Members discussed the application and expressed concern with regards to the impact of the lorry movements on residents in the local areas. The Committee considered the location of Chevening House already situated within an Area of Outstanding Natural Beauty and that some believed that the M25 could not be seen or heard from inside the House. They considered the impact of the development on the Green Belt and concern was raised that it would not be in keeping with the open historic landscape and would give an artificial scale and appearance, which did not preserve the openness of the Green Belt.
