforcement may be taken to mean the formal approach, it may also include advice and support to business to achieve compliance.

27. Inspections will be carried out on a risk rated basis. New premises, premises under new management, premises where complaints have been received or intelligence received relevant to the licensing objectives and premises or operators where compliance failings have been identified previously will attract a higher risk rating. Premises located in areas where there have been incidents of crime affecting or relating to gambling premises, or where the premises themselves have been the victims or involved in such crime, shall also attract a higher risk rating. The Council will conduct baselining assessments to assess initial risk ratings for gambling premises in its district.

Commented [JB4]: Or however your Council does this

28. Compliance may be achieved through encouraging a sense of community, improved communication, and proactive work with licensees and businesses. Such proactive work may include project work, giving advice and information, and initiatives that educate, inform and encourage partners and stakeholders to work together efficiently and effectively. The principal objective in taking a holistic approach to managing the gambling industry is to prevent problems from occurring before they begin.

29. However, it is recognised that such aims cannot always be achieved, and that active enforcement of the law may be the only effective means of securing compliance. To this end the following enforcement options are available to the Licensing Authority:

- verbal or written advice

- verbal warning
 - written warning
 - mediation between licensees and interested parties
 - licence review
 - simple caution
 - prosecution
30. These actions are not mutually exclusive and it may be that one course of action follows another, depending on the individual circumstances.
31. The Licensing Authority operates a partnership approach to dealing with enforcement matters concerning licensed premises. This may include working with the Police or any of the other responsible authorities under the Act, or working with colleagues from other Council departments or outside agencies.
32. The Licensing Authority needs to be satisfied premises are being run in accordance with the provisions of the Act, the licensing objectives, the Licence Conditions and Codes of Practice issued by the Gambling Commission and any conditions attached to the Premises Licence. To achieve this, the Licensing Authority will inspect premises, look at gambling facilities, gaming machines and policies and procedures, meet with licence holders and carry out general monitoring of areas as necessary.
33. Inspection and enforcement under the Act will be based on the principles of risk assessment, a graduated response and the targeting of problem premises. The frequency of inspections will be determined on risk-based criteria with high risk operations receiving more attention than premises carrying lower risk.
34. Premises found to be fully compliant will attract a lower risk rating. Those where breaches are detected will attract a higher risk rating.
35. The Licensing Authority will take appropriate enforcement action against those responsible for unlicensed premises/activity. Action will be carried out in accordance with the Enforcement Policy.
36. Before deciding which course of action to take, the Licensing Authority shall consider the following matters:
- the history of the premises
 - the history of the offender
 - the offender's attitude
 - the circumstances of the offence
 - whether the offender has a statutory defence to the allegations
 - the impact or potential impact of the breach on the public
 - the quality of the evidence against the offender
 - the likelihood of achieving success in a prosecution
 - the likely punishment that will be incurred if the case goes to Court
 - whether the course of action proposed is likely to act as a deterrent

- whether the course of action, if it is publicised, is likely to have a beneficial effect on the behaviour of others
37. The Licensing Authority will operate within the principles of natural justice and take into account the Human Rights Act 1998. This includes, in particular:
- Every person is entitled to the peaceful enjoyment of his possessions – a licence is a possession in law and persons may not be deprived of their possessions except where it is in the public interest;
 - Every person is entitled to a fair hearing.
38. The Licensing Authority Enforcement Team are committed to the principles of good regulation as set out in the Regulators Code. This means our inspection and enforcement activities will be carried out in a way that is:
- Proportionate: only intervening when necessary. Remedies will be appropriate to the risk posed, and costs identified and minimised;
 - Accountable: able to justify our decisions, and be subject to public scrutiny;
 - Consistent: implementing rules and standards fairly in a joined-up way;
 - Transparent: acting in open way, and keeping conditions placed on Premises Licences simple and user friendly; and
 - Targeted: focusing on the problems, and aiming to minimise the side effects.

Commented [JB5]: Change anything required here

The Council's Functions

39. Councils, when acting as Licensing Authorities are required under the Act to:
- license premises where gambling activities are to take place by issuing Premises Licences
 - issue Provisional Statements
 - regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
 - issue Club Machine Permits to commercial clubs
 - grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
 - receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
 - issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
 - register small society lotteries below the prescribed thresholds
 - issue Prize Gaming Permits
 - receive and endorse Temporary Use Notices
 - receive Occasional Use Notices for betting at tracks
 - provide information to the Gambling Commission regarding details of licences, permits and other permissions issued

- maintain registers of the permits and licences that are issued under these functions.

40. Councils are not involved in licensing online gambling, which is the responsibility of the Gambling Commission.

Duplication with Other Regulatory Regimes

41. The Licensing Authority will seek to avoid duplication with other statutory and regulatory regimes where possible, including planning. The Licensing Authority will not consider planning permission or building regulations approval when making decisions under the Gambling Act. Nor will it regard the granting of a licence, permit or permission as fettering the Council’s ability to consider planning applications independently on their planning merits.
42. Applicants should be aware that the granting of a Premises Licence does not permit the operator to provide gambling facilities where to do so would breach other legislative requirements such as the requirement for appropriate planning consent to be held. It is the operator’s responsibility to ensure all relevant legal requirements are met and to seek their own independent legal advice.

Gambling Prevalence and Problem Gambling

43. You may wish to insert some information here from the Gambling Commission's Industry Statistics (available on the GC website) about the prevalence of problem gambling and the national picture of how people gamble.

Commented [JB6]: You may want to speak to your own Public Health Team and find out whether they have concerns about problem gambling or have any stats available you can include here

44. Problem gambling can have a detrimental effect on personal finances as the attempt to chase losses becomes unmanageable. As well as spending wages, savings and spare cash, debts can also be a feature of problem gambling as a result of borrowings and loans to cover gambling losses. However, the effects of problem gambling can cost more than money. Problem gamblers often say they feel isolated as a result of their solitary pursuits of chasing losses. There is a tendency to stay away from school, college or work in order to gamble. In addition, there is often a preoccupation with gambling, a lack of interest in maintaining relationships and a lack of motivation to engage in social activities. There is often reluctance amongst gamblers to spend money on items of clothing or household goods as this expenditure is often seen as funds for gambling. There can also be an unwillingness to pay utility bills as money would rather be used for gambling purposes. Problem gambling can be progressive in nature and problem gamblers can end up engaging in criminal activity to fund their gambling. This can lead to lifelong consequences with criminal convictions.

Commented [JB7]: This wording was from the former Gamcare – you may remove this or make changes to it.

Chapter Two

Welcome to the *** Council

This section gives a description of the *** Council

General Description

45. *** Council covers an area of *** square kilometres (include description of where the district boundaries are).
46. *** Council has a thriving, vibrant multi-cultural community with a population of *** residents.
47. Give a brief description of the demographics of your district, e.g. age, ethnic breakdown
48. *** Council is comprised of ** wards. Say something about the area's features, like the fact that is home to particular shopping districts, sports stadia, parks and open spaces and so on.
49. Say something about the transport links.
50. Say something about any areas of social deprivation, or areas with a high crime rate, which might be relevant to applicants.
51. Give details of any unemployment statistics.
52. Try to describe which areas are more affluent and have lower crime rates if you can. Think about whether you can describe the crime profile for your district – e.g. what types of crime are most prevalent.
53. If you have any statistics about problem gambling or relevant information from Public Health, you may wish to mention it here.

Commented [JB8]: Or whatever kind of area it is

Chapter Three

Licensing Objectives and Local Area Risk Assessments

54. The Gambling Act 2005 contains three licensing objectives. In this revision of its Statement of Principles, the Licensing Authority seeks to assist applicants by setting out the considerations we will apply when determining applications under the Act.
55. Though Licensing Authorities are required to 'aim to permit' gambling, there is wide scope for them to impose conditions on Premises Licences or to reject, review or revoke Premises Licences where there is an inherent conflict with the relevant Licence Conditions and Codes of Practice issued by the Gambling Commission, the Guidance to Licensing Authorities issued by the Gambling Commission, the licensing objectives or this Statement of Principles.
56. Licensing Authorities are able to request any information from an operator they may require to make licensing decisions. The Gambling Act 2005 requires a minimum level of information to be provided, but the Gambling Commission state in their Guidance to Licensing Authorities that this does not preclude reasonable requests from Licensing Authorities for any additional information they may require to satisfy themselves their decisions accord with the licensing objectives and Codes of Practice.

Risk Assessment

57. The Licensing Authority expects applicants to have a good understanding of the area in which they either operate, or intend to operate. The applicant will have to provide evidence that they meet the criteria set out in this Statement of Principles and demonstrate that in operating the premises they will promote the licensing objectives.
58. The Gambling Commission introduced a Social Responsibility Code of Practice requiring operators of premises used for gambling to conduct local area risk assessments and an Ordinary Code stating this should be shared with the Licensing Authority in certain circumstances in May 2016.
59. The Licensing Authority expects applicants for Premises Licences in its area to submit a risk assessment with their application when applying for a new premises licence, when applying for a variation to a premises licence or when changes in the local environment or the premises warrant a risk assessment to be conducted again.
60. The risk assessment should demonstrate the applicant has considered, as a minimum:
 - local crime statistics;
 - any problems in the area relating to gambling establishments such as anti-social behaviour or criminal damage;

- the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- the type of gambling product or facility offered;
- the layout of the premises;
- the external presentation of the premises;
- the location of nearby transport links and whether these are likely to be used by children or vulnerable persons;
- the customer profile of the premises;
- staffing levels;
- staff training, knowledge and experience;
- whether there is any indication of problems with young persons attempting to access adult gambling facilities in that type of gambling premises in the area.

Commented [JB9]: Amend this to whatever you expect to see in the LARA

61. It is recommended that operators liaise with other gambling operators in the area to identify risks and consult with any relevant responsible authorities as necessary.
62. This Statement of Principles does not preclude any application being made and every application will be decided on its individual merits, with the opportunity given for the applicant to show how potential concerns can be overcome.
63. The Licensing Authority expects applicants to keep a copy of the local area risk assessment on the licensed premises and to ensure that all staff have seen the risk assessment, have received training in respect of its content, and are able to produce the risk assessment on request by an authorised officer of the Council, the Police or the Gambling Commission.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime

64. The Licensing Authority will consider whether the premises make, or are likely to make, a contribution to the levels of crime and disorder in an area and whether the applicant has demonstrated that he has, or intends to, implement sufficient controls to prevent the premises being a source of, and/or associated with crime or disorder, or being used to support crime, if the application is granted.
65. Where an area is known for high levels of crime (particularly crime associated with premises used for gambling), the Licensing Authority will consider whether gambling premises are suitable to be located there, and whether additional conditions may be necessary, such as the provision of CCTV, minimum levels of staffing and licensed door supervisors.

- 66. In terms of disorder, the Guidance to Licensing Authorities published by the Gambling Commission states, "Licensing Authorities should generally consider disorder as activity that is more serious and disruptive than mere nuisance. Factors to consider in determining whether a disturbance was serious enough to constitute disorder would include whether Police assistance was required and how threatening the behaviour was to those who could hear or see it. There is not a clear line between nuisance and disorder and the Licensing Authority should take the views of its lawyers before determining what action to take in circumstances in which disorder may be a factor".
- 67. The Licensing Authority will consider whether the layout, lighting, staffing and fitting out of the premises have been designed so as to minimise conflict and opportunities for crime and disorder.
- 68. The Licensing Authority will consider whether sufficient management measures are proposed or are in place to prevent the premises being a source of, or associated with crime or disorder, or used to support crime either as a place of association or to avoid apprehension.

Commented [JB10]: This is a guide but you should tailor it to your own requirements

Ensuring that gambling is conducted in a fair and open way

- 69. Though this licensing objective is primarily the responsibility of the Gambling Commission, the Licensing Authority will have a role in respect of the licensing of tracks, where an Operator's Licence from the Gambling Commission is not required. Matters to be taken into account will include:
 - whether the layout, lighting and fitting out of the premises have been designed so as to ensure gambling is conducted in a fair and open way.
 - whether sufficient management measures are proposed or are in place to ensure that gambling is conducted in a fair and open way.
 - whether the management and operation of the premises is open and transparent.
 - whether the operators of the premises have been or will be fully cooperative with enforcement agencies.
 - whether the operator has a transparent procedure in place for dealing with consumer complaints that are available to all customers and implemented where necessary.
 - whether gaming machines are compliant with Gambling Commission Technical Standards in respect of machine livery requirements such as clear display of stakes, prizes, machine category and RTP.
 - whether the terms and conditions on which gambling products and promotions are offered and rules are clear and readily available to customers.
 - whether the Gambling Commission's Licence Conditions and Codes of Practice have been complied with.

Commented [JB11]: Again, this is a guide only and you should amend to your own requirements

Protecting children and other vulnerable persons from being harmed or exploited by gambling

70. The Licensing Authority will consider the following when taking this licensing objective into account:

- whether the operator has a specific training programme for staff to ensure they are able to identify children and vulnerable people and take appropriate action to promote this objective to exclude them from the premises or parts of the premises;
- if the premises is an adult only environment, whether the operator has taken effective measures to implement a proof of age scheme such as Think 21 to ensure no one under the age of 18 is admitted to the premises or restricted areas;
- whether the layout, lighting and fitting out of the premises have been designed so as to not attract children and other vulnerable persons who might be harmed or exploited by gambling;
- whether sufficient management measures are proposed or are in place to protect children and other vulnerable persons from being harmed or exploited by gambling;
- whether any promotional material associated with the premises could encourage the use of the premises by children or young people;
- whether the operator can produce a record of underage challenges and action taken to establish age and prevent underage persons from being able to gamble;
- whether the premises are located near to facilities that may encourage their use by vulnerable people, such as hostels for those with mental illness and/or addiction problems.

71. The Licensing Authority expects applicants to consider the measures necessary to promote the licensing objective of protecting children and other vulnerable persons from being harmed or exploited by gambling. It is noted that neither the Act nor the Gambling Commission Guidance define the term 'vulnerable persons'. The Licensing Authority consider the term 'vulnerable persons' to include people who gamble more than they want to; people who gamble beyond their means and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, changes in circumstances such as bereavement, loss of employment or ill health or due to alcohol or drugs.

Commented [JB12]: Guidelines only – amend to suit your own requirements

Commented [JB13R12]: Can include info/suggestions from Public Health

Chapter Four Premises Licences

72. Any person or business that wishes to offer gambling for which an Operating Licence from the Gambling Commission is required, and which is premises based, must apply to the Licensing Authority for a Premises Licence.
73. Premises Licences can authorise the provision of facilities on:
- (a) casino premises,
 - (b) bingo premises,
 - (c) betting premises including tracks and premises used by betting intermediaries,
 - (d) adult gaming centre premises, or
 - (e) family entertainment centres.
74. Matters the Licensing Authority may not take into account include:
- the expected demand for gambling premises in the area;
 - planning or building law restrictions;
 - moral or ethical objections to gambling as an activity;
 - dislike of gambling;
 - a general notion that gambling is undesirable.
75. All licences will be subject to mandatory and/or default conditions and conditions imposed by the Licensing Authority. The Licensing Authority may consider that conditions other than the mandatory or default conditions are necessary to ensure the premises are reasonably consistent with the licensing objectives, the Gambling Commission's Codes of Practice and this Statement of Principles.
76. The Licensing Authority will take decisions in accordance with the Gambling Commission's Guidance and Licence Conditions and Codes of Practice and will have regard to the advice which it issues from time to time. The Licensing Authority will monitor the operation of premises and report any potential breach of Operating Licence conditions to the Gambling Commission. Applicants for new Premises Licences or variations to existing ones should be clear that the premises are intended to be used for the primary gambling activity proposed. For example a betting Premises Licence application that has four gaming machines but no betting counter or associated betting facilities shown on the proposed plans would not be considered as offering the primary gambling activity in accordance with that indicated on the application.
77. The majority of Premises Licences will have mandatory and/or default conditions attached to the licence. The Licensing Authority can attach its own conditions to a Premises Licence if it believes this will promote the licensing objectives. Any conditions attached will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- relate to the scale and type of premises; and
- reasonable in all respects.

78. Certain matters are set out in the Act may not be the subject of conditions. These are:

- conditions which make it impossible to comply with an Operating Licence
- conditions as to gaming machines that contradict the provisions in the Act
- conditions making activities, premises or parts of them operate as a membership club
- conditions on fees, winnings, stakes or prizes.

79. Conditions will be attached to individual licences on the basis of their merits. However, there will be a number of measures the Licensing Authority will commonly consider utilising in order to pursue the licensing objectives. These may include measures such as:

- the supervision of entrances;
- separation of gambling from non-gambling areas frequented by children;
- the supervision of gaming machines in premises not specifically for adult gambling and
- appropriate signage for adult only areas.

The Licensing Authority will expect the applicant to propose how the licensing objectives can be met effectively through the use of conditions.

Split Premises

80. The Gambling Commission's Guidance states that a building can, in principle, be divided into more than one premises and be subject to more than one Premises Licence provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. An example is given of units within a shopping mall, where each unit is separate self-contained premises contained within one building. It is also possible for licensed premises to be located next to each other.
81. The Gambling Commission state they do 'not consider that areas of a building that are artificially separated, for example by ropes or moveable partitions, can properly be regarded as separate premises'.
82. Whether different parts of a building can be reasonably regarded as different premises will depend on the circumstances of the individual building and how any division is proposed. To agree to accept applications to grant or vary a licence for a building which has been divided, the Licensing Authority will need to be satisfied the premises are genuinely separate premises, and not an artificially created additional part of single premises.

83. In considering whether different areas of a building are genuinely separate premises the Licensing Authority will take into account factors which will include:

- whether there are separate registrations for business rates in place for each premises;
- whether separate sets of staff work in the individual premises;
- whether there is a separate cash desk/reception for each of the premises;
- whether each premises has its own postal address;
- whether the premises are owned or operated by the same person;
- whether each of the premises can be accessed from a street or public passageway;
- whether the premises can only be accessed from any other gambling premises.

Commented [JB14]: Change to suit your requirements, but these are useful pointers

84. When considering proposals to divide a building into separate premises, the Licensing Authority will also need to be satisfied that the form of separation between the premises is appropriate.

85. The separation between one premises and another must be clearly defined. Any barrier used to separate one premises from another must be permanent and constructed so the public cannot go from one premises to another.

86. It may be acceptable for staff working in adjacent premises to have access through barriers between premises. The applicant must demonstrate that in providing staff access there are suitable control measures in place that will ensure the safety and security of staff and will prevent the public from using the same access point to enter the other premises.

87. The Gambling Act 2005 (Mandatory and Default Conditions) Regulations 2007 restrict access to different types of licensed gambling premises. In considering proposals to divide a building into different premises, the Licensing Authority will have to be satisfied that proposals to divide buildings are compatible with the mandatory conditions relating to access between premises.

88. The Guidance at paragraph 7.22 states "There is no definition of 'direct access' in the Act or Regulations, but Licensing Authorities may consider that there should be an area separating the premises concerned (for example a street or café), which the public go to for purposes other than gambling, for there to be shown to be no direct access."

89. It is the Licensing Authority's opinion that any area which separates licensed premises, and from which those premises can be accessed, must be genuinely separate premises which are habitually and actually used by members of the public other than those using the licensed premises.

90. The Licensing Authority does not consider that provisions which prohibit direct access between licensed premises are satisfied where licensed premises are

separated by an area created artificially within a building principally for members of the public attending the licensed premises, irrespective of whether this area is unlicensed or provides non-gambling facilities, for example refreshments or cashpoint machines.

91. Where the Licensing Authority is satisfied that a building can be divided into separate premises it will expect applicants to ensure that:

- the premises are configured so that children are not invited to participate in, have accidental access to, or closely observe gambling to which they are prohibited from taking part;
- the premises are not configured so children are likely to enter an adult only area to join a parent gambling in that adult only area;
- entrances and exits from parts of a building covered by one or more Premises Licences are separate and identifiable so the separation of different premises is not compromised and people do not 'drift' into a gambling area. In this context it should be possible to access the premises without going through another licensed premises or premises with a permit;
- customers should be able to participate in the activity named on the Premises Licence.

This is not an exhaustive list and the Licensing Authority will consider other aspects based on the merits of the application.

Commented [JB15]: Again, amend to suit your requirements

Access to Premises

92. The Gambling Act 2005 (Mandatory and Default Conditions) Regulations set out access provisions for each type of licensed gambling premises. The broad principle is there can be no direct access from one licensed gambling premises to another, except between premises which allow those aged under-18 to enter and with the further exception that licensed betting premises may be accessed via other licensed betting premises.

93. 'Direct access' is not defined, but the Licensing Authority will consider there should be an area such as a street or café to which the public attend for purposes other than gambling for there to be no direct access.

Type of Premises	Access Provisions
Casino	<ul style="list-style-type: none"> • The principal access to the premises must be from a 'street'; • No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons; • No customer must be able to access a casino directly from any other premises which holds a gambling premises licence.

Type of Premises	Access Provisions
Adult Gaming Centre	<ul style="list-style-type: none"> No customer must be able to access the premises directly from any other licensed gambling premises.
Betting Shop	<ul style="list-style-type: none"> Access must be from a 'street' or from other premises with a betting licence; No direct access is permitted from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be any entrance to a betting shop from a shop of any kind unless that shop is in itself a licensed betting premises.
Track	<ul style="list-style-type: none"> No customer must be able to access the premises directly from a casino or Adult Gaming Centre.
Bingo Premises	<ul style="list-style-type: none"> No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.
Family Entertainment Centre	<ul style="list-style-type: none"> No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

Plans

94. The Gambling Act 2005 (Premises Licences and Provisional Statements) Regulations 2007 state that a plan to accompany an application for a Premises Licence must show:
- the extent of the boundary or perimeter of the premises
 - where the premises include, or consist of, one or more buildings, the location of any external or internal walls of each such building
 - where the premises forms part of a building, the location of any external or internal walls of the building which are included in the premises
 - where the premises are a vessel or a part of a vessel, the location of any part of the sides of the vessel, and of any internal walls of the vessel which are included in the premises
 - the location of each point of entry to and exit from the premises, including in each case a description of the place from which entry is made or to which exit leads.
95. The Regulations also state that other than in respect of a track, the plan must show 'the location and extent of any part of the premises which will be used to provide facilities for gambling in reliance on the licence'. The Licensing Authority may, however, consider that these minimum requirements are insufficient to satisfy them in respect of the licensing objectives at tracks, Gambling Commission Guidance, Codes of Practice or its own Statement of

Principles. In such cases, the Licensing Authority may ask for such additional information to be shown on the plan as it deems necessary to enable it to discharge its duties effectively. Information shown on the plan that is not required by Regulations will not form part of the Premises Licence and will only be used by the Licensing Authority to help it make a considered decision on the application.

96. If plans change in any material respect during the lifetime of the licence, the applicant will be in breach of their licence and would either need to make a fresh application under s.159 or to seek an amendment to the licence under s.187 of the Gambling Act 2005. If the changes are substantial, this may, in the opinion of the Licensing Authority, render the premises different to those to which the licence was granted. In such cases, variation of the licence under s.187 would not be possible and an application for a new application would be required under s.159.

General Requirements for All Premises

97. The Licensing Authority expects all applicants for gambling Premises Licences to ensure there is adequate provision for staff to supervise persons using the licensed premises. This is to identify those who have self-excluded, vulnerable persons, under age persons, persons gambling beyond limits they have set for themselves, person who may be involved in crime, persons who may be prone to anti-social behaviour, persons who are drinking alcohol where this is prohibited and persons who are showing signs of distress in respect of their gambling.
98. Applicants must take the structure and layout of the premises into account when considering their own policies and procedures. For example, where it is not possible for counter staff to supervise persons using gambling facilities such as gaming machines, the Licensing Authority would expect applicants to volunteer conditions that floor walkers will be used or that counter staff will be able to view all areas of the premises on CCTV provided to the counter area where it can be clearly seen.
99. Arrangements must be made for how staff will deal with customers who become aggressive and for ejecting patrons who are, for example, self-excluded, vulnerable or under age. This will include staff training and ensuring there are appropriate numbers of staff to deal with problems.
100. Staff should be in a position to monitor entrances and gaming machines and challenges should be initiated at the earliest opportunity.
101. Where access to premises is age restricted, the Licensing Authority expects applicants to have a Think 21 policy in place and to train its staff in recognising acceptable forms of identification. Posters should also be displayed stating that the relevant policy is in place and that users may be challenged.
102. Licence holders should record details of persons who have self-excluded, persons who have been ejected or refused admission, persons who have been

barred by the operator, and any instances of crime or disorder that occurs on, or in association with, the licensed premises.

- 103. Applicants should demonstrate how they will identify self-excluded persons.
- 104. Where applicable, operators shall be able to demonstrate they are participating effectively in the relevant multi-operator self-exclusion scheme.

Commented [JB16]: These are all suggestions which you may wish to amend

Casinos

- 105. If you have casinos or permission for casinos, insert any casino specific requirements here or otherwise state you do not have permission for any casinos to be located in your district.
- 106. In determining applications for casino premises, the Licensing Authority shall consider the following:
 - proof of age schemes
 - CCTV
 - entry control system
 - staff numbers
 - staff training
 - layout of premises
 - supervision of entrances/machine areas/gaming tables
 - notices/ signage
 - opening hours
 - provision of responsible gambling information
 - identification of customers

Commented [JB17]: Amend or delete entire section if no casinos

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

Bingo

- 107. This policy applies to applications for a Bingo Premises Licence. Bingo has its ordinary and natural meaning and includes any version of the game irrespective of by what name it is described. A holder of a bingo Premises Licence will be able to offer bingo in all its forms.
- 108. Children and young persons are permitted in bingo premises, but may not participate in the bingo. If any Category B or C machines are made available for use, these must be separated from areas where children and young people are allowed.
- 109. The Licensing Authority expects that where children are permitted in bingo premises, any Category B or C machines are located in an area which is separated from the rest of the premises by barriers or in a separate room, where it is made clear that entry is permitted only for those aged 18 or over.

Appropriate signage should be provided to this effect and the area should be monitored by staff, either through direct supervision or by monitored CCTV.

Commented [JB18]: Suggestion only – amend to suit

110. To avoid a situation where a premises holds a bingo Premises Licence primarily to benefit from the gaming machine allowance, the Licensing Authority will need to be satisfied that bingo is regularly played in any premises for which a Premises Licence is issued and that the premises presentation is clearly that of a bingo premises and readily identifiable as such to any customer using the premises.

Commented [JB19]: This is a suggestion as there are some new forms of bingo around currently and there is also a GC requirement in s.9 of the Licence Conditions and Codes of Practice. However you should run this by your Legal Team to ensure this wording is appropriate as it may be disputed by gambling lawyers!

111. In determining applications for bingo premises, the Licensing Authority shall consider the following:

- proof of age schemes
- CCTV
- entry control system
- staff numbers
- staff training
- supervision of entrances/ machine areas
- whether children are permitted on the premises and, if so, how the operator intends to prevent them from playing bingo or being able to access adult only machine areas
- notices/ signage
- opening hours
- the times and frequency of which bingo is offered
- whether bingo is offered by a caller or only electronically
- whether the premises are clearly identifiable as being licensed for the purposes of offering bingo facilities
- provision of responsible gambling information

Commented [JB20]: Amend if required

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

112. Young persons, aged 16 and 17, may be employed in bingo premises provided their duties are not connected with the gaming or gaming machines. The Licensing Authority will not grant licences unless the applicant demonstrates how they intend to meet this licensing objective and identify appropriate measures they will take to protect young employees.

113. Where hand held gaming devices are to be used on bingo premises, the Licensing Authority expects applicants to demonstrate how use of these devices will be monitored by staff.

Betting Premises

114. This policy applies to applications for off-course betting premises. This is betting that takes place other than at a track, typically in a betting shop.

115. The Licensing Authority must be satisfied that the primary use of the premises is to operate as betting premises. The applicant will be expected to demonstrate they are offering sufficient facilities for betting or otherwise should not make gaming machines available on the premises.
116. In determining applications for betting premises, the Licensing Authority shall consider the following:
- proof of age schemes
 - CCTV
 - entry control system
 - staff numbers
 - staff training
 - counter layout
 - supervision of entrances/ machine areas
 - machine privacy screens
 - notices/ signage
 - opening hours
 - provision of responsible gambling information

Commented [JB21]: Amend if required

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

117. Betting machines made available at betting premises that accept bets on live events such as horse racing (SSBT's or self-service betting terminals) are not gaming machines and therefore do not count towards the total number of gaming machines that may be permitted at betting premises. However, where a machine is made available to take bets on 'virtual' races (e.g. results/images generated by a computer to resemble a real race or event), that IS a gaming machine and counts towards the maximum permitted number of gaming machines, and is subject to the relevant statutory limits on stakes and prizes.
118. Section 181 of the Gambling Act 2005 permits the Licensing Authority to restrict the number of SSBT's, their nature and the circumstances in which they may be made available by attaching a relevant condition to a Premises Licence for a betting office. When considering whether to do so, the Licensing Authority will consider, among other things, the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people.
119. The Licensing Authority when considering the number, nature and circumstances of self-service betting terminals an operator wants to offer will take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines.
120. Where an SSBT includes functionality to be marketed or presented in languages other than English, the Licensing Authority will seek to ensure the operator has considered the ordinary code provision set by the Gambling

Commented [JB22]: You can leave this in or delete it. The idea is to ensure people betting on SSBT's can be monitored and also to ensure a betting licence is not obtained where the shop is comprised only of SSBT's with no counter betting – this has been done in some areas to make use of the gaming machine entitlement

Commission about making the following information also available in the relevant languages:

- information on how to gamble responsibly and access the help referred to in the Gambling Commission's Licence Conditions and Codes of Practice;
- the player's guide to any game, bet or lottery under the provisions of the Gambling Commission's Licence Conditions and Codes of Practice;
- the summary of the contractual terms on which gambling is offered, which is a condition of the licence holder's Operating Licence issued by the Gambling Commission.

Betting Tracks and Other Sporting Venues

121. Tracks include premises where a race or other sporting event takes place, or is intended to take place. These may be subject to one or more than one Premises Licence, provided each licence relates to a specified area of the track. The Gambling Commission Guidance identifies that operators of track betting premises will not necessarily hold an Operating Licence issued by the Commission. The Licensing Authority will have particular regard to proposals and measures to ensure the environment in which betting takes place is suitable for betting and that betting is conducted in a fair and open way.
122. Examples of tracks include:
- Horse racecourses
 - Greyhound tracks
 - Point to point meetings
 - Football, cricket and rugby grounds
 - Athletics stadia
 - Golf courses
 - Venues hosting darts, bowls or snooker tournaments
 - Premises staging boxing matches
 - Sections of river hosting fishing competitions
 - Motor racing events
123. The offence of permitting a child or young person to enter gambling premises under section 47 of the Act does not apply to tracks. Therefore the Licensing Authority will consider the impact upon the objective of protection of children and vulnerable persons, the need to ensure that entrances to each type of licensed premises within the sporting venue are distinct, and that children are excluded from gambling areas which they are not permitted to enter.
124. The possibility of multiple licences at tracks is noted in Part 20 of the Gambling Commission Guidance. The Licensing Authority will expect the applicant for a Premises Licence to demonstrate suitable measures to ensure that children do not have access to adult-only gaming facilities. Children and young persons are permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but are still prevented

from entering areas where gaming machines (other than Category D machines) are provided. Children and young persons are not prohibited from playing Category D machines on a track.

125. In determining applications for betting at tracks, consideration will be given to appropriate measures/licensing conditions to address the matters listed below:

- proof of age schemes such as Think 21
- CCTV
- entry control system
- supervision of entrances/ machine areas
- physical separation of areas
- notices/ signage
- opening hours
- provision of responsible gambling information
- provision of policies and procedures in relation to social responsibility measures as set out below
- staffing levels
- staff training and records of staff training
- recording of incidents such as underage challenges, customer interactions for problem gambling, self-exclusions and complaints and disputes relating to gambling
- details of action to be taken where an on course bookmaker has breached their Gambling Commission Operating Licence conditions repeatedly, for example where children have been able to gamble.

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

126. Track betting operators must be able to demonstrate their adoption of socially responsible gambling policies and procedures. Such policies and procedures must ensure that track betting activities promote the licensing objectives of ensuring that gambling is conducted in a fair and open way and children and other vulnerable people are not harmed or exploited by gambling.

127. A track Premises Licence does not in itself entitle the holder to provide gaming machines. However, by virtue of section 172(9) of the Act, track owners who hold both a track Premises Licence AND a pool betting Operating Licence issued by the Gambling Commission (this currently only applies to greyhound tracks) may provide up to four Category B2 to D gaming machines on the track.

128. The Licensing Authority will consider the location of gaming machines at tracks, and applicants for track Premises Licences will need to demonstrate that, where the applicant holds or seeks a pool betting Operating Licence and is going to use their full entitlement to gaming machines, these machines are located in areas from which children are excluded. The applicant will be required to provide information as to what measures it will put in place around the gaming machines to ensure that children are excluded.

129. The Licensing Authority will expect applicants to include detailed plans for the track itself and the area that will be used for temporary “on-course” betting facilities (often known as the “betting ring”), pool betting, and any other proposed gambling facilities. Plans should make clear what is being sought for authorisation under the track betting Premises Licence and what, if any, other areas are to be subject to a separate application for a different type of Premises Licence. Any such plans must also contain the information prescribed by regulations.
130. In respect of staff training, the Licensing Authority would expect staff involved with the provision of gambling facilities at the track to be trained in social responsibility measures including, but not limited to, age verification, problem gambling indicators and action to be taken, self-exclusion, complaints procedures and money laundering indicators and action to be taken. Records of such training should be retained by the track management showing the subjects the staff member was trained in and the date training took place. These should be signed off by the staff member and training should be refreshed at least annually.
131. The Licensing Authority expects track operators to have policies and procedures in place to deal with age verification, self-exclusion, money laundering, complaints and disputes and problem gambling as a minimum and to ensure that all staff involved in the provision of gambling facilities are aware of these policies and procedures and have been trained in their implementation.
132. The Licensing Authority expects track management to ensure appropriate problem gambling information is provided commensurate to the size and layout of the premises. This should be in the form of posters and also leaflets which a customer can take away. Leaflets should be provided in areas where they can be taken away discreetly by the customer.
133. Section 152 of the Act permits tracks to be the subject of multiple Premises Licences.
134. Access between premises licensed for gambling and non-gambling areas will be considered carefully by the Licensing Authority for the following reasons:
- To prevent operators from attempting to circumvent the Act by artificially sub-dividing premises and securing separate Premises Licences for its composite parts;
 - To ensure operators do not circumvent the regulations governing the maximum number of gaming machines that may be provided at specific premises;
 - To ensure people who have entered premises to take part in one form of gambling are not exposed to another form of gambling;
 - To ensure there is no direct access between gambling premises to which children have access and those which they are prohibited from entering;
 - To ensure all gambling premises have publicly accessible entrances;

- To ensure gambling premises are not developed in 'back rooms' of other commercial premises.

Commented [JB23]: These are all suggestions but you should tailor them for your own requirements

Adult Gaming Centres (AGC's)

135. Adult gaming centre (AGC) Premises Licences allow the holder of the licence to make gaming machines available for use on the premises. Persons operating an AGC must hold a relevant Operating Licence from the Gambling Commission and must seek a Premises Licence from the Licensing Authority. Gaming machines are a form of gambling attractive to children and AGC's may contain machines of a similar format to the Category D machines on which children are allowed to play. However, persons under the age of 18 are not permitted to enter an AGC.
136. Because gaming machines provides opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The Licensing Authority in considering Premises Licences for AGC's will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds are not attracted to, or gain access to, the premises.
137. The Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives; however appropriate measures / licence conditions may cover issues such as:
 - proof of age schemes
 - CCTV
 - entry control system
 - supervision of entrances/ machine areas
 - physical separation of areas
 - notices/ signage
 - opening hours
 - staffing levels
 - staff training
 - provision of problem gambling information
 - self-exclusion schemes

Commented [JB24]: Insert your own requirements

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

Family Entertainment Centres (FEC's)

138. Generally, FEC's must be operated by a person or body having an Operating Licence from the Gambling Commission. Unlicensed Family Entertainment Centres do not require the operator to have a Gambling Commission Operator's Licence or Premises Licence from the Licensing Authority, but do need to have

a gaming machine permit as set out in the section on Permits. Unlicensed Family Entertainment Centres may only be used to provide Category D gaming machines.

139. Gaming machines are a form of gambling which is attractive to children and licensed FEC's will contain both Category D machines on which they are allowed to play, and Category C machines on which they are not. Because gaming machines provide opportunities for solitary play and for immediate payouts, they are more likely to engender repetitive and excessive play. The Licensing Authority, in considering applications for FEC Premises Licences, will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.
140. The Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/ licence conditions may cover issues such as:
- CCTV
 - supervision of entrances/ machine areas
 - physical separation of areas for Category C machines
 - location of entry
 - notices/ signage
 - opening hours
 - staffing levels
 - staff training
 - self-exclusion schemes
 - provision of problem gambling information
 - measures and training for dealing with children on the premises suspected of truanting.

Commented [JB25]: Insert your own requirements

This list is not exhaustive, and is merely indicative of example measures the Licensing Authority will expect applicants to offer to meet the licensing objectives.

141. The Licensing Authority expects applicants to demonstrate adequate separation between the area in which Category C gaming machines are made available and areas of the premises to which children may have access. This will include whether physical separation is provided, staff supervision, signage and layout and presentation of the premises as a minimum. Operators should be aware of the risk of children entering adult only areas to speak to a parent who may be gambling in that area for example and have appropriate controls in place to reduce the risk of this.

Door Supervisors

142. The Gambling Commission Guidance advises that Licensing Authorities may consider whether there is a need for door supervision in terms of the licensing

objectives of protection of children and vulnerable persons from being harmed or exploited by gambling, but there can also be a need for supervision to stop premises becoming a source of crime. Door supervisors at casinos or bingo premises are not required to be registered by the Security Industry Authority (SIA) under the Private Security Industry Act 2001. Door supervisors not directly employed by a casino or bingo operator do however have to be SIA registered.

143. For betting offices and other premises, the operator and/or the Licensing Authority may decide that supervision of entrances or machines is appropriate in particular cases. The Licensing Authority will make door supervision a requirement where there is evidence, from the history of trading at the premises or in the area, that the premises cannot be adequately supervised by counter staff or that problem customers cannot be dealt with effectively by counter staff alone and that door supervision is both necessary and proportionate.

Provisional Statements

144. Following the grant of a provisional statement, no further representations from responsible authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the Premises Licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:
- (a) which could not have been raised by objectors at the provisional licence stage; or
 - (b) which in the authority's opinion reflect a change in the operator's circumstances.

Reviews

145. Requests for a review of a Premises Licence can be made by interested parties or responsible authorities, including the Licensing Authority. However, it is for the Licensing Authority to decide whether the review is to be carried out. This will be on the basis of whether the request for the review is relevant to the matters listed below:
- any relevant Code of Practice issued by the Gambling Commission;
 - any relevant guidance issued by the Gambling Commission;
 - the licensing objectives;
 - this Statement of Principles.
146. The Licensing Authority may reject an application for review if it thinks the grounds on which the review is sought:
- a) are not relevant to the relevant code of practice or guidance issued by the Gambling Commission, the licensing objectives or the Licensing Authority's statement of principles;

- b) are frivolous;
 - c) are vexatious;
 - d) 'will certainly not' cause the Licensing Authority to revoke or suspend the licence or to remove, amend or attach conditions on the Premises Licence;
 - e) are substantially the same as grounds cited in a previous application relating to the same premises (the Licensing Authority will consider the length of time that has passed since the earlier application in deciding whether this is a reasonable reason to reject the review application);
 - f) are substantially the same as representations made at the time the application for the Premises Licence was considered. While the Licensing Authority will consider the length of time that has passed since the representations were made, it will not normally review a licence on the basis of the same arguments considered on the grant of the Premises Licence.
147. General objections to gambling as an activity are not likely to be considered relevant reasons for a review. Other examples of irrelevant considerations include demand for gambling premises, issues relating to planning, public safety and traffic congestion.
148. The Licensing Authority can initiate a review of a particular Premises Licence, or any particular class of Premises Licence, for any reason it believes is appropriate. This includes reviewing a Premises Licence on the grounds that a Premises Licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.
149. The Licensing Authority may review any matter connected with the use made of a particular premises if it has reason to believe the Premises Licence conditions are not being observed, or for any other reason which gives it cause to believe a review may be appropriate.
150. A responsible authority or interested party may apply to the Licensing Authority to review a Premises Licence. Such reviews can be made in relation to, amongst other things if there are repeated incidents of crime and disorder associated with the premises or the gambling activity which the premises operator has failed to adequately address, where incidents that have adversely effected one or more licensing objectives have occurred at premises that could have been prevented if advice and guidance from a responsible authority had been heeded, or if the premises due to the activities being undertaken is either attracting children or people likely to be involved in crime and disorder.
151. As a review of a Premises Licence can lead to its revocation, the Licensing Authority will consider whether informal actions to ensure timely or immediate compliance have been exhausted prior to an application being made. The Licensing Authority accepts that an application for review may be appropriate without informal measures being taken, but will seek to establish that all options have been considered in determining review applications.

Chapter Five Travelling Fairs and Permits

Travelling Fairs

152. The Act defines a travelling fair as 'wholly or principally' providing amusements and they must be on a site that has been used for fairs for no more than 27 days per calendar year. Travelling fairs do not require a permit to provide gaming machines but must comply with legal requirements about the way the machines are operated.
153. It will fall to the Licensing Authority to decide whether, where Category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.
154. The Licensing Authority will also consider whether the applicant falls within the statutory definition of a travelling fair. The 27 day statutory maximum for the land being used as a fair each calendar year applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. The Licensing Authority will keep a record of any travelling fairs that take place in *** Council name that offer gambling as an ancillary use to the fair. The Licensing Authority will ensure the 27 day statutory maximum for the land being used is not breached. The Licensing Authority will advise travelling fair operators if requested of the statutory time period remaining for the land they intend to use.

Permits

155. Permits regulate gambling and the use of gaming machines in a premises which do not hold a Premises Licence. They are required when a premises provides gambling facilities but either the stakes are very low or gambling is not the main function of the premises.

The Licensing Authority is responsible for issuing the following permits:

- a) unlicensed family entertainment centre gaming machine permits;
- b) alcohol licensed gaming machine permits;
- c) prize gaming permits;
- d) club gaming permits and club machine permits.

156. The Licensing Authority can only grant or reject an application for a permit and cannot attach conditions. Therefore, the Licensing Authority will consider a number of factors before determining an application for a permit to ensure that the permit holder and the premises are suitable for the proposed gambling activities.

Unlicensed family entertainment centre gaming machine permits

157. This policy applies to those premises that are proposed to be used as Unlicensed Family Entertainment Centres (uFEC's). uFEC's are premises primarily used for making gaming machines available that offer only Category D gaming machines. A uFEC permit allows any number of these machines to be made available at the premises (subject to other considerations such as health and safety and fire regulations). Given that Category D machines have no age restrictions, these premises particularly appeal to children and young persons. Therefore, the Licensing Authority will give particular weight to matters relating to child protection issues.
158. The Licensing Authority will grant an application for a permit only if it is satisfied that the premises are used wholly or mainly for making gaming machines available for use, and following consultation with the Police.
159. The Licensing Authority will not grant uFEC permits where the premises are not primarily used for making gaming machines available for use in accordance with section 238 of the Gambling Act 2005. This will preclude granting permits to lobbies in shopping centres or motorway service areas for example.
160. In cases where an existing uFEC permit has been granted to premises not primarily used for making gaming machines available, the Licensing Authority shall refuse to renew such permits.
161. Applicants for uFEC permits are expected to provide a scale plan of the premises with their application showing entrances/exits, location of CCTV cameras, cash desk, and machine locations as well as other features such as a bowling alley for example or play area which may form part of the premises.
162. The Licensing Authority will require applicants to demonstrate as a minimum:
- a full understanding of the maximum stakes and prizes of gambling that is permissible in unlicensed FECs;
 - that problem gambling information will be provided in the premises commensurate with its size and layout;
 - that the applicant has a written policy in place to deal with complaints and disputes which can be given to a customer on request;
 - that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act);
 - that staff are trained to recognise problem gambling and signpost a customer to problem gambling information;
 - that there is no direct access from the uFEC to an AGC or a licensed FEC area where adult only gaming machines are provided;
 - that staff have been trained in how to deal with complaints and disputes in line with the applicant's policy.
163. As applicants for uFEC permits will be working primarily with children, the Licensing Authority expects all applicants for uFEC permits to provide a

Commented [JB26]: This should make clear that incorrectly granted uFEC permits will not be renewed, although you are advised to discuss with your Legal Team

Disclosure and Barring Service (DBS) check dated within the last three months with their application.

164. The Licensing Authority will expect the applicant to show there are policies and procedures in place to protect children and vulnerable people from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits. However, they may include:
- measures/training for staff regarding suspected truant school children on the premises;
 - measures/training covering how staff will deal with unsupervised very young children being on the premises;
 - measures/training covering how staff would deal with children causing perceived problems on or around the premises.

Commented [JB27]: Guidelines only – insert your own requirements. You decide how to address applications for uFEC permits and there is no statutory form

Automatic entitlement to two gaming machines

165. Premises licensed to sell alcohol on the premises under the Licensing Act 2003 are automatically entitled to provide two gaming machines of Category C and/or D. The holder of the Premises Licence under the Licensing Act 2003 must notify the Licensing Authority of their intention to make the gaming machines available for use and must pay the prescribed fee.
166. This entitlement only relates to premises with a Licensing Act 2003 Premises Licence that authorises the sale of alcohol for consumption on the premises and which contain a bar at which alcohol is served without the requirement that alcohol is only sold ancillary to the provision of food.
167. Licensees siting gaming machines must comply with the relevant Gambling Commission Code of Practice.
168. Licensees must be aware that gaming machines can only be supplied by a person holding an Operating Licence from the Gambling Commission enabling them to do this. A register of licensed suppliers can be found on the Gambling Commission's website at www.gamblingcommission.gov.uk.
169. In the event that the relevant authorisation under the Licensing Act 2003 is transferred, lapses or is revoked, the automatic entitlement to two gaming machines ceases to have effect and a new notification will need to be served on the Licensing Authority.
170. The Licensing Authority will remove the automatic authorisation in respect of any particular premises if:
- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
 - gaming has taken place on the premises that breaches a provision of section 282 of the Gambling Act (i.e. that written notice has been

provided to the Licensing Authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);

- the premises are mainly used for gaming; or
- an offence under the Gambling Act has been committed on the premises.

Permit for three or more gaming machines

171. This policy applies to alcohol licensed premises that propose to have three or more gaming machines. Licensed premises wishing to have three or more gaming machines of Category C or D must apply to the Licensing Authority for a permit. This permit will replace the automatic entitlement to two gaming machines rather than be in addition to it and the holder must comply with the relevant Gambling Commission Code of Practice.

172. As gaming machines provide opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The Licensing Authority, on considering an application, will consider whether granting a permit would be appropriate on a case by case basis, but will specifically have regard to:

- the need to protect children and vulnerable people from harm or being exploited by gambling;
- measures taken by the applicant to satisfy the Licensing Authority that there are sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines;
- whether the applicant has an effective policy in place for handling customer complaints or disputes about the gaming machines.

Commented [JB28]: Guideline – insert own requirements

173. The Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives. However, appropriate measures may cover issues such as:

- the adult machines being in the sight of staff who will monitor that the machines are not being used by those under 18 and look for signs of problem gambling, attempts to cheat the machine, or suspected money laundering;
- notices and signage;
- the provision of information leaflets or helpline numbers for organisations who can assist with problem gambling.

Commented [JB29]: Insert own requirements

174. If the Licensing Authority is not satisfied that appropriate measures have been taken by the applicant to comply with this policy, it may refuse to grant the permit, or it may vary the number or category of gaming machines authorised by the permit.

175. The Licensing Authority may cancel a permit or may vary the number or category (or both) of gaming machines authorised by it if:
- (a) it would not be reasonably consistent with pursuit of the licensing objectives for the permit to continue to have effect,
 - (b) gaming has taken place on the premises in purported reliance on the permit but otherwise than in accordance with the permit or a condition of the permit,
 - (c) the premises are mainly use or to be used for making gaming machines available, or,
 - (d) an offence under the Gambling Act 2005 has been committed on the premises.
176. Before the Licensing Authority cancels or varies a permit it will give the permit holder 21 days' notice of its intention and allow him/her the opportunity to make a representation. If the permit holder requests a hearing the Licensing Authority will arrange a Licensing Sub-Committee hearing to consider the permit holder's representation and any other evidence available before making its determination.
177. When determining an application for an alcohol-licensed premises gaming machine permit, the Licensing Authority will consider each application on its own merits.

Prize Gaming Permits

178. This policy applies to applications for, or renewals of, Prize Gaming Permits. Gaming is prize gaming if the nature and size of the prize is not determined by the number of people playing or the amount paid for or raised by the gaming. Normally the prizes are determined by the operator before play commences.
179. Prize gaming may take place without a permit in various premises. These are casinos, bingo halls, adult gaming centres, licensed and unlicensed family entertainment centres and travelling fairs.
180. Given that the prize gaming will particularly appeal to children and young persons, the Licensing Authority will give weight to child protection issues.
181. The applicant will be expected to set out the types of gaming that they are intending to offer and will also be expected to demonstrate:
- an understanding of the limits to stakes and prizes set out in regulations;
 - that the gaming offered is within the law;
 - clear policies that outline the steps to be taken to protect children and vulnerable persons from harm.
182. The Licensing Authority will only grant a permit after consultation with the Police. This will enable the Licensing Authority to determine the suitability of the applicant in terms of any convictions that they may have that would make them

unsuitable to operate prize gaming, the suitability of the premises in relation to their location, and issues about disorder.

183. There are conditions in the Act with which the permit holder must comply, though the Licensing Authority cannot attach conditions. The conditions in the Act are:
- the limits on participation fees, as set out in regulations, must be complied with;
 - all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
 - the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
 - participation in the gaming must not entitle the player to take part in any other gambling.

Club Gaming and Club Machine Permits

184. Members clubs and miners' welfare institutes (but not commercial clubs) may apply for a club gaming permit or a club machine permit. Commercial clubs such as snooker clubs run on a profit basis may apply for a club machine permit. Each type of permit allows the provision of different types of gaming and provision of game machines. The current entitlements can be found by visiting the Gambling Commission's website (www.gamblingcommission.gov.uk).
185. A commercial club is defined as a club where membership is required but the club is operated for commercial gain.
186. A non-commercial club is a club where no commercial gain is made. A non-commercial club must meet the following criteria to be considered a members' club:
- it must have at least 25 members;
 - it must be established and conducted wholly or mainly for purposes other than gaming (with the exception of bridge or whist);
 - it must be permanent in nature;
 - it must not be established to make a commercial profit;
 - it must be controlled by its members equally.

Examples of these include working men's clubs, branches of the Royal British Legion and clubs with political affiliations.

187. The Licensing Authority may only refuse an application on the grounds that:

- a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- b) the applicant's premises are used wholly or mainly by children and/ or young persons;
- c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- d) a permit held by the applicant has been cancelled in the previous ten years; or
- e) an objection has been lodged by the Gambling Commission or the Police.

188. There is also a "fast-track" procedure available under the Act for premises that hold a club premises certificate under the Licensing Act 2003. Under the fast-track procedure there is no opportunity for objections to be made by the Gambling Commission or the Police, and the grounds upon which a Licensing Authority can refuse a permit are reduced. The grounds on which an application under this process may be refused are that:

- (a) the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.

189. There are statutory conditions on club gaming permits that no child may use a Category B or C gaming machine on the premises and that the holder complies with any relevant provision of a Gambling Commission Code of Practice about the location and operation of gaming machines.

190. The Licensing Authority will need to satisfy itself that the club meets the requirements of the Gambling Act 2005 to hold a club gaming permit. In order to do this, it may require proof of additional information from the operator such as:

- is the primary activity of the club something other than gaming?
- are the club's profits retained solely for the benefit of the club's members?
- are there 25 or more members?
- are the addresses of members of the club genuine domestic addresses and do most members live reasonably locally to the club?
- do members participate in the activities of the club via the internet?
- do guest arrangements link each guest to a member?
- is the 48 hour rule being applying for membership and being granted admission being adhered to?
- are there annual club accounts available for more than one year?
- how is the club advertised and listed in directories and on the internet?
- are children permitted in the club?

- does the club have a constitution and can it provide evidence that the constitution was approved by members of the club?
- is there a list of Committee members and evidence of their election by the club members?

191. When examining the club's constitution, the Licensing Authority would expect to see evidence of the following:

- Who makes commercial decisions on behalf of the club?
- Are the aims of the club set out in the constitution?
- Are there shareholders or members? Shareholders indicate a business venture rather than a non-profit making club.
- Is the club permanently established? (Clubs cannot be temporary).
- Can people join with a temporary membership? What is the usual duration of membership?
- Are there long term club membership benefits?

192. Aside from bridge and whist clubs, clubs may not be established wholly or mainly for the purposes of gaming. The Licensing Authority may consider such factors as:

- How many nights a week gaming is provided;
- How much revenue is derived from gambling activity versus other activity;
- How the gaming is advertised;
- What stakes and prizes are offered;
- Whether there is evidence of leagues with weekly, monthly or annual winners;
- Whether there is evidence of members who do not participate in gaming;
- Whether there are teaching sessions to promote gaming such as poker;
- Where there is a tie-in with other clubs offering gaming through tournaments and leagues;
- Whether there is sponsorship by gaming organisations;
- Whether participation fees are within limits.

Chapter Six Notices

Temporary Use Notices

193. This policy applies to applications for Temporary Use Notices. Temporary Use Notices allow the use of premises for gambling where there is no Premises Licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for gambling would include hotels, conference centres and sporting venues.
194. The Licensing Authority can only grant a Temporary Use Notice to a person or a company holding a relevant Operating Licence.
195. Currently, Temporary Use Notices can only be used to permit the provision of facilities for equal chance gaming, where the gaming is intended to produce a single overall winner.
196. The Licensing Authority, in considering applications for Temporary Use Notices, will consider whether gambling should take place, or should only take place with modifications to the TUN. In doing so, the Licensing Authority will consider:
 - the suitability of the premises;
 - the location of the premises, paying particular attention to its proximity to any schools, hostels or other sensitive premises;
 - the CCTV coverage within the premises;
 - the ability of the premises to provide sufficient staff and/or licensed door supervisors for the notice period;
 - whether the premises or the holder of the Operating Licence have given the Licensing Authority any cause for concern at previous events in relation to the licensing objectives, the guidance issued by the Gambling Commission, the relevant code of practice or this Statement of Principles.

Occasional Use Notices

197. The Licensing Authority has very little discretion on Occasional Use Notices for betting at tracks aside from ensuring the statutory limit of eight days a calendar year is not exceeded. The Licensing Authority will consider the definition of a “track” and whether the applicant can demonstrate they are responsible for the administration of the “track” or an occupier, and thus permitted to avail themselves of the notice. The definition of “track” in the Act is wider than dog tracks or horse racecourses and includes places where races or other sporting events take place. This could include major halls, hotels and other venues. If notices are given for a single track which would permit betting to occur for more than eight days per year, the Licensing Authority is obliged to issue a counter notice preventing such a breach occurring.

Chapter Seven

Small Society Lotteries

198. The Gambling Act 2005 provides that promoting or facilitating a lottery is illegal, unless it falls into one of two categories of permitted lottery, namely:
- licensed lotteries – these are large society lotteries and lotteries run for the benefit of local authorities that are regulated by the Commission and require operating licences
 - exempt lotteries – there are four types of exempt lottery that are expressly permitted under Schedule 11 of the Act, including the small society lottery.

Definition of lottery

199. A lottery is any arrangement that satisfies all of the criteria contained within the statutory description of either a simple lottery or a complex lottery, under s.14 of the Gambling Act 2005.
200. An arrangement is a simple lottery if:
- persons are required to pay to participate
 - one or more prizes are allocated to one or more members of a class
 - the prizes are allocated by a process which relies wholly on chance.
201. An arrangement is a complex lottery if:
- persons are required to pay to participate
 - one or more prizes are allocated to one or more members of a class
 - the prizes are allocated by a series of processes
 - the first of those processes relies wholly on chance.

Definition of society

202. A 'society' is the society, or any separate branch of such a society, on whose behalf a lottery is to be promoted. Section 19 of the Gambling Act 2005 defines a society as such if it is established and conducted:
- for charitable purposes, as defined in s.2 of the Charities Act 2006
 - for the purpose of enabling participation in, or of supporting, sport, athletics or a cultural activity
 - for any other non-commercial purpose other than that of private gain.
203. It is inherent in this definition that the society must have been established for one of the permitted purposes as set out in s.19 of the Act, and that the proceeds of any lottery must be devoted to those purposes. It is not permissible to establish a society whose sole purpose is to facilitate lotteries.

204. Participation in a lottery is a form of gambling. Lotteries must be conducted in a socially responsible manner and in accordance with the Act.
205. The minimum age for participation in a lottery is sixteen. The holder of a small society lottery registration must take reasonable steps to ensure that all those engaged in the promotion of their lottery understand their responsibilities for preventing underage gambling, returning stakes and not paying prizes to underage customers.

External Lottery Managers

206. External lottery managers (ELM's) are required to hold a lottery operator's licence issued by the Gambling Commission to promote a lottery on behalf of a licensed society.
207. However, individuals or firms can and do provide services to a society or local authority lottery without assuming the role of an ELM. When determining whether a third party is a 'service provider' only, or has assumed the role of an ELM, the degree of management undertaken by both the promoter and the sub-contractor will be crucial factors. Key indicators will include:
 - who decides how the lottery scheme will operate
 - who appoints and manages any sub-contractors
 - the banking arrangements for handling the proceeds of the lottery
 - who sells the tickets and pays the prizes
 - who controls promotional aspects of the lottery.
208. Societies employing an unlicensed ELM may be committing an offence and they will need to satisfy themselves that any ELM they employ holds the relevant operator's licence issued by the Commission. The Commission publishes a register of operating licences on its website at www.gamblingcommission.gov.uk.

Lottery Tickets

209. Lotteries may involve the issuing of physical or virtual tickets to participants (a virtual ticket being non-physical, for example in the form of an email or text message). All tickets must state:
 - the name of the promoting society
 - the price of the ticket, which must be the same for all tickets (e.g. there can be no option to 'buy two tickets, get one free')
 - the name and address of the member of the society who is designated as having responsibility at the society for promoting small lotteries or, if there is one, the ELM
 - the date of the draw, or information which enables the date to be determined.

210. The requirement to provide this information can be satisfied by providing an opportunity for the participant to retain the message electronically or print it.
211. The society should maintain written records of any unsold and returned tickets for a period of one year from the date of the lottery draw. The Licensing Authority may wish to inspect the records of the lottery for any purpose related to the lottery.

Where tickets may be sold

212. The Licensing Authority expects holders of small society lottery registrations not to sell lottery tickets to a person in any street. For these purposes 'street' includes any bridge, road, lane, footway, subway, square, court, alley or passage (including passages through enclosed premises such as shopping malls) whether a thoroughfare or not. Tickets may, however, be sold in a street from a static structure such as a kiosk or display stand. Tickets may also be sold door to door. Licensees must ensure that they have any necessary local authority permissions, such as a street trading licence, in order to do this.

Prizes

213. Prizes awarded in small society lotteries can be either cash or non-monetary. Prizes declared on returns must not exceed the limits on prizes set out by the Act - in effect that combined with any expenses incurred with the running of the lottery, such as managers' fees, they must not comprise more than 80% of the total proceeds of the lottery. Donated prizes would not be counted as part of this 80% (as no money would be withdrawn from the proceeds to cover their purchase) but are still subject to the limit on a single maximum prize of £25,000 and should be declared on the return following the lottery draw.
214. Alcohol should not be offered as a prize in a lottery without the society first ensuring that no Licensing Act 2003 consent is required for this from the Licensing Authority. If such consent is required, then alcohol shall not be offered as a prize unless such consent has been obtained.

Small society registration

215. The promoting society of a small society lottery must, throughout the period during which the lottery is promoted, be registered with a Licensing Authority. Parts 4 and 5 of Schedule 11 of the Act set out the requirements on both societies and Licensing Authorities with respect to the registration of small society lotteries.
216. The Licensing Authority with which a small society lottery is required to register must be in the area where their principal office is located.
217. Applications for small society lottery registrations must be in the form prescribed by the Secretary of State and be accompanied by both the required registration fee and all necessary documents required by the Licensing Authority to assess

the application. This information shall include a copy of the society's terms and conditions and their constitution to establish that they are a non-commercial society.

218. Societies may not circumvent the requirement to hold a Gambling Commission Lottery Operating Licence by obtaining two or more registrations with the same or different Licensing Authorities. As set out previously, the Act states that a society lottery is a large lottery if the arrangements for it are such that its proceeds may exceed £20,000 in a single lottery, or if the aggregate proceeds in a calendar year exceed £250,000.
219. In cases where a society has separate branches with different aims and objectives, it is acceptable for them to hold more than one licence or registration. However, in cases where a society holds more than one registration and the aims and objectives of those societies are the same, this may constitute a breach of the threshold limits for small society lotteries set out in Schedule 11 of the Act.
220. By virtue of Schedule 11 paragraph 31(5) of the Act, societies may not hold an Operating Licence with the Gambling Commission and a local authority registration with the same aims and objectives at the same time. This paragraph also provides for a statutory period of three years during which a large society cannot convert to small society status.
221. Registrations run for an unlimited period, unless the registration is cancelled.

Refusal of registration

222. The Licensing Authority may propose to refuse an application for any of the following reasons:
 - An operating licence held by the applicant for registration has been revoked or an application for an operating licence made by the applicant for registration has been refused, within the past five years. The Commission will be able to advise the details of people and organisations that have been refused an operating licence or have had an operating licence revoked in the past five years. Licensing Authorities should consult the Commission as part of their consideration process.
 - The society in question cannot be deemed non-commercial.
 - A person who will or may be connected with the promotion of the lottery has been convicted of a relevant offence, listed in Schedule 7 of the Act.
 - Information provided in or with the application for registration is found to be false or misleading.
223. The Licensing Authority may only refuse an application for registration after the society has had the opportunity to make representations. These can be taken at a formal hearing or via correspondence. The Licensing Authority shall inform the society of the reasons why it is minded to refuse registration and provide it with at least an outline of the evidence on which it has reached that preliminary conclusion, in order to enable representations to be made.

224. Insert the procedure for handling representations, which will be the same as how the LA handles representations for other gambling matters – e.g. time limits and then which Committee it will be heard by.

Revocation of a small society's registered status

225. The Licensing Authority may revoke the registration of a society if it thinks that they would have had to, or would be entitled to, refuse an application for registration if it were being made at that time. The Licensing Authority will inform the society of the reasons why it is minded to revoke the registration and provide them with the evidence on which it has reached that preliminary conclusion. State how representations will be handled as above.

Administration and returns

226. The Act requires that a minimum proportion of the money raised by the lottery is channelled to the goals of the society that promoted the lottery. If a small society lottery does not comply with these limits it will be in breach of the Act's provisions, and consequently be liable to prosecution.
227. The limits are as follows:
- at least 20% of the lottery proceeds must be applied to the purposes of the society (Schedule 11, paragraph 33)
 - no single prize may be worth more than £25,000 (Schedule 11, paragraph 34)
 - rollovers between lotteries are only permitted where every lottery affected is also a small society lottery promoted by the same society, and the maximum single prize is £25,000 (Schedule 11, paragraph 35)
 - every ticket in the lottery must cost the same and the society must take payment for the ticket fee before entry into the draw is allowed (Schedule 11, paragraph 37).
228. Paragraph 39 of Schedule 11 in the Act sets out the information that the promoting society of a small society lottery must send as returns to the Licensing Authority with which it is registered, following each lottery held. This information allows Licensing Authorities to assess whether financial limits are being adhered to and to ensure that any money raised is applied for the proper purpose. The following information must be submitted:
- the arrangements for the lottery - specifically the date on which tickets were available for sale or supply, the dates of any draw and the value of prizes, including any donated prizes and any rollover
 - the total proceeds of the lottery
 - the amounts deducted by the promoters of the lottery in providing prizes, including prizes in accordance with any rollovers
 - the amounts deducted by the promoters of the lottery in respect of costs incurred in organising the lottery

- the amount applied to the purpose for which the promoting society is conducted (this must be at least 20% of the proceeds)
- whether any expenses incurred in connection with the lottery were not paid for by deduction from the proceeds, and, if so, the amount of expenses and the sources from which they were paid.

229. Paragraph 39 of Schedule 11 in the Act also requires that returns must:

- be sent to the Licensing Authority no later than three months after the date of the lottery draw, or in the case of 'instant lotteries' (scratchcards) within three months of the last date on which tickets were on sale
- be signed (electronic signatures are acceptable if the return is sent electronically) by two members of the society, who must be aged 18 or older, are appointed for the purpose in writing by the society or, if it has one, its governing body, and be accompanied by a copy of their letter or letters of appointment.

230. The Gambling Commission may inspect a society's returns, although it will not routinely do so. The Licensing Authority is required to retain returns for a minimum period of three years from the date of the lottery draw. They must also make them available for inspection by the general public for a minimum period of 18 months following the date of the lottery draw. **State how the public can view lottery returns and where.**

231. The Licensing Authority will monitor the cumulative totals of returns to ensure that societies do not breach the annual monetary limit of £250,000 on ticket sales. The Licensing Authority must notify the Commission if returns reveal that a society's lotteries have exceeded the values permissible, and such notifications will be copied to the society in question. The Gambling Commission will contact the society to determine if they are going to apply for a lottery operator's licence, thereby enabling them to run large society lotteries lawfully, and will inform the Licensing Authority of the outcome of its exchanges with the society.

Appendix One Consultation

A public consultation was carried out in respect of this Statement of Principles from (insert dates of consultation). As well as sending consultation letters and emails directly to the parties mentioned in the Introduction and Overview, a public notice was displayed at the Council offices at (insert locations where notice displayed – should at least be ‘main’ building e.g. Town Hall or Civic Centre, but ideally should be at any buildings used frequently by the public) for the duration of the consultation and an advertisement of the consultation was published in (insert name of local newspaper) on (insert date published).

*** responses were received to the consultation.

Summarise the questions you asked and the responses here.

The draft Statement of Principles was published on the Council's website for a period of four weeks commencing **** and was also made available at the following public libraries for the same period:

This Statement of Principles was considered by the Council's Licensing Sub Committee on ***, by the Cabinet on *** and approved by Full Council on ***.

A notice was published on the Council's website and at the (insert name of the Council buildings used, e.g. Town Hall, Civic Centre) on **** stating where the Statement of Principles could be inspected (including the internet address), the date the Statement of Principles would be published, and the date it would take effect.

Appendix 6. Summary of licensing authority delegations permitted under the Gambling Act 2005 – Page 34

1. The Licensing Objectives

In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Gambling Act 2005. The licensing objectives are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- Ensuring that gambling is conducted in a fair and open way
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

Sevenoaks District Council as the Licensing authority for the Sevenoaks District will aim to permit the use of premises for gambling as set out in section 153 of the Gambling Act 2005.

Principles to be applied - Section 153

(1) In exercising its functions a licensing authority will only permit the use of premises for gambling:

- a) in accordance with any relevant code of practice under section 24;
- b) in accordance with any relevant guidance issued by the Commission under section 25;
- c) reasonably consistent with the licensing objectives (subject to paragraphs (a) and (b));
- d) in accordance with the statement published by the authority under section 349 (subject to paragraphs (a) to (c)).

(2) In determining whether to grant a Premises licence a licensing authority must not have regard to the expected demand for gambling premises that are the subject of the application.

(3) Any objection to an application for a Premises licence or request for a review of an existing licence should be based on the licensing objectives of the Gambling Act 2005. It should be noted that, unlike the Licensing Act 2003, the Gambling Act 2005 does not include as a specific licensing objective of prevention of public nuisance. There is however other relevant legislation which deals with public nuisance.

2. Introduction

Sevenoaks District Council is situated in the County of Kent. Kent contains 12 Borough and District Councils with 1 Unitary Authority.

The Sevenoaks District Council area covers 142 square miles and has an estimated population of 110,000. The area is mainly rural with 4 main towns comprising Sevenoaks, Swanley, Edenbridge and Westerham. The Sevenoaks District Council Area

Licensing authorities are required by the Gambling Act 2005 to publish a Gambling Policy statement setting out the principles that they propose to apply when exercising their functions. This statement may be reviewed from time to time but must be republished at least every three years.

In determining its policy the Licensing authority must have regard to Gambling Commission guidance and give appropriate weight to the views of those who respond to its consultation.

The Authority will consult widely on the Gambling Policy statement before being finalised and published.

The Gambling Act requires that the following parties be consulted by Licensing Authorities:

- the chief officer of police for the authority's area;
- one or more persons who appear to the authority represent the interests of persons carrying on gambling businesses in the authority's area;
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.

The persons consulted when preparing this Policy statement was deliberately wide. A list of those persons consulted is attached at appendix 4.

The consultation for the policy took place between 9th September 2021 and 20th October 2021. The Authority has followed the Revised Code of Practice (April 2004) and the Cabinet Office Guidance on consultations by the public sector.

The full list of comments made and the consideration by the Authority of those will be

available upon request to: The Licensing Team via [email](#) or by telephone 01732 227004.

The policy is published on [Sevenoaks District Council's website](#).

This policy statement will not override the right of any person to make an application, make representations about an application or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final licensing policy statement, this Licensing authority declares that it will have had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission and any responses from those consulted on the policy statement.

Appendices have been attached to this statement providing further information and guidance that is intended only to assist readers, and should not be interpreted as legal advice or as part of the Council's policy. Readers are strongly advised to seek their own legal advice if they are unsure of the requirements of the Gambling Act 2005, the Guidance, or regulations issued under the Act.

4. Casinos

Proposal for a casino - This Licensing authority did submit a proposal to the Independent Casinos Advisory Panel within the Sevenoaks District Council area. However, it was not successful.

No Casinos resolution – This Licensing authority has not passed a 'no casino' resolution under Section 166 of the Gambling Act 2005, and is aware that it has the power to do so. Should this Licensing authority decide to pass such a resolution, it will update this policy statement with details of that resolution.

5. Functions

The following functions are dealt with by the Licensing Authority –

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises licences
- Issue Provisional Statements
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) of the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- Register small society lotteries below prescribed thresholds

- Issue Prize Gaming Permits
- Receive and endorse Temporary Use Notices
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section 8 on 'information exchange')
- Maintain registers of the permits and licences that are issued under these functions

The following functions are dealt with by the Gambling Commission –

- Issue and renewal of Operating Licences
- Review Operating Licences
- Issue Personal Licences
- Issue Codes of Practice
- Issue Guidance to Licensing Authorities
- Licence remote gambling through Operating Licences
- Issue licences in relation to the manufacture, supply, installation, adaptation, maintenance or repair of gaming machines

The following functions are dealt with by the Gambling Appeals Tribunal –

- Deal with appeals against Commission decision

The Licensing authority is not involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences.

Concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

6. Operators

Gambling businesses are required to have an operator licence issued by the Gambling Commission before they can operate in Great Britain. Operator licences can be issued for up to ten different types of gambling activity and a separate licence is needed for both remote and non-remote gambling of the same types.

An operator licence gives a general authorisation for a business to provide gambling facilities, but a business wishing to provide non-remote gambling facilities in a Licensing authority area is required to apply for a premises licence that is specific to the particular premises.

Operators are required to comply with conditions attached to both their operator and individual premises licences. They are also required to adhere to the mandatory provisions in the Gambling Commission's Social Responsibility Code of Practice and take account of the provisions in the Ordinary Code of Practice (although these are not mandatory). The Licence Conditions and Codes of Practice (LCCP) were updated in April 2018, and have introduced significant new responsibilities for operators in relation to their local premises. With effect from April 2016, all non-remote licensees that run gambling premises will be required to assess the local risks to the licensing objectives arising from each of their premises and have policies, procedures and control measures to mitigate them. Licensees are required to take into account the Licensing authority's statement of principles in developing their risk assessments.

7. Risk Assessments

Gambling operators are required to undertake a risk assessment for all their existing premises from 6th April 2016. In undertaking their risk assessments, they must take into account relevant matters identified in the Licensing authority's Statement of Policy. The Licensing authority expects applicants for Premises licences in its area to submit a risk assessment with their application when applying for a new or variation to a premises licence or when changes in the local environment or the premises warrant a risk assessment to be conducted again.

The risk assessment should demonstrate the applicant has considered, as a minimum:

- a. local crime statistics;
- b. any problems in the area relating to gambling establishments such as anti-social behaviour or criminal damage;
- c. the location of any nearby sensitive premises, such as hostels and other facilities used by vulnerable persons e.g. drug and alcohol addictions;
- d. whether there is a prevalence of street drinking in the area, which may increase the risk of vulnerable persons using the premises;
- e. the type of gambling product or facility offered;
- f. the layout of the premises;
- g. the external presentation of the premises;
- h. the location of nearby transport links and whether these are likely to be used by children or vulnerable persons;
- i. the customer profile of the premises;
- j. staffing levels;
- k. staff training, knowledge and experience;
- l. whether there is any indication of problems with young persons attempting to access adult gambling facilities in that type of gambling premises in the area.

The licensing authority expects a copy of the risk assessment to be held at each premises so that it can be inspected by officials and staff alike.

8. Responsible Authorities

In exercising this licensing authority's powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm, the following principles have been applied:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area and

- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the Gambling Commission's Guidance for local authorities this authority designates the following for this purpose:

Children's and Families - KCC Social Service

The contact details of all the Responsible Bodies under the Gambling Act 2005 are listed at Appendix 3.

9. Interested parties

The Licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

Section 158 of the Gambling Act 2005 says a person is an interested party if he/she;

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities;
- b) has business interests that might be affected by the authorised activities or;
- c) represents persons who satisfy paragraph (a) or (b).

An interested party can make representations about licence applications or apply for a review of an existing licence.

Each application will be decided upon its merits. This Authority will not apply rigid rules to its decision-making. However, it will consider the following (Gambling Commission's Guidance to local authorities (paragraphs 6.33 and 6.34))

The Gambling Commission has emphasised that 'demand' cannot be a factor in determining applications.

Gambling Commission's Guidance states that moral objections to gambling are not a valid reason to reject applications for premises licences, as such objections do not relate to the licensing objectives (Guidance to Licensing Authorities Para 5.34). All objections must be based on the licensing objectives.

The Gambling Commission has recommended that the licensing authority state within its Gambling Policy Statement that interested parties may include trade associations, trade unions, and residents and tenants' associations (paragraph 8.16). However, this Authority will not generally view these bodies as interested parties unless they have a member who can be classed as such under the terms of the Gambling Act 2005. (i.e. lives sufficiently close to the premises and is likely to be affected by the application.)

Interested parties can be persons who are democratically elected, such as Councillors and MP's. No evidence of being asked to represent an interested person will be required provided the Councillor/MP represents the relevant ward. Likewise, parish councils may be considered to be interested parties. Apart from these exceptions this Authority will require written evidence that a person/body/advocate/relative) represents someone likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter of authorisation from one of these persons, requesting the

representative to speak on their behalf will be sufficient.

Councillors who are on the Licensing Committee dealing with the licence application will not be able to make representations. If there are any doubts then please contact The Licensing Team via [email](#) or by telephone 01732 227004.

10. Exchange of Information

Licensing Authorities are required to include in their Gambling Policy Statement the principles to be applied by the Authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this Licensing authority will apply is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information and the provision that the Data Protection Act 1998 (DPA) or the General Data Protection Regulations (GDPR) will not be contravened. The Licensing authority will have regard to any Guidance issued by the Gambling Commission on this matter as well as any regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

We recognise the need to share information with other agencies about our inspections and compliance activities. The Council has various policies relating to General Data Protection Regulations (GDPR), which will be considered when deciding what information to share and the process for doing so. The Council is also a signatory to the Kent & Medway Information Sharing Agreement, which allows the sharing of information between Agencies for the purpose of the preventions and detection of crime and for public protection.

Information can be accessed by data subjects via a number of routes including a Freedom of Information Request or a Subject Access Request.

11. Enforcement

This Licensing authority will act in accordance with the relevant legislation and guidance from the Gambling Commission and adopt the principles of better regulation set out in the Regulators Compliance Code.

The purpose of this Licensing authority's enforcement protocol is to facilitate co-operation and co-ordination between enforcement agencies in pursuance of both the Gambling Act 2005 and the Licensing Act 2003. A copy can be requested from Sharon Bamborough, Head of the Licensing Partnership via [email](#) or by telephone 01732 227004.

In accordance with the Gambling Commission's Guidance for local authorities this Licensing authority will endeavour to avoid duplication with other regulatory regimes so far as is possible.

This Licensing authority, as recommended by the Gambling Commission's Guidance, has adopted a risk-based inspection programme.

Licensing authorities are required by regulation under the Gambling Act 2005, to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

This Licensing authority's principles are that:

It will adopt the guidance for local authorities and it will endeavour to be:

a. Proportionate:

regulators should only intervene when necessary;
remedies should be appropriate to the risk posed, and
costs identified and minimised.

b. Accountable:

regulators must be able to justify decisions, and
be subject to public scrutiny.

c. Consistent:

rules and standards must be joined up and
implemented fairly;

d. Transparent:

regulators should be open, and keep regulations simple and user friendly;
and

e. Targeted:

regulation should be focused on the problem, and minimise side effects.

New premises, premises under new management, premises where complaints have been received or intelligence received relevant to the licensing objectives and premises or operators where compliance failings have been identified previously will attract a higher risk rating. Premises located in areas where there have been incidents of crime affecting or relating to gambling premises, or where the premises themselves have been the victims or involved in such crime, shall also attract a higher risk rating. The Council will conduct baselining assessments to assess initial risk ratings for gambling premises in its district.

The Licensing authority operates a partnership approach to dealing with enforcement matters concerning licensed premises. This may include working with the Police or any of the other responsible authorities under the Act, or working with colleagues from other Council departments or outside agencies.

The Licensing authority needs to be satisfied premises are being run in accordance with the provisions of the Act, the licensing objectives, the Licence Conditions and Codes of Practice issued by the Gambling Commission and any conditions attached to the Premises licence. To achieve this, the Licensing authority will inspect premises, look at gambling facilities, gaming machines and policies and procedures, meet with licence holders and carry out general monitoring of areas as necessary.

Inspection and enforcement under the Act will be based on the principles of risk assessment, a graduated response and the targeting of problem premises. The frequency of inspections

will be determined on risk-based criteria with high risk operations receiving more attention than premises carrying lower risk.

Premises found to be fully compliant will attract a lower risk rating. Those where breaches are detected will attract a higher risk rating.

The Licensing authority will take appropriate enforcement action against those responsible for unlicensed premises/activity. Action will be carried out in accordance with the Enforcement Policy.

The main enforcement and compliance role for this Licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises.

The Gambling Commission will be the enforcement body for Operating and Personal Licences.

Concerns relating to manufacture, supply or repair of gaming machines, or concerns relating to on-line or remote gambling is part of the Commissions role.

11. Gambling Prevalence and Problem Gambling

Participation in gambling and rates of problem gambling published in April 2018 on the Gambling Commission website by NHS Digital showed that:

- f. 56% of people in England gambled in 2016
- g. 42% of people in England (excluding those who had only played National Lottery draws) gambled in 2016
- h. 0.7% of people in England identified as problem gamblers
- i. 1.2% of gamblers in England identified as problem gamblers
- j. 3.6% of people in England were at low or moderate risk of developing problems with their gambling
- k. 6.6% of gamblers in England are at low or moderate risk of developing problems with their gambling

Problem gambling can have a detrimental effect on personal finances as the attempt to chase losses becomes unmanageable. As well as spending wages, savings and spare cash, debts can also be a feature of problem gambling as a result of borrowings and loans to cover gambling losses. However, the effects of problem gambling can cost more than money.

Problem gamblers often say they feel isolated as a result of their solitary pursuits of chasing losses. There is a tendency to stay away from school, college or work in order to gamble. In addition, there is often a preoccupation with gambling, a lack of interest in maintaining relationships and a lack of motivation to engage in social activities.

There is often reluctance amongst gamblers to spend money on items of clothing or household goods as this expenditure is often seen as funds for gambling. There can also be an unwillingness to pay utility bills as money would rather be used for gambling purposes.

Problem gambling can be progressive in nature and problem gamblers can end up engaging

in criminal activity to fund their gambling. This can lead to lifelong consequences with criminal convictions.

<http://www.gamblingcommission.gov.uk/news-action-and-statistics/Statistics-and-research/Levels-of-participation-and-problem-gambling/Levels-of-problem-gambling-in-England.aspx>

There are around 280,000 problem gamblers in England alone, according to a 2018 study by NHS Digital, although a YouGov survey earlier this year found there could be 1.4 million across the UK. (29 Oct 2020)

When respondents who had only taken part in National Lottery draws were excluded, the overall participation rate was down from 32% in 2019 to 28% in 2020. In other activities, there were decreases in participation in in-person football pools, bingo, betting on horse races, betting on other events and casino games. (25 Feb 2021)

Appendix 1

Factors to be taken into account when considering applications for premises licences, permits and other permissions including matters that will be considered when determining whether to review a licence.

1. Permits

(i) **Unlicensed Family Entertainment Centre (FEC) gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)**

Where a premises does not hold a premises licence but wishes to provide gaming machines it may apply to the licensing authority for this permit.

The applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

Sevenoaks District Council has considered and intends to require applicants to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed family entertainment centres;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and
- that staff are trained to have full understanding of the maximum stakes and prizes.

It should be noted that a licensing authority cannot attach conditions to this type of permit and that the “statement of principles” only applies to initial applications and not to renewals (paragraph 18(4)).

For initial applications, the licensing authority need not (but may) have regard to the licensing objectives but shall need to have regard to any Gambling Commission guidance.

The Gambling Commission’s Guidance for local authorities states: “In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits...., licensing authorities may want to give weight to child protection issues.

The Gambling Commission’s Guidance also states: “An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application.

Statement of Principles: This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits. However, they may include appropriate measures/training for staff as regards suspected truant school children on the premises, measures/training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

An uFEC Permit is only where the applicant wishes to make Cat D gaming machines available (i.e. machines that may be played by children). It is not for any other type of gaming machine

With regard to renewals of these permits, a licensing authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse or that renewal would not be reasonably consistent with pursuit of the licensing objectives.

(ii) (Alcohol) Licensed premises gaming machine permits – (Schedule 13 Para 4(1))

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act 2005 (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with)
- the premises are mainly used for gaming; or
- an offence under the Gambling Act 2005 has been committed on the premises.

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and “*such matters as they think relevant.*” This licensing authority considers that “such matters” will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines.

Measures which will satisfy this authority that there will be no access may include the adult machines being in sight of the bar or in the sight of staff that will monitor that the machines are not being used by those under 18 years old. Notices and signage may also help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets/helpline numbers for organisations such as GamCare.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

(ii) Prize Gaming Permits – (Statement of Principles on Permits - Schedule 14 Para 8 (3))

Given that the premises will particularly appeal to children and young persons, in considering what to take into account in the application process and what information to request from the applicant, Sevenoaks District Council will want to give weight to child protection issues and will ask the applicant to set out the types of gaming that he or she is intending to offer. The applicant will be expected to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. These will also apply to UFEC permits.

- What staff should do if they suspect that truant children are on the premises;
- How staff should deal with unsupervised young children on the premises;
- How staff should deal with children causing perceived problems on or around the premises;
- Safeguarding awareness training; and
- An enhanced criminal record check for staff or equivalent criminal records check for the applicant and also the person who has the day to day control of the premises;

The applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law.

In making its decision on an application for this permit the licensing authority need not (but may) have regard to the licensing objectives and shall have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 that the permit holder must comply with but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize) or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

(M) Club Gaming and Club Machines Permits

Members Clubs and Miners' Welfare Institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Club Gaming Machine Permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D), equal chance gaming and games of chance as set-out in regulations. A Club Machine Permit will enable the premises to provide gaming machines (3 machines of categories B3A, B4, C or D).

The Gambling Commission's Guidance for local authorities states: "Members Clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, they must be permanent in nature, not established to make a commercial profit and must be controlled by their members equally unless the gaming is permitted by separate regulations. The Secretary of State has made such regulations and these cover bridge and whist clubs. A Members' Club must be permanent in nature and established and conducted for the benefit of its members and not a commercial enterprise. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations." (25.5)

The Licensing authority is aware that it may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Gambling Commission or the police.

The Licensing authority will need to satisfy itself that the club meets the requirements of the Gambling Act 2005 to hold a club gaming permit. In order to do this, it may require proof of additional information from the operator such as:

- Is the primary activity of the club something other than gaming?
- Are the club's profits retained solely for the benefit of the club's members?
- Are there 25 or more members?
- Are the addresses of members of the club genuine domestic addresses and do most members live reasonably locally to the club?
- Do members participate in the activities of the club via the internet?
- Do guest arrangements link each guest to a member?
- Is the 48 hour rule being applied for membership and being granted admission being adhered to?
- Are there annual club accounts available for more than one year?
- How is the club advertised and listed in directories and on the internet?
- Are children permitted in the club?
- Does the club have a constitution and can it provide evidence that the constitution was approved by members of the club?

- Is there a list of Committee members and evidence of their election by the club members?

When examining the club's constitution, the Licensing authority would expect to see evidence of the following:

- Who makes commercial decisions on behalf of the club?
- Are the aims of the club set out in the constitution?
- Are there shareholders or members? (Shareholders could indicate a business venture rather than a non-profit making club).
- Is the club permanently established? (Clubs cannot be temporary).
- Can people join with a temporary membership? What is the usual duration of membership?
- Are there long term club membership benefits?

Aside from bridge and whist clubs, clubs may not be established wholly or mainly for the purposes of gaming. The Licensing authority may consider such factors as:

- How many nights a week gaming is provided;
- How much revenue is derived from gambling activity versus other activity;
- How the gaming is advertised;
- What stakes and prizes are offered;
- Whether there is evidence of leagues with weekly, monthly or annual winners;
- Whether there is evidence of members who do not participate in gaming;
- Whether there are teaching sessions to promote gaming such as poker;
- Where there is a tie-in with other clubs offering gaming through tournaments and leagues;
- Whether there is sponsorship by gaming organisations;
- Whether participation fees are within limits

There is also a **'fast-track' procedure** available under the Act for premises that hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12, paragraph 10). As the Gambling Commission's Guidance for local authorities' states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the grounds upon which an authority can refuse a permit are reduced" and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B3A, B4 or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

Appendix 2**2. Premises licences****(i) Decision making - general:**

Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and Regulations, as well as specific mandatory and default conditions detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

This Licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

Any conditions attached to licences by the Licensing authority will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to the way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in a non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance and licence conditions and codes of practice .

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;

- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons less than 18 years of age.

These conditions will apply to premises including buildings where multiple premises licences are applicable. This does not apply to AGC or betting premises.

The licensing authority is aware that tracks may be subject to one or more than one premises licence provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

There are also conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated) and
- conditions in relation to stakes, fees, winning or prizes.

(ii) "Premises":

Premises is defined in the Act as "any place". It is for the licensing authority to decide whether different parts of a building can be properly regarded as being separate premises and as the Guidance for local authorities' states, it "will always be a question of fact in the circumstances". The Gambling Commission does not however consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

Sevenoaks District Council will have regard to the Gambling Commission's guidance on the division of premises and access between premises.

This licensing authority takes particular note of the Guidance for local authorities which states that in considering applications for multiple licences for a building (split premises) or those for a specific part of the building to be licensed, licensing authorities should be aware that:

- the third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling but also that they are not permitted to be in close proximity to gambling. Therefore premises

should be configured so that children are not invited to participate in, have accidental access to, or closely observe gambling where they are prohibited from participating; and

- entrances and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.

Licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

In determining applications, the licensing authority should not take into consideration matters that are not related to gambling and the licensing objectives. One example would be the likelihood of the applicant obtaining planning permission or building regulations approval for their proposal. Licensing authorities should bear in mind that a premises licence, once it comes into effect, authorises premises to be used for gambling. Accordingly, a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use. Equally, licences should only be issued where they are expected to be used for the gambling activity named on the licence. This is why the Act allows a potential operator to apply for a provisional statement if construction of the premises is not yet complete, or they need alteration, or he does not yet have a right to occupy them. Part 11 of this guidance gives more information about provisional statements.

As the Court has held in a 2008 case¹⁹, operators can apply for a premises licence in respect of premises which have still to be constructed or altered, and licensing authorities are required to determine any such applications on their merits. Such cases should be considered in a two stage process; first, licensing authorities must decide whether, as a matter of substance after applying the principles in s.153 of the Act, the premises ought to be permitted to be used for gambling; second, in deciding whether or not to grant the application a licensing authority will need to consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

(iii) Location:

This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder.

(iv) Planning:

Planning and licensing are different regulatory systems and will be dealt with separately. The Gambling Commission's Guidance states: "When dealing with a premises licence application for finished buildings, the licensing authority should not take into account whether those buildings have or comply with the necessary planning or building consents. Those matters should be dealt with under relevant planning control, building and other regulations and not form part of the consideration for the premises licence. Section 210 of the 2005 Act prevents licensing authorities taking into account the likelihood of the proposal by the applicant obtaining planning or building consent when considering a premises licence application. Equally the grant of a gambling premises licence does not prejudice or prevent any action that may be appropriate under the law relating to planning or building."

(v) Duplication:

As stated in section nine on Enforcement, as per the Gambling Commission's Guidance for local authorities this licensing authority will seek to avoid duplication with other regulatory regimes so far as possible.

(vi) Door Supervisors:

The Gambling Commission's Guidance advises local authorities that licensing authorities may require persons operating premises in which gambling takes place to take measures such as the supervision of entrances; segregation of gambling from non-gambling areas frequented by children (assuming such non-gambling areas are compatible with requirements of the Act); and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives.

Any person employed to fulfil a condition on a premises licence that requires door supervision should hold a relevant licence issued by the Security Industry Authority (SIA).

It is to be noted that door supervisors at licensed casino or bingo premises are exempt from the requirements of the Private Security Industry Act 2001. Where an authority imposes door supervision requirements on such licences, the personnel will not need licensing under the 2001 Act.

This licensing authority therefore has specific requirements for door supervisors working at casinos or bingo premises, where there are multiple licensable activities and/or the Police Licensing Officer has concerns about the licensing objectives being undermined.

Where the premises is licensed under the Licensing Act 2003 door supervisors will be required to hold a relevant licence issued by the Security Industry Authority (SIA).

(vii) Split Premises

The Gambling Commission's Guidance states that a building can, in principle, be divided into more than one premises and be subject to more than one Premises licence provided they are for different parts of the building, and the different parts of the building can reasonably be regarded as being different premises. An example is given of units within a shopping mall, where each unit is separate self-contained premises contained within one building. It is also possible for licensed premises to be located next to each other.

The Gambling Commission state they do 'not consider that areas of a building that are artificially separated, for example by ropes or moveable partitions, can properly be regarded as separate premises'.

Whether different parts of a building can be reasonably regarded as different premises will depend on the circumstances of the individual building and how any division is proposed. To agree to accept applications to grant or vary a licence for a building which has been divided, the Licensing authority will need to be satisfied the premises are genuinely separate premises, and not an artificially created additional part of single premises.

In considering whether different areas of a building are genuinely separate premises the Licensing authority will take into account factors which will include:

- whether there are separate registrations for business rates in place for each premises;
- whether separate sets of staff work in the individual premises;
- whether there is a separate cash desk/reception for each of the premises;
- whether each premises has its own postal address;
- whether the premises are owned or operated by the same person;
- whether each of the premises can be accessed from a street or public passageway;
- whether the premises can only be accessed from any other gambling premises.

When considering proposals to divide a building into separate premises, the Licensing authority will also need to be satisfied that the form of separation between the premises is appropriate.

The separation between one premises and another must be clearly defined. Any barrier used to separate one premises from another must be permanent and constructed so the public cannot go from one premises to another.

It may be acceptable for staff working in adjacent premises to have access through barriers between premises. The applicant must demonstrate that in providing staff access there are suitable control measures in place that will ensure the safety and security of staff and will prevent the public from using the same access point to enter the other premises.

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations 2007 restrict access to different types of licensed gambling premises. In considering proposals to divide a building into different premises, the Licensing authority will have to be satisfied that proposals to divide buildings are compatible with the mandatory conditions relating to access between premises.

The Guidance at paragraph 7.22 states "There is no definition of 'direct access' in the Act or Regulations, but Licensing Authorities may consider that there should be an area

separating the premises concerned (for example a street or café), which the public go to for purposes other than gambling, for there to be shown to be no direct access.”

It is the Licensing authority’s opinion that any area which separates licensed premises, and from which those premises can be accessed, must be genuinely separate premises which are habitually and actually used by members of the public other than those using the licensed premises.

The Licensing authority does not consider that provisions which prohibit direct access between licensed premises are satisfied where licensed premises are separated by an area created artificially within a building principally for members of the public attending the licensed premises, irrespective of whether this area is unlicensed or provides non- gambling facilities, for example refreshments or cashpoint machines.

Where the Licensing authority is satisfied that a building can be divided into separate premises it will expect applicants to ensure that:

- the premises are configured so that children are not invited to participate in, have accidental access to, or closely observe gambling to which they are prohibited from taking part;
- the premises are not configured so children are likely to enter an adult only area to join a parent gambling in that adult only area,
- entrances and exits from parts of a building covered by one or more Premises licences are separate and identifiable so the separation of different premises is not compromised and people do not ‘drift’ into a gambling area. In this context it should be possible to access the premises without going through another licensed premises or premises with a permit;
- customers should be able to participate in the activity named on the Premises licence.

This is not an exhaustive list and the Licensing authority will consider other aspects based on the merits of the application.

(viii) Access to Premises

The Gambling Act 2005 (Mandatory and Default Conditions) Regulations set out access provisions for each type of licensed gambling premises. The broad principle is there can be no direct access from one licensed gambling premises to another, except between premises which allow those aged under-18 to enter and with the further exception that licensed betting premises may be accessed via other licensed betting premises.

‘Direct access’ is not defined, but the Licensing authority will consider there should be an area such as a street or café to which the public attend for purposes other than gambling for there to be no direct access.

Types of Premises and their access provisions

Casino

- The principal access to the premises must be from a 'street';
- No entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons;
- No customer must be able to access a casino directly from any other premises which holds a gambling premises licence.

Adult Gaming Centre

- No customer must be able to access the premises directly from any other licensed gambling premises;

Betting Shop

- Access must be from a 'street' or from other premises with a betting licence;
- No direct access is permitted from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be any entrance to a betting shop from a shop of any kind unless that shop is in itself a licensed betting premises.

Track

- No customer must be able to access the premises directly from a casino or Adult Gaming Centre

Bingo Premises

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

Family Entertainment Centre

- No customer must be able to access the premises directly from a casino, an Adult Gaming Centre or a betting premises, other than a track.

(ix) Licensing objectives:

This licensing authority has considered the Gambling Commission's Guidance to local authorities in respect of the licensing objectives.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime:

Ensuring that gambling is conducted in a fair and open way:

Protecting children and other vulnerable persons from being harmed or exploited by gambling:

(x) Reviews:

Interested parties or responsible authorities can make requests for a review of a premises licence; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the following matters:

- it is in accordance with any relevant code of practice issued by the Gambling Commission;
- it is in accordance with any relevant guidance issued by the Gambling Commission;

- it is reasonably consistent with the licensing objectives; and
- it is in accordance with the authority's statement of licensing policy.

Consideration will be given as to whether the request is frivolous, vexatious, or will certainly not cause this authority to wish to alter/ revoke/ suspend the licence, or whether it is substantially the same as previous representations or requests for review.

The licensing authority can also initiate a review of a licence on the basis of any reason that it thinks is appropriate.

(xi) Provisional Statements:

This licensing authority notes the Gambling Commission's Guidance for the Gambling Commission which states that:

- "It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence." and that
- "Requiring the building to be complete ensures that the authority can inspect it fully".

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by objectors at the provisional licence stage; or
- (b) which is in the authority's opinion reflect a change in the operator's circumstances.

(xii) Adult Gaming Centres (AGC):

This licensing authority particularly notes the Gambling Commission's Guidance which states: "No-one under the age of 18 years of age is permitted to enter an AGC. Licensing authorities will wish to have particular regard to the location of an entry to AGCs to minimise the opportunities for children to gain access. This may be of particular importance in areas where young people may be unsupervised and an AGC is in a complex, such as a shopping centre or airport."

Because gaming machines provides opportunities for solitary play and immediate payouts, they are more likely to engender repetitive and excessive play. The licensing authority in considering premises licences for AGC's will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds are not attracted to, or gain access to, the premises.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- Proof of age schemes

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiii) (Licensed) Family Entertainment Centres (FECs):

Family Entertainment Centres are wholly or mainly used for having gaming machines available for use.

This licensing authority will, as per the Gambling Commission's Guidance refer to the Commission's website to see any conditions that apply to operator licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

Gaming machines are a form of gambling which is attractive to children and licensed FEC's will contain both Category D machines on which they are allowed to play, and Category C machines on which they are not. Since gaming machines provide opportunities for solitary play and for immediate pay outs, they are more likely to engender repetitive and excessive play. The licensing authority, in considering applications for FEC Premises licences, will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

The licensing authority will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures/licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of areas
- Location of entry
- Notices/signage
- Specific opening hours

- Self-exclusion schemes
- Provision of information leaflets/helpline numbers for organisations such as GamCare
- Measures/training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

(xiv) Tracks:

This licensing authority is aware that the Gambling Commission may provide specific guidance as regards tracks. We shall have regard to this Guidance in the discharge of our functions.

(xv) Casinos:

This licensing authority will have regard to the Gambling Commission's guidance.

(xvi) Bingo:

This licensing authority will have regard to the Gambling Commission's guidance.

The licensing authority expects that where children are permitted in bingo premises, any Category B or C machines are located in an area which is separated from the rest of the premises by barriers or in a separate room, where it is made clear that entry is permitted only for those aged 18 or over. Appropriate signage should be provided to this effect and the area should be monitored by staff, either through direct supervision or by monitored CCTV.

To avoid a situation where a premises holds a bingo premises licence primarily to benefit from the gaming machine allowance, the licensing authority will need to be satisfied that bingo is regularly played in any premises for which a Premises licence is issued and that the premises presentation is clearly that of a bingo premises and readily identifiable as such to any customer using the premises.

(xvii) Temporary Use Notices:

There are a number of statutory limits as regards Temporary Use Notices. It is noted that it falls to the licensing authority to decide what constitutes a 'set of premises' where Temporary Use Notices are received relating to the same building/site (see Gambling Commission's Guidance for Local Authorities).

(xviii) Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. The licensing authority will need to consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.

(xix) Small Society Lotteries

The Council will adopt a risk-based approach towards our compliance responsibilities for small society lotteries. We consider the following list, although not exclusive, could affect the

risk status of the operator:

- Submission of late returns (returns must be submitted no later than three months after the date on which the lottery draw was held)
- Submission of incomplete or incorrect returns
- Breaches of the limits for small society lotteries

Non-commercial gaming is permitted if it takes place at a non-commercial event as either an incidental or principal activity at the event. Events are non-commercial if no part of the proceeds is for private profit or gain. The proceeds of such events may benefit one or more individuals if the activity is organised:

- By, or on behalf of, a charity or for charitable purposes
- To enable participation in, or support of, sporting, athletic or cultural activities.

Charities and community groups should contact us via email licensing@sevenoaks.gov.uk to seek further clarification.

(xx) Travelling Fairs:

It will fall to this licensing authority to decide whether, where category D machines and/or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

(xxi) Betting Premises

This policy applies to applications for off-course betting premises. This is betting that takes place other than at a track, typically in a betting shop.

Gaming machines may be made available for use in licensed betting premises only where there are also substantive facilities for non-remote betting, provided in reliance on this licence, available in the premises.

In determining applications for betting premises, the licensing authority shall consider the following:

- proof of age schemes
- CCTV
- entry control system
- staff numbers

- staff training
- counter layout
- supervision of entrances/ machine areas
- machine privacy screens
- notices/ signage
- opening hours
- provision of responsible gambling information

This list is not exhaustive, and is merely indicative of example measures the Licensing authority will expect applicants to offer to meet the licensing objectives.

Betting machines made available at betting premises that accept bets on live events such as horse racing (SSBT's or self-service betting terminals) are not gaming machines and therefore do not count towards the total number of gaming machines that may be permitted at betting premises. However, where a machine is made available to take bets on 'virtual' races (e.g. results/images generated by a computer to resemble a real race or event), that IS a gaming machine and counts towards the maximum permitted number of gaming machines, and is subject to the relevant statutory limits on stakes and prizes.

Section 181 of the Gambling Act 2005 permits the Licensing authority to restrict the number of SSBT's, their nature and the circumstances in which they may be made available by attaching a relevant condition to a premises licence for a betting office. When considering whether to do so, the licensing authority will consider, among other things, the ability of employees to monitor the use of the machines by children and young persons or by vulnerable people.

The licensing authority when considering the number, nature and circumstances of self-service betting terminals an operator wants to offer will take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines.

Where an SSBT includes functionality to be marketed or presented in languages other than English, the Licensing authority will seek to ensure the operator has considered the ordinary code provision set by the Gambling Commission about making the following information also available in the relevant languages:

- information on how to gamble responsibly and access the help referred to in the Gambling Commission's Licence Conditions and Codes of Practice;
- the player's guide to any game, bet or lottery under the provisions of the Gambling Commission's Licence Conditions and Codes of Practice;
- the summary of the contractual terms on which gambling is offered, which is a condition of the licence holder's Operating Licence issued by the Gambling Commission.

Help with gambling related problems:

A list of organisations where people may seek help will be available on the licensing website.

Appendix 5

Summary of machine provisions by premises

Premises type	Machine category							
	A	B1	B2	B3	B3A	B4	C	D
Large casino (machine/table ratio of 5-1 up to maximum)		Maximum of 150 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 150 (subject to machine/table ratio)						
Small casino (machine/table ratio of 2-1 up to maximum)		Maximum of 80 machines Any combination of machines in categories B to D (except B3A machines), within the total limit of 80 (subject to machine/table ratio)						
Pre-2005 Act casino (no machine/table ratio)		Maximum of 20 machines categories B to D (except B3A machines), or any number of C or D machines instead						
Betting premises and tracks occupied by pool betting		Maximum of 4 machines categories B2 to D						
Bingo premises				Maximum of 8 machines in category B3 or B4		No limit on category C or D machines		
Adult gaming centre				Maximum of 4 machines in category B3 or B4		No limit on category C or D machines		
Family entertainment centre (with premises licence)						No limit on category C or D machines		
Family entertainment centre (with permit)							No limit on category D machines	
Clubs or miners' welfare institute (with permits)				Maximum of 3 machines in categories B3A or B4 to D*				
Qualifying alcohol-licensed premises						1 or 2 machines of category C or D automatic upon notification		
Qualifying alcohol-licensed premises (with gaming machine permit)						Number of category C D machines as specified on permit		
Travelling fair							No limit on category D machines	
	A	B1	B2	B3	B3A	B4	C	D

It should be noted that members' clubs and miners' welfare institutes are entitled to site a total of three machines in categories B3A to D but only one B3A machine can be sited as part of this entitlement. Commercial clubs are entitled to a total of three machines in categories B4 to D.

Appendix 6

Summary of licensing authority delegations permitted under the Gambling Act 2005

Matter to be dealt with	Full Council	Sub-Committee of licensing committee	Officers
Final approval of three year licensing policy	X		
Policy not to permit casinos	X		
Fee Setting (where appropriate)			X
Application for Premises licences		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Application for a variation to a licence		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Application for a transfer for a licence		Where representations have been received from the Commission	Where no representations have been received from the Commission
Application for a provisional statement		Where representations have been received and not withdrawn	Where representations received/ representations have been withdrawn
Review of a premises licence		X	
Application for club gaming/club machine permits		Where objections have been made (and not withdrawn)	Where no objections made/objections have been withdrawn
Cancellation of club gaming/club machine permits		X	
Applications for other permits			X
Cancellation of licensed premises gaming machine permits			X
Consideration of temporary use notice			X
Decision to give a counter notice to a temporary use notice		X

**HACKNEY CARRIAGE AND PRIVATE HIRE LICENSING: LICENCE FEES AND CHARGES
2022/2023**

Licensing Committee - 2 November 2021

Report of: Chief Officer, Planning & Regulatory Services

Status: For consideration and decision

Key Decision: Yes

Portfolio Holder: Cllr. Margot McArthur

Contact Officer: Susan Lindsey Ext. 7491

Recommendation to Licensing Committee:

1. To determine in regard to the taxi income deficit of 2020/21 whether:
 - a) the debt be written off due to the extraordinary circumstances of 2020;
 - b) to recoup this deficit over 3 years meaning a proposed addition of £37 to each application renewal type); or
 - c) to recoup this deficit over 6 years meaning a proposed addition of £19 to each application renewal type)
2. Subject to the decision made above, that the Licensing Committee recommend that the fee levels as set out in Appendix A to the report are appropriate for consultation with the taxi trade.
3. If, following consultation, there are no adverse comments to the proposed levels the proposed fees and charges are implemented from 1 April 2022

Reason for recommendation: To ensure that the Council complies with its statutory duty and ensure that the 'taxi licensing' service remains self-financing, in accordance with the Council's Service and Budget Plan.

If a decision is made to recoup the deficit then the proposed revised fees in Appendix A would need to be amended with the additional charges set out in paragraph 6 of this report

Agenda Item 5

Introduction and Background

- 1 The taxi licensing service is required to be self-financing and the proposed increases to fees will ensure this is maintained.
- 2 Monitoring of income and expenditure has been carried out over the past financial year and the income from licence fees and associated costs, together with expenditure has been in accordance with the objectives laid out in the budget plan. There are increases to the fees this year due to the concentration of team resources to taxi licensing in the implementation of changes to the service following the introduction of the Department of Transport National Guidance in June 2020.
- 3 Some of the changes which have impacted the amount of time and resource required to adhere to the National Guidance and other such matters are as follows:
 - The implementation of 6 monthly online DBS checks for every driver (from 3 yearly checks) with ongoing monitoring of drivers not subscribed to the DBS update service
 - The registration and implementation of Sevenoaks District Council to the NR3 Revoked and Refusals register.
 - The implementation of changes to Private Hire Operator Conditioning
 - Changes to how Vehicle Compliance checks are booked
 - Implementation of Meter Sealing for all Hackney Carriage Vehicles
 - Implementing the need for Police PNC checks as well as Enhanced DBS checks due to the new DBS filtering rules
- 4 Members attention is drawn to the fact that in 2020/21, a £40,000 deficit in taxi income occurred due to a decrease in the number of driver, vehicle and operator applications processed by the Authority. It is believed that this is as a result of the Covid Pandemic.
- 5 Subsequently, this year, Members also have a decision on whether this deficit should be recovered or not.
- 6 Options available to Members are:
 - a) to write this deficit off due to the extraordinary circumstances of 2020 (and go with the proposed fees at Appendix A)
 - b) to recoup this deficit over 3 years (add £37 to each application renewal type to the proposed fees set out at Appendix A)
 - c) to recoup this deficit over 6 years (add £19 to each application renewal type to the proposed fees set out in Appendix A)
- 7 All Vehicle Proprietors, Private Hire Operators and Drivers will be emailed to advise them of the proposed fees (or in the case where emails are not

available or fail to send, letters will be sent) giving licence holders the opportunity to lodge any comments or objections in writing.

- 8 A notice will be published in a local newspaper, on the Sevenoaks District Council website, and at the Council Offices. This notice will state where objections should be addressed and the end date of the consultation period.
- 9 A consultation period of 28 days from the date on which the notice is published will be held.
- 10 Once the consultation period has expired, if there have been no objections received or those received have subsequently been withdrawn, then the new fee structure will take effect from 1st April 2022.
- 11 If objections are received during the consultation period and not withdrawn then this matter, including the objections received, will be brought back before the Licensing Committee for consideration.

Other options Considered and/or rejected

If the Licensing Committee were minded not to approve these fees the Council would not be able to meet the Council's Service and Budget Plan or ensure the Taxi Licensing Service was self-financing.

Key Implications

Financial

The cost of licence fees takes into account the need to maintain a 'self financing' position for the service.

Legal Implications and Risk Assessment Statement

Should parts of industry believe the authority's fees are at a level which is greater than the costs of the statutory functions then it would be open to them to undertake a 'judicial review proceeding'. Should this arise, the authority would need to evidence how it arrived at the fee levels to demonstrate that they have been calculated on a cost recovery basis only.

Equality Assessment

The decisions recommended through this paper have a remote or low relevance to the substance of the Equality Act. There is no perceived impact on end users.

Agenda Item 5

Appendices

Appendix A - Table of proposed 2022-2023 fees

Appendix B - Table of current 2021-2022 fees

Background Papers

None

Richard Morris

Chief Officer Planning and Regulatory Services

**FEES FOR 2022-2023
Hackney Carriage Driver Licence**

	Proposed Cost
Knowledge Test	£51.50 per test
EQUO online test	£66
New Driver application	£264 for three years
Driver Renewal application	£183 for three years

Dual Driver Licence

	Proposed Cost
Knowledge Test	£51.50 per test
EQUO online test	£66
New Driver application	£264 for three years
Driver Renewal application	£183 for three years

Hackney Carriage Vehicle Licence

	Proposed Cost
New and Renewal Application	£325 for one year

Private Hire Operator Licence

	Proposed Cost
New application for 5 year licence	£747
Renewal for 5 year licence	£586
New application for 3 year licence	£534
Renewal for 3 year licence	£374
New application for 1 year licence	£324
Renewal for 1 year licence	£164

Private Hire Driver Licence

	Proposed Cost
Knowledge Test	£51.50
EQUO Online Test	£66 per test
New Driver application	£264 for three years
Driver Renewal application	£183 for three years

Private Hire Vehicle Licence

	Proposed Cost
New and Renewal Application	£297 for one year

Agenda Item 5

Additional Costs

	Proposed Cost
DBS application	£40
DBS administration fee	£30
Change of Driver Licence type	£54
Replace Vehicle Plate	£18
Replace Driver Badge	£24
Change of Ownership of licensed vehicle	£27
Duplicate paper licence	£10
Temporary Replacement	£33
Add or remove a name from a vehicle licence	£18
Change of name and address (driver badge not included)	£18
Private hire exemption certificate	£42
General Admin Fee	£30

If a vehicle licence is surrendered within 6 months of issue, a refund of £113 will be issued.

**FEES FOR 2021-2022
Hackney Carriage Driver Licence**

	Cost
Knowledge Test	£51.50 per test
EQUO online test	£66
Fee on initial application	£204 for three years
Total New Licence	£321.50
On Renewal	£112 for three years
Total Renewal Licence	£112 for three years

Dual Driver Licence

	Cost
Knowledge Test	£51.50 per test
EQUO online test	£66
Fee on initial application	£204 for three years
Total New Licence	£321.50
On Renewal	£112 for three years
Total Renewal Licence	£112 for three years

Hackney Carriage Vehicle Licence

	Cost
New and Renewal Application	£244 for one year

Private Hire Operator Licence

	Cost
Initial application for 5 year licence	£530 for five years
Renewal for 5 year licence	£514 for five years
Initial application for 3 year licence	£364 for three years
Renewal for 3 year licence	£348 for three years
Initial application for 1 year licence	£200 for one year
Renewal for 1 year licence	£187 for on year

Private Hire Driver Licence

	Cost
Knowledge Test	£51.50
EQUO Online Test	£66 per test
Fee on initial application	£204 for three years
