### Introduction and Background

- 1 In 2016, all NHS Clinical Commissioning Groups (CCG's) commissioned a new contractor to provide non-emergency patient transport. The contract for this service was awarded to G4S, who currently operate this service across Kent.
- 2 The service provides non-emergency transport to residents who are unable to travel to and from a hospital or NHS appointment due to their health.
- 3 A confidential assessment is carried out with people requesting the service to check they are eligible to use the service, to ensure the service is provided to those with the greatest need. The eligibility criteria are set nationally.
- 4 G4S work closely with alternative transport services for those who are not eligible including local volunteer driver and transport schemes.
